CONCLUSION.....36

I. INTRODUCTION AND SUMMARY OF RECENT EVENTS

Plaintiffs are customers of the West Morgan-East Lawrence Water and Sewer Authority ("WMEL" or "Authority"), and they seek to represent two subclasses of similarly situated absent plaintiffs: those who purchased water originating from WMEL and those who owned or resided in a household that received water originating from WMEL. Plaintiffs filed this lawsuit seeking compensation from the Defendants for the pollution of their drinking water source, the Tennessee River, by Defendants' discharges of certain per- and polyfluoroalkyl substances ("PFAS"), including perfluorooctanoic acid ("PFOA") and perfluorooctanesulfonate ("PFOS").

The settlement with the defendants in this litigation—3M Company ("3M"), Dyneon, LLC ("Dyneon"), and Daikin America, Inc. ("DAI"), (collectively, the "Defendants")—is fair, adequate, and reasonable. Accordingly, Plaintiffs seek final approval of it. The settlement requires the Defendants to pay the class $12,000,000.00 as restitution for certain monies paid for contaminated water as well as for all other claims released in the proposed Settlement Agreement ("Settlement") attached to this motion as Exhibit 1. Additionally, 3M will pay for half of the costs to (1) notify the class members of the Settlement and (2) administer the Settlement. This relief is on top of the relief previously obtained from Defendants in this litigation, which WMEL utilized to install a granular activated carbon (GAC) filtration system that became effective on September 29, 2016 and operated until

May of last year (2021) to remove PFAS to a level below applicable federal and Alabama regulatory advisories. WMEL also utilized relief obtained in this litigation to replace the GAC filtration system with a reverse osmosis (RO) system that became operational last May. S*ee* Exhibit 2. The RO system continues the GAC system performance and improves upon it. The RO system is the most advanced water filtration available to WMEL. It has been tested against 29 different PFAS compounds and removes all of them. As installed at WMEL, the RO system is expected to have a fifty-year lifespan.

In exchange for the described payments from Defendants, the members of the Class will resolve their claims against the Defendants as set forth in the Consolidated Individual and Class Action Complaint (Doc. 175), and will release the Defendants for certain individual and class claims in accordance with the terms of the Settlement Agreement. The Settlement will preserve the rights of the members of the Class to assert claims against the Defendants for manifest bodily injuries or illnesses and any mental anguish resulting from such manifest injuries or illnesses, as well as for property damage claims arising out of or related to the application of PFAS-containing biosolids on property owned by a Class Member.

The Settlement creates a common fund of 12 million dollars to compensate ratepayers, household members, and household owners for potable water containing PFAS distributed to their households by five water utilities over a three-year period.

The ratepayers, or "Ratepayer Subclass," will receive 6.415 million dollars on a pro rata basis (adjusted by a minimum and cap) for their payments for that water, and the other class members will receive a pro rata share of 1 million dollars, based on the number of claims made and subject to a cap.

There are 17,112 residential water customer accounts for which ratepayer claims would be paid. *See* Exhibit 3 at Table 1. The other class members, the "Resident Subclass," are estimated to number approximately 26,000 based on household census data from Morgan County and Lawrence County, the two counties primarily served by the five water utilities.

Notice of the terms of the Settlement to the Class Members in a form approved by the Court has been made. *See* Exhibit 4 (notice plan, which was previously submitted as Doc. 258-4); Doc. 261 (preliminary approval order). This notice was commenced promptly after preliminary approval and has been completed. *See* Exhibit 5 (administrator's declaration and exhibits thereto). Notice has been mailed to 17,112 residential ratepayers, with publication notice employed as well. *See id.* Due process is satisfied. *See e.g., Woodward v. Nor-Am Chem. Co.*, 1996 U.S. Dist. LEXIS 7372, at *72-73 (S.D. Ala. May 23, 1996).

Class Counsel's motion for an award of attorney fees and expenses was promptly filed as well. Doc. 263. Class Counsel seek a fee of 3.6 million dollars, which is thirty percent of the common fund. *See id.* Expenses reimbursable to Class

Counsel are $845,353. *See id.* The motion is well supported with a detailed explanation of the reasonableness of the fees and expenses sought, and motion has been available for all members of the Class to review and respond to. It remains available for review and response well in advance of the deadline to opt out or to object.

Costs of notice and administration are estimated at $170,000, and any surplus would be distributed on a pro rata basis to the estimated 77 percent of ratepayers whose payments from the Settlement are not capped and are not minimum payments.

The Administrator's report on opt outs will be due after the February 10, 2022 deadline for opt-outs and objections and before the Fairness Hearing on March 15, 2022. To address objections (if any), this motion for final approval would be supplemented well ahead of the Fairness Hearing. Claims by Resident Subclass members will be due thirty days after the conclusion of Fairness Hearing.

After consideration of objections or other comments that Members of the Class may submit to the Court, the Class Representative Plaintiffs ask the Court to: (1) certify the Class for settlement purposes; and (2) approve the Settlement under Rule 23(e).

II. FACTUAL BACKGROUND

3M began producing products containing or using PFOS and PFOA in the

1950s.[1] 3M produced or used PFOS in its manufacturing processes in Decatur for a number of years before it phased out of the chemistry in 2002.[2] 3M produced or used PFOA in its manufacturing processes in Decatur from 1998-2000.[3] PFAS and related chemicals were discharged from 3M's property into Bakers Creek, a tributary to the Tennessee River.[4] 3M also applied PFAS-containing sludge from its on-site wastewater treatment plant by means of subsurface injection in a 575-acre area designated as the "sludge incorporation area."[5]

Dyneon was formed in 1997 upon the merger of 3M's fluoroelastomer business with the German company, Hoescht.[6] In 1999, 3M purchased Dyneon from Hoescht.[7] In 1998, Dyneon built its own facility on the southern portion of the 3M Decatur site for production of fluoroelastomers.[8] Full-scale production of PFOA

began at 3M Decatur in 1999.[9] PFAS from Dyneon's operations also contributed to the PFAS discharge into Bakers Creek and the Tennessee River.[10]

In 1991, 3M sold a portion of the 3M sludge incorporation area to DAI as the site for construction of a new DAI fluorochemical plant. Initial construction of the DAI plant was completed in 1993, with fluoropolymer manufacturing operations beginning in early 1994. From 1994 to 2011, DAI purchased PFOA for use in the manufacture of certain fluoropolymers.[11] Stormwater runoff from DAI's property has contained comparatively low volumes of PFOA and PFOS.[12] DAI never made, used, or sold PFOS.

Based, in part, on the presence of PFAS in the Tennessee River caused by Defendants' discharges, ADEM has placed Wheeler Reservoir from 5 miles upstream of Elk River to the Joe Wheeler Dam on the state's list of impaired waters.[13] This includes the location where WMEL takes water from the Tennessee River to treat and provide to its customers, including the adjacent water utilities

which distribute WMEL water to their customers.[14]

The Tennessee River is the sole source of raw water for WMEL.[15] WMEL's intake is located on the Tennessee River downstream from each of the Defendants' Decatur facilities.[16] The water that reaches the intake on the Tennessee River contains trace amounts of PFAS.[17] There is a single intake from the Tennessee River at the Hames WTP for the entire WMEL distribution system.[18] WMEL's intake takes in Tennessee River water containing PFAS and distributes it through a single water treatment system to all customers and properties. Water taken in from the Tennessee River and distributed to customers was tested for PFAS and found to contain PFOA, PFOS, and other PFAS compounds.[19] Before WMEL installed a GAC filtration system in September of 2016,[20] the PFAS content of the Tennessee River at the WMEL intake was delivered to WMEL customers and adjacent utilities.[21] After the GAC filtration system was installed, longer chain PFAS, such

as PFOA and PFOS, were substantially filtered before distribution to all customers (both direct and indirect) and properties, but some shorter chained PFAS, including PFBS and PFBA, were not completely removed at all times.[22]

III. PROCEDURAL HISTORY

The Court issued an order preliminarily approving the Settlement on November 10, 2021. Doc. 261. Thereafter, within the time allowed, Class Counsel moved for an award of attorney fees and expenses. Doc. 263. The Fairness Hearing is set for March 15, 2022 in Decatur, Alabama. These events, together with the notice to class members that has been completed, are due to conclude the litigation.

On October 5, 2015, Plaintiffs filed an Individual and Class Action Complaint ("Complaint") against 3M, Dyneon, and DAI. *See* Doc. 1.[23] Plaintiffs alleged that the drinking water supply of the Authority contains toxic chemicals, including PFOA and PFOS, as a result of the discharges of these chemicals from Defendants' manufacturing plants in Decatur, Alabama. For their class claims, the Plaintiffs requested injunctive relief and also sought compensatory damages. Prior to and after filing their original Complaint, Plaintiffs spent considerable time and resources evaluating the facts and law involved in this case. Extensive discovery was conducted. Plaintiffs reviewed millions of pages of documents produced by the

---

22 *Id*. at ¶ 8.

23 WMEL was also a Plaintiff in this initial lawsuit.

Defendants. Depositions of representatives of all parties were taken. Expert reports were filed by both sides. And many expert depositions were taken.

On November 17, 2016, Plaintiffs sought approval of a *pro tanto* settlement of the class claims against DAI. *See* Doc. 73. Under the terms of the proposed settlement agreement, DAI agreed to fund the installation of a GAC system at WMEL and pay $450,000.00 in monetary compensation to the members of the proposed class. *See* Doc. 74 at 10-12. On February 24, 2017, this Court conditionally certified a class and preliminarily approved of the terms of the *pro tanto* settlement with DAI. *See* Doc. 79. After holding a fairness hearing and overruling objections, this Court entered an Order granting final approval of the *pro tanto* settlement on May 10, 2017. *See* Doc. 98. Shortly thereafter, the objectors filed a notice that they were appealing this Court's certification and final approval to the Eleventh Circuit. *See* Doc. 101. Over a year later, the Eleventh Circuit issued an order vacating the certification of the class and reversing approval of the settlement. *See* Doc. 133. In response to the issues noted by the Eleventh Circuit, current counsel filed their notice of appearance on behalf of the individual Plaintiffs (Tommy Lindsey, Lanette Lindsey, and Larry Watkins) on July 17, 2018. *See* Doc. 138.

After subsequently reaching an agreement to settle its claims individually as to DAI, WMEL filed a joint motion to dismiss its claims against DAI on July 17,

2018. *See* Doc. 137. This Court granted WMEL's motion on November 21, 2018. *See* Doc. 164. Later, after reaching an agreement to settle its claims against the remaining Defendants, WMEL filed a joint stipulation of dismissal, dismissing its claims against 3M and Dyneon on May 10, 2019. *See* Doc. 177. This Court entered an order dismissing WMEL's claims against 3M and Dyneon. *See* Doc. 180. At this point, WMEL's claims against all Defendants have been settled and dismissed.

On May 6, 2019, Plaintiffs filed an amended complaint, styled their Consolidated Individual and Class Action Complaint ("Consolidated Complaint"), against the Defendants. *See* Doc. 175. While DAI filed an answer to the Consolidated Complaint (Doc. 183), 3M and Dyneon filed both an answer as to part of Plaintiffs' Consolidated Complaint (Doc. 182) and a motion to dismiss other parts of Plaintiffs' Consolidated Complaint on June 3, 2019 (Doc. 184). This Court subsequently granted 3M and Dyneon's motion to dismiss as to Plaintiffs' trespass claim and remedy claims for diagnostic testing. Doc. 224.

On December 3, 2019, Plaintiffs filed a motion to certify a class (Doc. 202), which the Defendants opposed. *See* Docs. 205, 206. 3M and Dyneon filed a motion for summary judgment (Doc. 225) which Plaintiffs opposed (Docs. 230). DAI also filed a motion for summary judgment (Doc. 241), but the Parties reached a settlement on Plaintiffs' claims prior to Plaintiffs filing a response.

IV. THE RELIEF

The Settlement provides substantial benefits to the Class. The Defendants have collectively agreed to make settlement payments of $12,000,000 (Twelve Million Dollars) to the Class. Defendant 3M, in addition, has agreed to pay a specified percentage of the reasonable costs of settlement notice and administration. These payments will compensate those members of the Class who either paid for water contaminated with PFAS during the class period or who owned or resided for at least six months at a home which received water contaminated with PFAS during the class period.

There are two Subclasses: one for residential ratepayers, *i.e.*, those who paid for the water, and the other for household members and owners who were not residential ratepayers.

A. Residential ratepayers are proposed to be compensated this way: payments will be made to the named ratepayer for each residential service account in the Ratepayer Subclass.[24] The amount awarded to each account has been calculated as a pro-rated share of the net fund for the Ratepayer Subclass, which is

[24] When two persons are named as ratepayer on the same account (husband and wife for instance), the payment will be made to the persons together as one ratepayer (absent extraordinary circumstances). Likewise, a timely opt-out by one person on a two-ratepayer account will operate as an opt out for the Ratepayer Subclass claim for that account.

$6,415,000 (six million, four-hundred and fifteen thousand dollars). The dollar value of payment for each account was calculated as a percent of total payments made for all accounts. This percent then was multiplied by the net fund for the Ratepayer Subclass to determine each account's share of the $6,415,000, adjusted by a cap of $745.00 and by a minimum payment of $50.00. *See* Exhibit 3. The resulting distribution is exhibit 2 of Exhibit 3. This distribution shows the payment for each account. Displayed are the ratepayer's residential water service account number, related name and billing address for the account, and the payment to be made for the account. *Id.* (subject to redaction for public filing).

A small number of ratepayers have a pro rata share of less than $50.00 (fifty dollars), because their accounts were short-lived or otherwise did not result in much charges. In those instances, the share is increased to $50.00, which is the minimum award to any member of the Ratepayer Subclass. The number of accounts due this minimum is 1,774, which is about ten percent of all accounts. *See* Exhibit 3 at ¶ 5 & nn.2-3. The number of accounts capped at $745.00 is 2,221, which is about thirteen percent of all accounts. *See id.*

B. Resident Subclass Members are proposed to be paid a pro rata share of a total award of **$1,000,000 (one million dollars)**, based on claims made. This pro rata payment is expected to be between $50.00 to $100.00 and is capped at $100.00. If that cap takes effect, i.e., if too few claims are made and approved for payment to

produce a pro rata payment less than $100.00, the excess (or "surplus") will be distributed on a pro rata basis to the estimated 77 percent of ratepayers whose payments from the Settlement are not capped and are not minimum payments. That also is true of any excess remaining from the reserve for the Class's one-half share of costs for notice and settlement administration. That reserve is $85,000. The reserve is one half of an estimated reasonable cost for notice and administration of $170,000. 3M has agreed to pay the other half of the actual and reasonable notice and administration cost.

V. FINAL APPROVAL OF THE SETTLEMENT IS WARRANTED.

A. Standards for Approval of a Class Settlement.

When exercising its discretion, pursuant to Rule 23(e), to approve a class settlement, a court should consider the public and judicial policies that strongly favor the settlement of class action lawsuits. *See In re U.S. Oil and Gas Litig.*, 967 F.3d 489, 493 (11th Cir. 1992); *accord Cotton v. Hinton*, 559 F.2d 1326, 1331 (5th Cir. 1977). "[I]t has been repeatedly recognized that settlements are 'highly favored in the law and will be upheld whenever possible because they are means of amicably resolving doubts and preventing lawsuits.'" *Bennet v. Behring Corp.*, 96 F.R.D. 343, 348 (S.D. Fla. 1982), *aff'd*, 737 F.2d 982 (11th Cir. 1984) (*quoting Miller v. Republic Nat. Life Ins. Co.*, 559 F.2d 426, 428 (5th Cir. 1977)). Settlements in class action cases are also favored because they "conserve judicial resources by avoiding the

expense of a complicated and protracted litigation process . . . ." *In re Motorsports Merch. Antitrust Litig.*, 112 F. Supp. 2d 1329, 1333 (N.D. Ga. 2000).

The Eleventh Circuit has instructed that, in examining the fairness, adequacy, and reasonableness of a settlement, a district court should examine several factors, including: "(1) the likelihood of success at trial; (2) the range of possible recovery; (3) the point on or below the range of possible recovery at which a settlement is fair, adequate and reasonable; (4) the complexity, expense and duration of litigation; (5) the substance and amount of opposition to the settlement; and (6) the stage of proceedings at which the settlement was achieved." *In re CP Ships Ltd. Securities Litig.*, 578 F.3d 1306, 1317-18 (11th Cir. 2009) (*quoting Bennett v. Behring Corp.*, 737 F.2d 982, 986 (11th Cir. 1984)). "Thus, the issues that bear upon whether or not to grant preliminary and final approval here are: a) whether the settlement was procured by collusion among the parties or was the result of arms-length and informed bargaining; and b) whether the proposed settlement is fair, adequate and reasonable, applying the six *Bennett* factors." *Lipuma v. American Express Co.*, 406 F. Supp. 2d 1298, 1315 (S.D. Fla. 2005). The Plaintiffs will address each of these

issues in turn.[25]

B. Application of the Six *Bennett* Factors.

1. The likelihood of success at trial.

"The likelihood of success on the merits is weighed against the amount and form of relief contained in the settlement." *Lipuma*, 406 F. Supp. 2d at 1319. In evaluating this factor, the court should not reach any ultimate conclusions with respect to issues of fact or law involved in the case. "The very uncertainty of outcome in litigation, as well as the avoidance of wasteful litigation and expense, lay behind the Congressional infusion of a power to compromise . . . . [Settlements] could hardly be achieved if the test on hearing for approval means establishing success or failure to a certainty." *Knight v. Alabama*, 469 F. Supp. 2d 1016, 1033 (N.D. Ala. 2006) (*quoting In re Corrugated Container Antitrust Litig.*, 643 F.2d 195, 212 (5th Cir. 1981)).

Risks are inherent in all litigation, particularly a high stakes lawsuit like this one. The Court has weighed in on the sufficiency of Plaintiffs' allegations in their

[25] The *Bennett* factors are functionally identical to the newly enacted Fed.R.Civ.P. 23(e) factors: "(A) the class representatives and class counsel have adequately represented the class; (B) the proposal was negotiated at arm's length; (C) the relief provided for the class is adequate, taking into account: (i) the costs, risks, and delay of trial and appeal; (ii) the effectiveness of any proposed method of distributing relief to the class, including the method of processing class-member claims; (iii) the terms of any proposed award of attorney's fees, including timing of payment; and (iv) any agreement required to be identified under Rule 23(e)(3); and (D) the proposal treats class members equitably relative to each other."

Consolidated Complaint, and has allowed some claims to proceed and dismissed others. However, at this stage of the litigation, the Court has not considered any evidence or expert testimony. The Defendants in both their Answers and their motions for summary judgment, have raised several substantial defenses concerning the merits of Plaintiffs' claims which, absent a settlement, could resolve Plaintiffs' claims either before or during trial. There is a risk the Court could render judgment for the Defendants on these substantive issues. There also is the risk the Court could refuse to certify a contested class or certify a narrower class if contested. Defendants are not opposing this motion for settlement purposes only. Defendants would oppose a motion to certify a contested/litigated class, as Defendants already have in this case. Moreover, there are additional requirements that must be met to certify a contested class that do not apply to a settlement class, and some of the requirements in Rule 23 apply differently if the class is contested. For example, for purposes solely of this Settlement, the Defendants do not argue that individualized inquiries prevent the Court from finding the predominance required to certify the class. They could make such an argument if the class was contested and litigated (and indeed have done so apart from this Settlement).

Moreover, evaluating dispositive motions and trying this case would not only involve uncertain outcomes at each one of those steps, but would also require a lengthy time commitment from the Court and the Plaintiffs. And, to say the least, a

hearing or trial would not only be lengthy, but logistically complicated and tremendously expensive for the Plaintiffs. For these reasons, the risks faced by the Plaintiffs weigh in favor of accepting the proposed settlement.

2. The range of possible recovery and the point on or below the range of possible recovery at which a settlement is fair, adequate and reasonable.

District courts often consider the next two factors together as they are related. *See*, *e.g.*, *Knight*, 469 F. Supp. 2d at 1033; *Lipuma*, 406 F. Supp. 2d at 1322; *Behrens v. Wometco Enterprises, Inc.*, 118 F.R.D. 534, 541 (S.D. Fla. 1988). Analysis of these two factors requires the court to compare the settlement terms "with the likely rewards the class would have received following a successful trial of the case." *Knight*, 469 F. Supp. 2d at 1034. "When making this comparison, the Court should keep in mind that 'compromise is the essence of a settlement and should not make a proponent of a proposed settlement justify each term of a settlement against a hypothetical or speculative measure of what concessions might have been gained; inherent in compromise is a yielding of absolutes and an abandoning of highest hopes." *Id*. Here, as in many class actions, not only is monetary relief difficult to quantify, but the range of possible recovery "spans from a finding of non-liability through varying levels of injunctive relief." *Assoc. for Disabled Americans, Inc. v. Amoco Oil Co.*, 211 F.R.D. 457, 468 (S.D. Fla. 2002).

There is no doubt that the Settlement provides real, valuable, and immediate

benefits to the Members of the Class that are an adequate, fair, and reasonable compromise of their claims against the Defendants. Although a victory at trial might result in some additional or alternative relief against the Defendants for the members of the Class, the proposed Settlement provides guaranteed benefits much sooner.

The Settlement is fair to the members of the Class, even though it does not provide all of the benefits that the Class Representatives initially sought. "Any settlement typically offers far less than a full recovery. Indeed, settlements, by their nature, do not yield one hundred percent recovery for plaintiffs." *Fought v. Am. Home Shield Corp.*, No. 2:07-cv-1928-RDP, 2010 WL 10959223, *14 (N.D. Ala. Apr. 27, 2010), *aff'd*, 668 F.3d 1233 (11th Cir. 2011). This is especially true in light of the prior settlements with WMEL in this same lawsuit (mentioned above) resulting in the installation of additional treatment technologies at WMEL, as well as the Court's dismissal of Plaintiffs' trespass claim and remedy claims for diagnostic testing, which reduced the amount of potential damages recoverable in this suit. Additionally, the timing of the Class benefits in the proposed Settlement weighs heavily in its favor. Concrete and imminent financial relief is far preferable for the Class Members than either (1) some unknown amount of financial relief years later after the case has been tried and appeals have been exhausted, or (2) no financial relief in the event the outcome favors the Defendants.

Ratepayer Subclass Members paid a total of $14,865,497 for WMEL water

during the Class period, which amount is the uppermost dollar value of their claims for the water they paid for. *See* Exhibit 3. The net settlement fund for ratepayers ($6.415 million) is 43 percent of that amount. The net fund is very fair compensation for the water paid for given that residential water customers ingest on average only nineteen percent of water received at their homes. *See* https://www.epa.gov/watersense/data-and-information-used-watersense (pie chart of "faucet" and other uses) (accessed July 28, 2021). Another 20 percent is used for bathing, *see id.*, which means the net fund for Ratepayer Subclass Members is more than 100 percent of average ratepayer expenditures for water for drinking, cooking, and bathing (43 percent vs 39 percent on average).

Resident Subclass Members likewise will receive a fair payment. Depending on the number of claims made, and due to the cap, the payment is not expected to be less than $50 and will not be more than $100. The compensation is for (a) the nuisance and offensiveness of PFAS in the potable water where they lived or at the household properties they owned, and (b) any diminution of property value to the extent a class members possessed an ownership interest in the household property. Although this range of compensation is small, the evidence and exclusions in the Settlement Agreement warrant it.

There is no release of any physical injury caused by contaminants in the water or of mental anguish resulting from such physical injury – true in all respects for

Ratepayer Subclass Members, too. *See* Exhibit 1 at ¶ 12. Contamination of and damage to household properties by other means, specifically dumping of biosolids containing PFAS, are outside of the Settlement and are excluded from the claims released by Class Members. *See id*. The compensation is adequate given these important exclusions.

The compensation is consistent with the evidence. The named Plaintiffs, after pleading a trespass claim against the Defendants, were unable to allege and prove substantial damage to their residential properties. That is because testing of the properties detected only extremely low levels of PFAS, if detected at all. Based on additional investigation, the Plaintiffs believe that is true for other residential properties served by the five utilities in the Class Period, provided the test is for PFAS deposited on the properties by WMEL water distributed to homes.

There are two additional reasons why a relatively small compromise payment for property diminution is fair. Resident Subclass members with an ownership interest in properties served by WMEL water benefitted from the GAC system installed in 2016 as a result of this litigation, and all households which have received WMEL water since May of 2021 have the cleanest water possible due to the RO system, which will continue for 50 years. That also is a result of this litigation. These events helped to protect properties.

3. The complexity, expense, and duration of the litigation.

This inquiry overlaps in some respects with the first *Bennett* factor—likelihood of success on the merits. In assessing this factor, "[t]he Court should consider the vagaries of litigation and compare the significance of immediate recovery by way of the compromise to the mere possibility of relief in the future after protracted and expensive litigation. In this respect, '[i]t has been held proper to take the bird in the hand instead of a prospective flock in the bush.'" *Lipuma*, 406 F. Supp. 2d at 1323 (*quoting In re Shell Oil Refinery*, 155 F.R.D. 522, 560 (E.D. La. 1993)). "Complex litigation . . . can occupy a court's docket for years on end, depleting the resources of the parties and the taxpayers while rendering meaningful relief increasingly elusive." *In re Oil & Gas Litig.*, 967 F.2d 489, 493 (11th Cir. 1992). *See also Lipuma*, 406 F. Supp. 2d at 1323-34; *Woodward v. NOR-AM Chemical Co.*, No. Civ. 94-078019, 96 WL 1063670, *21 (S.D. Ala. May 23, 1996).

Again, the need for the immediate relief in the form of financial recompense as compared to the potential of perhaps years of litigation and appeals to possibly achieve the same solution—or worse—weighs in favor of final approval of the Settlement.

4. The substance and amount of opposition to the Settlement.

This factor takes into account objections to the Settlement. The deadline for objections is February 10, 2022, after which, depending on timely objections, if any,

the Class Representative Plaintiffs would supplement this memorandum to address them. They request leave to do so.

5. The stage of proceedings at which the Settlement was achieved.

This case was initially filed on October 5, 2015. At the time the Parties first reached a settlement in principle, the case had been in active litigation for nearly five years. Plaintiffs reviewed the voluminous document productions of the Defendants, took many fact depositions, and retained several, well-qualified experts to support their claims. Given all this, Plaintiffs have had sufficient opportunity to evaluate the likelihood of whether their claims will succeed on the merits and the risks which the Defendants' dispositive motions present to Plaintiffs' claims. Plaintiffs are represented by experienced counsel who understand the time and expense that continued litigation, trial and possible appeal would require in this complex case.[26] Given that they have had the opportunity to evaluate these issues with experienced counsel, this factor weighs in favor of approving the settlement.

VI. THE SETTLEMENT CLASSES SHOULD BE CERTIFIED.

The Court should certify the Settlement Class because it meets the requirements for certification under Rule 23 of the Federal Rules of Civil Procedure.

---

[26] *See* Docs. 202-45, 202-46.

A. Definition of the Settlement Class.

a. The Settlement Class is defined as follows:[27]

(1) "Ratepayer Subclass": Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and

(2) "Resident Subclass": Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only),

[27] Excluded from the Settlement Class are employees of Defendants and any entities in which Defendants have a controlling interest; any of the legal representatives, heirs, successors, or assigns of Defendants; the Judge to whom this case is assigned and any member of the Judge's immediate family and any other judicial officer assigned to this case; all persons or entities that properly execute and timely file a request for exclusion from the Settlement Class; and any attorneys representing the Plaintiffs or Members of the proposed Settlement Class.

the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members."[28] The different dates in the foregoing definitions of the Subclasses give effect to the Class Period and to the evidence marshalled by the Plaintiffs.

The Class Period is October 5, 2013, two years before the suit was filed, to September 29, 2016, the date on which GAC became operational. However, payments for water received by Ratepayer Subclass Members in the Class Period (which are basis for the Ratepayer Subclass's main claim) started in November, 2013 and ended in October, 2016, respectively. So, in the cases of WMEL, Town Creek Water System, and the West Lawrence Water Cooperative, water payments made between November 1, 2013 and October 31, 2016, are payments for water received in the Class Period; and in the cases of V.A.W. Water System (Routes 08 through 19 only) and Trinity Water Works, water payments made between November 1, 2013 and June 30, 2016, are payments for water received in the Class Period. The

[28] Persons who are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the Settlement.

latter date (6/30/2016) is employed with respect to V.A.W. and Trinity given the fact that V.A.W. and Trinity quit distributing WMEL water after May, 2016. *See* Exhibits 6-7.[29] Thus, the June 30, 2016 end date for payments to those two utilities is due for water received in May, 2016. Eligibility for membership in the Resident Subclass, on the other hand, is limited (1) in the first instance by the start and end of the Class Period, namely October 5, 2013 to September 29, 2016, in the cases of WMEL, Town Creek, and West Lawrence Water Cooperative, and (2) in the second instance by the start of the Class Period and May 31, 2016, which is the last month V.A.W. and Trinity distributed WMEL water in the Class Period. So, for households served by those two utilities, eligibility for Resident Class membership ends May 31, 2016 (versus September 29, 2016 for the other utilities).

The foregoing dates and explanation make it clear that, for the purposes of this Settlement, based on all the evidence obtained and reviewed by the Parties leading to the Settlement, the Class includes those who, during the Class Period,

---

[29] Exhibit 6 is the declaration of V.A.W.'s office manager (Donna Gossett). Exhibit 7, a declaration provided earlier in the litigation by Vaughn Goodwin, the mayor of Trinity, Alabama, says that the Trinity water utility distributed WMEL water one hundred percent until July or August, 2016. However, the utility's record shows that it distributed water from Decatur Utilities by June, 2016, which warrants the shortened periods for Ratepayer and Resident Subclass membership for Trinity. *See* Exhibit 8 (page 3 of Trinity's monthly operational data report for June 2016). Evidence for the Class Period and Class membership from the other three utilities -- WMEL, Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only) -- is in Doc. 202-36 and Exhibits 10-11.

received contaminated water provided by WMEL (and paid for it) or who owned or resided at a household that received contaminated water provided by WMEL. These Settlement Classes are well-defined "such that [] membership is capable of determination." *See Cherry v. Dometic Corp.,* 986 F.3d 1296, 1304 (11th Cir. 2021) ("[W]e limit ascertainability to its traditional scope: a proposed class is ascertainable if it is adequately defined such that its membership is capable of determination.").

B. Rule 23(a) Requirements are Satisfied.

Under Rule 23(a) of the Federal Rules of Civil Procedure, a class may be certified if "(1) the class is so numerous that joinder of all members would be impracticable; (2) there are questions of fact and law common to the class; (3) the claims or defenses of the representatives are typical of the claims and defenses of the unnamed members; and (4) the named representatives will be able to represent the interests of the class adequately and fairly." *Valley Drug. Co. v. Geneva Pharms, Inc.*, 350 F.3d 1181, 1187-88 (11th Cir. 2003). These four prerequisites are generally known as "numerosity, commonality, typicality, and adequacy of representation." *Id*. at 1188. While the prerequisites are often discussed in isolation, the inquiries necessary to determine whether they are met tend to overlap. *See Amchem Prods*., 521 U.S. at 626 n. 20 ("The adequacy-of-representation requirement tends to merge with the commonality and typicality criteria of Rule 23(a), which serve as guideposts for determining whether maintenance of a class

action is economical and whether the named plaintiff's claim and the class claims are so interrelated that the interests of the class members will be fairly and adequately protected in their absence.").

Each of the Rule 23(a) requirements is satisfied for purposes of the proposed Settlement. The numerosity element requires that the members of a class must be "so numerous that the joinder of all members is impracticable." Fed. R. Civ. P. 23(a)(1). Here, numerosity is proven. There are 17,112 residential water customer accounts in the Ratepayer Subclass. *See* Exhibit 3. Each of those accounts, on average, provided water to 1.55 to 1.59 household residents in addition to the ratepayer.[30] These facts more than suffice for the numerosity requirement of Rule 23(a). *See Cox v. Am. Cast Iron Pipe Co.*, 784 F.2d 1546, 1553 (11th Cir. 1986) (noting that generally "more than forty [class members is] adequate" to satisfy the numerosity requirement (internal quotation omitted)).

"Commonality requires that there be at least one issue whose resolution will affect all or a significant number of the putative class members." *Williams v. Mohawk Indus.*, 568 F.3d 1350, 1355 (11th Cir. 2009) (internal quotation omitted). There are several common issues here, including but not limited to (a) the factual history of the use, development, and discharge of PFOA, PFOS, and related

[30]*See*https://www.census.gov/quickfacts/fact/table/lawrencecountyalabama,morgancountyalabama/PST045219 ("Persons per household, 2015-2019") (accessed July 28, 2021).

chemicals which were manufactured or utilized by the Defendants at their Decatur, Alabama facilities; (b) when the Defendants knew of the harmful effects of PFOA, PFOS, and related chemicals; (c) whether the Defendants failed to disclose the harmful effects of PFOA, PFOS, and related chemicals discharged by the Defendants from their Decatur, Alabama facilities; and (d) the extent of the contamination of the Defendants' facilities in Decatur, Alabama, and the migration of that contamination into the Tennessee River. These common questions of fact and law are sufficient to meet the "low hurdle of Rule 23(a)(2)." *Williams*, 568 F.3d at 1356.

Typicality is satisfied if "the claims or defenses of the class and the class representatives arise from the same event or pattern or practice and are based on the same legal theory." *Id*. at 1357 (internal quotation omitted). "A class representative must possess the same interest and suffer the same injury as the class members in order to be typical under Rule 23(a)(3)." *Id*. (internal quotation omitted). Here, the Class Representatives' claims and the claims of the members of the Class all arise from receiving and being exposed to contaminated water from a common source, and all of the claims are based on the same legal theories.

"The adequacy-of-representation requirement encompasses two separate inquiries: (1) whether any substantial conflicts of interest exist between the representative and the class; and (2) whether the representative will adequately

prosecute the action." *Busby v. JRHBW Realty, Inc.*, 513 F.3d 1314, 1323 (11th Cir. 2008) (internal quotation omitted). For settlement purposes, there are no conflicts of interest between the Class Representatives and members of the Class, and the Class Representatives have continued to vigorously prosecute this action.[31] Moreover, Plaintiffs' attorneys have demonstrated extensive experience as litigators in federal court class action litigation.

C. Rule 23(b)(3) Requirements Are Satisfied.

The proposed class must also meet the requirements of at least one of the three class types found in Rule 23(b). Here, Plaintiffs move for certification under Rule 23(b)(3). It is proper to certify class actions pursuant to Rule 23(b)(3) where "the court finds that the questions of law or fact common to class members predominate over any questions affecting only individual members, and that a class action is superior to other available methods for fairly and efficiently adjudicating the controversy." Fed. R. Civ. P. 23(b)(3). In the instant case, both the predominance and superiority prongs are satisfied for purposes of the proposed settlement, and the Class should be certified under Rule 23(b)(3).

[31] Tommy Lindsey and Larry Watkins are representatives of the Ratepayer Subclass, while Venetia Watkins and Lanette Lindsey represent the Resident Subclass.

1. The Predominance Prong Is Satisfied.

The common source of the household water transmitting Defendants' contamination to the named Plaintiffs and each Class Member during the Class Period demonstrates the predominance of common issues in the settlement context. WMEL served as the source of household water to not only WMEL customers but also customers of the adjacent utilities.[32] There is a single intake from the Tennessee River at a single location for the entire WMEL distribution system.[33] That intake took in the contaminated water and distributed it to all customers and properties.[34] Water taken in from the river was tested for PFAS and found to contain PFOA, PFOS and other PFAS.[35] Before WMEL installed a GAC filtration system in September, 2016, the PFAS-containing water from the Tennessee River was delivered to customers of WMEL and adjacent utilities.[36] Thus the contamination and the mechanism of distribution to each Class member during the Class Period that form the fundamental basis of their claims are common.

One of Plaintiffs' claims is negligence. The elements of negligence are the existence of a duty, the breach of that duty, and damage as a proximate cause thereof.

---

32 *See* Declaration of Don Sims, Doc. 74-4 at ¶ 3; Pate Affidavit at ¶ 4 (Doc. 202-36).

33 *See* Pate Affidavit at ¶ 4 (Doc. 202-36).

34 *See id*. at ¶¶ 4, 5.

35 *See id*. at ¶ 5.

36 *See id*. at ¶¶ 7, 11.

Albert v. Hsu, 602 So. 2d 895, 897 (Ala. 1992). Here, Plaintiffs maintain that those elements present common questions. Plaintiffs seek to prove that Defendants had a duty not to pollute that is common to all members of the Class; it does not change by property or person. Moreover, Plaintiffs would rely on common evidence to show that Defendants' release of PFAS is a breach of that duty. Plaintiffs would invoke the same standard of care for Defendants as to any Class Member who receives or received water from WMEL or adjacent utilities.

Plaintiffs' public nuisance claim is grounded upon the discharge of contaminants into a public body of water. *W. Morgan-East Lawrence Water & Sewer Auth. v. 3M Co.*, 208 F. Supp. 3d 1227, 1234 (N.D. Ala. 2016). An individual may have a cause of action under a public-nuisance theory if that individual suffered a "special damage" that is different in "kind and degree from [the damage] suffered by the public in general." *Id.* at 1234; Ala. Code 1975 § 6-5-123. Because the plaintiffs allege that the contamination here is the same for every property in the Class, caused by the delivery of contamination from a public water body, Plaintiffs would seek to prove that Class Members have suffered special damages as a question common to all Class Members, the answer to which depends on common evidence.

To state a claim for battery in Alabama, a plaintiff must establish: "(1) that the defendant touched the plaintiff; (2) that the defendant intended to touch the plaintiff; and (3) that the touching was conducted in a harmful or offensive manner.

W. Morgan-East Lawrence Water & Sewer Auth. V. 3M Co., 208 F. Supp. 3d 1227, 1236 & n.8 (N.D. Ala. 2016) (citing *Ex parte Atmore Community Hosp.*, 719 So. 2d 1190, 1193 (Ala. 1998)). Here, Plaintiffs stand ready to prove all of those elements with common, classwide evidence of Defendants' releases of PFAS into the Tennessee River.

Questions as to Plaintiffs' claimed damages also are common. Class Members all seek the same remediation, mitigation, and compensation for damages measured by common standards. Plaintiffs' evidence would show that Ratepayer Subclass Members all received the same contaminated water at common rates. Plaintiffs also contend that Resident Subclass Members all have the same battery or property damages from the same chemicals from the same conduct causing harm. All Class Members seek compensation for the same wrongdoing—which does not vary by Class Member—and emanates from the same route of exposure—contaminated household water. The members of the Class have a common method and objective criteria for measuring and ascertaining their damages, including but not limited to the records of the water utilities.[37]

Common issues of fact and law predominate if they "ha[ve] a direct impact on every class member's effort to establish liability and on every class member's entitlement to injunctive and monetary relief." *Klay v. Humana. Inc.*, 382 F.3d 1241,

[37] *See* Exhibit 3 at ¶ 7.

1255 (11th Cir. 2004) (citing *Ingram v. Coca-Cola Co.*, 200 F.R.D. 685, 699 (N.D. Ga. 2001)). Here, Plaintiffs maintain that the elements of their claims are capable of being proven by common evidence, satisfying the predominance requirement. *Cf. Kirkpatrick v. J.C. Bradford & Co.*, 827 F.2d 718, 725 (11th Cir. 1987) (granting class certification because "each of the complaints alleges a single conspiracy and fraudulent scheme against a large number of individuals and thus is particularly appropriate for class action" (quotation marks and citation omitted); *Kennedy v. Tallant*, 710 F.2d 711, 717 (11th Cir. 1983) (granting class certification where the defendants "committed the same unlawful acts in the same method against an entire class").

2. Managing the Claims of Class Members as a Class Action under Fed. R. Civ. P. 23 Is Superior to Other Methods of Case Management.

In light of the Parties' Settlement, class treatment of these claims is far superior to other methods of management of Class members' claims. "Confronted with a request for settlement-only class certification, a district court need not inquire whether the case, if tried, would present intractable management problems . . . for the proposal is that there be no trial." *Amchem Prods. v. Windsor*, 521 U.S. 591, 620, 117 S. Ct. 2231, 2248 (1997) Further, because the Class and Subclasses are well-defined with the identity of all Class and Subclass Members easily ascertained, management of a class action of this nature will not present any

difficulties. Here, with identifiable properties and Class members, communications with the Class members can be handled efficiently. Furthermore, refusal to certify a class due to manageability is not favored. *Coleman v. Cannon Oil Co.*, 141 F.R.D. 516 (M.D. Ala. 1992).

VII. NOTICE TO THE CLASS.

"[R]ule 23(e) requires that absent class members be informed when the lawsuit is in the process of being voluntarily dismissed or compromised." *Juris v. Inamed Corp.*, 685 F.3d 1294, 1317 (11th Cir. 2012). The notice should be "reasonably calculated, under the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections." *Phillips Petroleum Co. v. Shutts*, 472 U.S. 797, 811-12 (1985). It is well established that a district court has great discretion in determining the kind of notice to employ in alerting class members to a proposed settlement and settlement hearing, subject to "the broad reasonableness standards imposed by due process." *Fowler v. Birmingham News Co.*, 608 F.2d 1055, 1059 (5th Cir. 1979); *Battle v. Liberty National Life Insurance Company*, 770 F. Supp. 1499, 1521 (N.D. Ala. 1991).

Notice to the Class Members in a form approved by the Court has been made. *See* Exhibit 4 (notice plan, which was previously submitted as Doc. 258-4); Doc. 261 (preliminary approval order). This notice was commenced promptly after preliminary approval and has been completed. *See* Exhibit 5 (administrator's

declaration and exhibits thereto). Notice has been mailed to 17,112 residential ratepayers, with publication notice employed as well. *See id.* Due process is satisfied. *See e.g., Woodward v. Nor-Am Chem. Co.*, 1996 U.S. Dist. LEXIS 7372, at *72-73 (S.D. Ala. May 23, 1996).

The Notice satisfies the requirements of Fed. R. Civ. P. 23(e)(1), and it incorporates the "plain language" guidelines set forth in Fed. R. Civ. P. 23(b)(2)(B). The Notice contains clear and concise information about the Settlement, including: (a) the fact of the Settlement of the claims; (b) definitions of the Subclasses; (c) a summary of the Settlement benefits; (d) a brief description of the case; (e) a statement concerning how attorneys' fees will be paid; (f) the options available to members of the Class, including their right to obtain independent counsel at their expense; (g) the deadlines by which members of the Class need to object; and (i) the date, time, and location of the fairness hearing. *See* Exhibit 5 (and exhibits thereto).

In sum, the Notice provides a more-than-adequate overview of the Settlement, gives the necessary detail, and reasonably advises the Members of the Class where they can obtain additional information and where to find and submit forms to opt out and to make a Resident Subclass claim. The Notice and accompanying information provided by the Administrator (*see* Exhibit 5 and exhibits thereto) are simple, easy to understand, and accurately summarize the key elements of the Settlement.

All other notice which is due has been made. *See* Exhibit 11.

VIII. ATTORNEY FEES AND EXPENSES.

Class Counsel, in the motion which is Doc. 263, seek a fee of $3,600,000 (three million, six hundred thousand dollars). They seek $845,353 (eight hundred, forty-five thousand and three hundred and fifty-three dollars) in expenses. *Id.*

IX. SERVICE AWARDS

The Court has reserved judgment whether service awards may be awarded to the four Class Representative Plaintiffs, pending disposition of the rehearing request in *Johnson v. NPAS Sols., LLC*, 975 F.3d 1244 (11th Cir. 2020). The Class Settlement is not contingent on consideration or approval of service awards, and the Class Representatives' decisions to agree to the Settlement and to seek its final approval are not influenced by the possibility of receiving service awards.

CONCLUSION

Plaintiffs respectfully request that the Court approve the Settlement, certify the Settlement Class, and find, based on the Court's review, that the Settlement is fair, reasonable, and adequate, and that notice to Class members which satisfies due process and Rule 23 of the Federal Rules of Civil Procedure has been made.

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF ALABAMA
NORTHEASTERN DIVISION

TOMMY LINDSEY, LANETTE LINDSEY and LARRY WATKINS, individually, and on behalf of a Class of persons similarly situated,	)	
Plaintiffs,	)	**Case No. 5:15-cv-01750-AKK**
vs.	)	
3M COMPANY, DYNEON, L.L.C., and DAIKIN AMERICA, INC.,	)	
Defendants.	)	

CLASS SETTLEMENT AGREEMENT

THIS CLASS SETTLEMENT AGREEMENT is entered into as of the 25th day of October, 2021, by and among 3M Company (including its unincorporated unit Dyneon, f/k/a Dyneon LLC) ("3M"), Daikin America, Inc. ("DAI") (3M and DAI are collectively "Defendants"), and Plaintiffs Tommy Lindsey, Lanette Lindsey, and Larry Watkins (collectively "Plaintiffs" or, interchangeably, the "Class Representatives"), on behalf of themselves and the Class Members, acting by and

through Class Counsel. Plaintiffs and Defendants are collectively the "Parties," and any one of them is a "Party." [1]

RECITALS

WHEREAS, Plaintiffs are customers of the West Morgan-East Lawrence Water and Sewer Authority (the "Authority") and receive their domestic water from the Authority;

WHEREAS Plaintiffs have asserted claims against Defendants in the Action in connection with the operations at the 3M Plant and the DAI Plant, respectively;

WHEREAS, Plaintiffs' claims allege in substance that PFAS from the 3M Plant and the DAI Plant have entered the Tennessee River and have thereby contaminated the water that the Authority draws from the River at its treatment plant in Lawrence County, Alabama, and then provides to Plaintiffs and the Class Members;

WHEREAS, Plaintiffs contend, on behalf of themselves and the Class Members, that they have suffered various forms of injury and damage due to contamination of their water supply with PFAS;

WHEREAS, on or about September 29, 2016, the Authority began treating water it received from the Tennessee River with a granular activated carbon (GAC)

[1] Unless defined elsewhere in this Agreement, capitalized terms have the meaning specified in Paragraph 1.

system before providing it to Class Members;

WHEREAS, since the beginning of the operation of the GAC system, PFAS consistently has not been detected above any regulatory or advisory limit in the water that the Authority has provided to Class Members;

WHEREAS, the Authority previously brought claims against Defendants in this Action, and those claims were settled by Defendants by the payment of money damages to the Authority;

WHEREAS, after the settlement of its claims, the Authority commenced construction of a new, reverse-osmosis water treatment system that has been designed for the Authority to remove all PFAS from the water it will provide its customers;

WHEREAS, Defendants have denied and continue to deny any wrongdoing in connection with their operation of the 3M Plant and the DAI Plant, respectively, and specifically deny and dispute the scientific, factual, legal, and other bases asserted in support of Plaintiffs' claims;

WHEREAS, after carefully considering the facts and applicable law and the delay, costs, risks, and uncertainty of continued litigation, and as a result of having engaged in extensive arm's length negotiations, the Parties desire to settle the claims in the Action on the terms and conditions stated herein, which the Plaintiffs and

Class Counsel believe are fair, reasonable, adequate, and beneficial to and in the best interests of the Class Members;

WHEREAS, the Parties agree that by entering into this Settlement, no Defendant is admitting any liability, fault, or violation of law, but that Defendants deny all allegations and claims asserted against them; and

WHEREAS, the Parties agree that by entering into this Settlement, the Parties do not admit the truth of these Recitals except for the purpose of this Settlement and to the extent the Court approves the Settlement; and

WHEREAS, in consideration of the promises and the mutual covenants hereinafter set forth, the Parties, acting by and through counsel, have entered into this Agreement.

THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each Party hereto, IT IS HEREBY AGREED by the Parties, subject to Court approval, as follows:

1. DEFINITIONS. For purposes of this Agreement, the following terms shall have the meanings set forth below:

"3M Plant" means the 3M facility located at 1400 State Docks Road, Decatur, Alabama.

"3M Settlement Amount" has the meaning set forth in Paragraph 9 of this Agreement.

"Action" means the above-captioned class action lawsuit currently pending in the United States District Court for the Northern District of Alabama.

"Agreement" means this Class Settlement Agreement, including all exhibits.

"Class Claims" means the Released Claims of the Class Representatives and the Participating Class Members.

"Class Administration" means the work of (a) providing notice of the settlement pursuant to the notice plan approved by the Court; (b) establishing, managing, reporting on, receiving the Total Settlement Amount and other funds into, and paying the Total Settlement Amount and other funds out of, an appropriate bank account exclusively dedicated to holding funds paid by Defendants under this Agreement that does not commingle funds from other sources; and (c) soliciting, answering inquires about, reviewing, evaluating, deciding, granting, denying, calculating, paying, and reporting on claims, requests, or orders for payment from the Total Settlement Amount and other funds held in the same bank account.

"Class Counsel" means those lawyers and law firms listed on the signature pages of this Agreement as "Counsel for Plaintiffs."

"Class Members" means those Persons who are within the Settlement Class.

"Class Notice" means providing information about this Agreement to the Class Members in accordance with Fed. R. Civ. P. 23(b)(3) and 23(e) and precedent of the United States Court of Appeals for the Eleventh Circuit.

"Class Period" means the period starting on October 5, 2013 and ending on September 29, 2016.

"Complaint" means the Consolidated Individual and Class Action Complaint (Docket No. 175) in the Action.

"Court" means the United States District Court for the Northern District of Alabama, the Honorable Abdul Kallon, presiding.

"DAI Plant" means the DAI facility located at 905 State Docks Rd, Decatur, Alabama.

"DAI Settlement Amount" has the meaning set forth in Paragraph 9 of this Agreement.

"Effective Date" means the date on which the time for any appeals of the Court's Final Approval Order has expired with no appeal filed, or, in the case that any appeal is filed, the date on which all appeals are finally dismissed or decided in favor of affirming the Settlement without modification.

"Fairness Hearing" means the hearing at which the Court will consider whether to give final approval to this Agreement and Settlement; approve, modify, or deny a petition for an award of attorneys' fees and expenses; enter the Final Approval Order; and make such other final rulings as are contemplated by this Agreement.

"Final Approval Order" means the Court's entry of the final order approving this Agreement and Settlement following the Fairness Hearing and making such other rulings as are contemplated by this Agreement in substantially the form attached hereto as Exhibit D.

"Household" means a residential housing unit, such as a house or an apartment, that received water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (a) October 5, 2013 and September 29, 2016, in the cases of residential housing units serviced by the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential housing units serviced by the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works.

"Participating Class Members" means those individuals who are within the Settlement Class and who do not elect to opt out of the Settlement Class.

"Person" means a natural person or corporation, association, limited liability company, partnership, limited partnership, joint venture, affiliate, or any other type

of legal entity and their respective spouses, heirs, predecessors, successors, executors, administrators, representatives, or assigns.

"PFAS" means, solely for purposes of this Agreement, fluorinated organic substances that contain one or more carbon atoms and on which at least two of the hydrogen atoms have been replaced by fluorine atoms. "PFAS" includes without limitation perfluorooctanoic acid ("PFOA"), perfluorooctane sulfonate ("PFOS"), perfluoroalkyl acids, perfluoroalkane sulfonyl fluorides, perfluoroalkyl iodides, per- and polyfluoroalkyl ether-based substances, fluoropolymers, side-chain fluorinated polymers, and chemical precursors and degradants of all such substances. "PFAS" for purposes of this agreement include all per- and polyfluoroalkyl substances and their chemical precursors and degradants, as well as all products manufactured with or containing such substances, precursors, or degradants.

"Preliminary Approval Order" means the Court's order preliminarily approving this Agreement and Settlement and making such other rulings as are contemplated by this Agreement, where such approval is in substantially the same form as the Proposed Preliminary Approval Order, attached as Exhibit C to this Agreement.

"Ratepayer Subclass" and **"Ratepayer Subclass Members"** shall have the meanings set forth in Paragraph 3 of this Agreement.

"Released Claims" means all claims against Released Parties that are released in this Agreement.

"Released Parties" means 3M, DAI, the Authority, and, to the extent they supplied water originating with the Authority during the Class Period, the Authority's wholesale customers (namely, the V.A.W. Water System, the Trinity Water Works, the Town Creek Water System, and the West Lawrence Water Cooperative) and their respective current and former directors, officers, shareholders, agents, attorneys, representatives, employees, affiliates, subsidiaries, parents, insurers, trustees, and counsel, and their predecessors, successors, and assigns.

"Releasing Parties" means the Class Representatives, the Participating Class Members, and their respective current and former directors, officers, shareholders, agents, attorneys, representatives, employees, affiliates, subsidiaries, parents, insurers, counsel, trustees, executors, and heirs, and their predecessors, successors, or assigns, but only so far as the claims raised in this case have been released as set forth in this Agreement as described in Paragraph 12.

"Resident Subclass" and **"Resident Subclass Members"** shall have the meanings set forth in Paragraph 3 of this Agreement.

"Settlement" means the class settlement to be consummated under this Agreement pursuant to the Final Approval Order as described herein.

"Settlement Administrator" means the third party selected by Class Counsel and approved by the Court that will perform the work of Class Administration, which third party shall not be a related person to either of the Defendants under the meaning of Section 267(b) of the Internal Revenue Code of 1986, as amended.

"Settlement Class" means the class that the Court is being asked to certify for purposes of settlement, as defined in Paragraph 3 of this Agreement.

"Total Settlement Amount" shall have the meaning set forth in Paragraph 9 of this Agreement.

2. NO ADMISSION OF WRONGDOING OR LIABILITY. Nothing in this Agreement, or in any final judgment or order of dismissal entered in the Action in accordance with this Settlement, constitutes an admission or concession by the Defendants of any liability or wrongdoing by the Defendants, that there is any validity to any allegation in the Complaint, or that the Class Claims could be certified for class treatment for purposes of litigation as opposed to settlement. The Defendants have not admitted or conceded any liability or wrongdoing, acknowledged any validity to the claims or issues in the Action, or acknowledged any weakness in their defenses in the Action. The Defendants have denied and continue to deny any wrongdoing alleged in the Complaint, and specifically deny and dispute the scientific, factual, legal, and other bases alleged to support Plaintiffs' Claims. Nothing contained in this Agreement, Settlement, or any related documents

filed in connection therewith is intended to be nor shall be interpreted by anyone as in any way suggesting anything to the contrary in this Action or in any other actions. Neither this Agreement, the Final Approval Order, the fact of Settlement, the Settlement negotiations, nor any related documents or facts related to the Settlement or Settlement negotiations, shall be offered or received in evidence against any Party for any purpose in any proceeding other than (i) in such proceedings as may be necessary to comply with or enforce this Agreement, or (ii) in any action against or by Plaintiffs or Class Members against or by any of the Released Parties in connection with a defense of *res judicata,* collateral estoppel, release, or other theory of claim preclusion, issue preclusion, or similar defense.

3. CLASS CERTIFICATION

a. Plaintiffs shall move the Court to certify, and Defendants shall not oppose certification of, the following "Settlement Class" consisting of the following two subclasses for purposes of this Settlement only:

> (1) "Ratepayer Subclass": Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers

of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and

2) "Resident Subclass": Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) ~~between~~ October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members." Persons who are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the Settlement.

Excluded from the Settlement Class are employees of Defendants and any entities in which Defendants have a controlling interest; any of the legal representatives, heirs, successors, or assigns of Defendants; the Judge to whom this case is assigned and any member of the Judge's immediate family and any other judicial officer assigned to this case; all persons or entities that properly execute and timely file a request for exclusion from the Settlement Class; and any attorneys representing the Plaintiffs or Members of the proposed Settlement Class.

b. If this Agreement terminates pursuant to Paragraph 19 for any reason or litigation of the Action otherwise resumes, Defendants shall have the right to

oppose or otherwise challenge class certification on any grounds notwithstanding any provision of this Agreement.

4. CLASS REPRESENTATIVES. Plaintiffs, through Class Counsel, shall propose the following individuals as "Class Representatives" of the Settlement Class:

Tommy Lindsey, representing the Ratepayer Subclass;

Lanette Lindsey, representing the Resident Subclass;

Larry Watkins, representing the Ratepayer Subclass;

Venetia Watkins, representing the Resident Subclass.

Class Counsel believe that the individuals listed above are appropriate representatives for the Settlement Class for purposes of this Settlement, and Defendants agree not to dispute or challenge such appropriateness solely for purposes of this Agreement and Settlement.

5. THE PARTIES' EFFORTS TO OBTAIN SETTLEMENT APPROVAL ORDER. Based on an analysis of the facts and the law and taking into account the burden and expense of litigation, as well as the fair, cost-effective, and assured method of resolving the Class Claims, Plaintiffs and Class Counsel have concluded that this Agreement provides benefits to the Class Members and is fair, adequate, reasonable, and in the best interest of the Class Members. The Plaintiffs and Class Counsel agree to recommend approval of this Agreement by the Court,

and to support approval of this Settlement as fair, adequate and reasonable. The Defendants will support the approval of this Settlement. The Parties further agree to undertake all reasonable and proper steps and efforts to effectuate the terms and purposes of this Agreement, to secure the Court's approval, and to oppose any challenges to the fairness of the Settlement and any appeals from or challenges to the Final Approval Order. Those steps shall include the following:

a. Execution of Agreement. The Parties, through their respective counsel, shall execute this Agreement.

b. Agreement to Participate. The Class Representatives each shall execute an Agreement to Participate in the form attached as Exhibit E to this Agreement. Class Counsel shall provide the executed copies of the Agreements to Participate to Defendants within seven (7) days after this Agreement is fully executed.

c. Preliminary Approval of Settlement and Notice. As soon as reasonably possible upon execution of this Agreement but by no later than any deadline set by the Court, Plaintiffs, through Class Counsel, shall file a motion with the Court for entry of a Preliminary Approval Order, which Defendants agree not to oppose. The motion shall seek an order:

(1) Conditionally certifying the Settlement Class under Rule 23(b)(3) of the Federal Rules of Civil Procedure;

(2) Preliminarily approving the terms and conditions of the Settlement embodied in this Agreement subject to the Fairness Hearing and final approval by the Court in the Final Approval Order;

(3) Finding that the Notice Plan described in Exhibit A to this Agreement and the Class Notice in the form of Exhibit B to this Agreement fairly and adequately describe the terms and effect of this Agreement and the Settlement; give notice of Class Members' right to opt out of the Class Settlement; describe how Class Members may object to approval of the Settlement; give notice of the time and place of the Fairness Hearing for final approval of the Settlement; and satisfy the requirements of Fed. R. Civ. P. 23(e), due process, and binding precedent regarding notice to Class Members of the Settlement; and

(4) Appointing and designating Class Counsel as the counsel for the Settlement Class under Fed. R. Civ. P. 23(g).

(5) Appointing and designating Plaintiffs as the representatives for the Settlement Class; and

(6) Preliminarily approving the plan of distribution of Settlement proceeds to Class Members.

d. Providing Class Notice. Subject to Court approval, Class Counsel shall provide Class Notice in accordance with the Notice Plan described in Exhibit A to this Agreement and any additional direction by the Court.

e. Providing Notice Pursuant to CAFA. Within ten (10) days after the Plaintiffs file the Preliminary Approval Motion with the Court, 3M and DAI shall each provide the notice required by the Class Action Fairness Act, 28 U.S.C. § 1715, to the appropriate officials of the United States, and the States of Alabama, Georgia, and Tennessee. 3M and DAI agree to provide copies to Class Counsel at the time they provide notices to the state and federal officials;

f. Motion for Final Approval of Class Settlement. No later than sixty (60) days after entry of an order preliminarily approving the Settlement, Plaintiffs, through Class Counsel, shall file a motion, which Defendants agree not to oppose, seeking a Final Approval Order that (i) certifies the Settlement Class; (ii) approves the Settlement as fair, adequate, and reasonable under Federal Rule of Civil Procedure 23(e); (iii) approves the plan of distribution of Settlement proceeds to Class Members; (iv) dismisses the Action with prejudice; (v) rules that each of the Releasing Parties has released, waived, compromised, settled, and discharged all Released Claims; (vi) enjoins all further litigation by the Plaintiffs and Participating Class Members with respect to the Released Claims; (vii) awards any attorneys' fees, costs, and expenses; and (viii) reserves exclusive and continuing jurisdiction over

the interpretation, performance, implementation, enforcement, and administration of this Agreement and the Court's orders in the Action.

g. The Fairness Hearing. On the date and time set by the Court, Class Counsel and counsel for Defendants shall participate in the Fairness Hearing. Class Counsel and counsel for Defendants will reasonably cooperate with one another to obtain a Final Approval Order.

6. OBJECTION PROCEDURE. Each Class Member wishing to object to the Settlement shall file with the Court a timely written notice of objection delivered or postmarked no later than ninety (90) days after entry of the Preliminary Approval Order, the exact calendar date to be specified by the Court in the Preliminary Approval Order. The objection shall set forth the reasons for the Class Member's objection. The objection must be personally signed by the Class Member and witnessed, and state (i) the Class Member's name, address, and telephone number (ii) the factual basis for the claim of class membership, including whether the objector is a Ratepayer Subclass Member or a Resident Subclass Member and the address where water was received and for what period of time during the Class Period, (iii) whether the Class Member plans to appear at the Fairness Hearing, (iv) the complete factual basis for the objection, along with whatever legal authority, if any, the objector asserts regarding the objection. No "mass" or "class" objections shall be valid, and no Person may submit an objection on behalf of any other Person.

The objection shall be filed with Sharon Harris, Clerk of Court, United States District Court for the Northern District of Alabama, Hugo L. Black United States Courthouse, 1729 5th Avenue North, Birmingham, AL 35203. Additionally, one copy of the written objection shall be served by first-class mail upon Class Counsel and Defendants' Counsel, as follows:

Class Counsel:

Timothy C. Davis
HENINGER GARRISON DAVIS, L.L.C.
2224 1st Avenue North
Birmingham, Alabama 35203

3M's Counsel:

M. Christian King
LIGHTFOOT, FRANKLIN & WHITE L.L.C.
The Clark Building
400 20th Street North
Birmingham, Alabama 35203

DAI's counsel:

Steven F. Casey
JONES WALKER LLP
Suite 1100
420 20th Street North
Birmingham, Alabama 35203

7. OPT OUT PROCEDURE. Prior to Final Approval of this Settlement, by a date specified by the Court in the Preliminary Approval Order, but in no event no later than ninety (90) days after entry of the Preliminary Approval Order, Class Members may exclude themselves from the Settlement by submitting an opt out

notice pursuant to the procedure stated in the Class Notice, the proposed form of which is attached to this Agreement as Exhibit F, including personally signing the opt out notice in the presence of a witness, subject to approval by the Court. Within thirty (30) days after the date fixed by the Court for Class Members to opt out from the Settlement, Class Counsel shall furnish Defendants and the Court in writing with a complete list of all Class Members who have elected to opt out and copies of all opt out notices received. No "mass" or "class" opt out notices shall be valid, and no Person may submit an opt out notice on behalf of any other Person. If more than 500 Ratepayer Subclass Members or if more than 1500 Resident Subclass Members request exclusion from the Settlement, either Defendant may, at its option and sole discretion, terminate the Settlement. Such option shall be exercised, if at all, within twenty-one (21) days of a Defendant's receipt of the list of all Class Members who have elected to opt out. If either Defendant exercises its option to terminate this Settlement, then the termination provisions set forth in Section 20 of this Agreement shall apply.

8. APPEAL OF FINAL APPROVAL ORDER. In the event of any appeal, all dates in the Agreement triggered after the date of the Final Approval Order are stayed until fourteen (14) days after all opportunities for further appellate review have ended. If any Person appeals the Court's Final Approval Order, the Parties will use their best efforts to defeat the appeal.

9. CLASS BENEFITS PROMISED IN EXCHANGE FOR RELEASE. In consideration of all the promises and covenants set forth in this Agreement, and of the release and dismissal of the Released Claims against the Released Parties as contemplated in this Agreement, Defendants agree to make Settlement payments totaling $12,000,000 (Twelve Million Dollars). Of that amount. 3M shall pay $11,100,000.00 (Eleven Million One Hundred Thousand Dollars) (the "3M Settlement Amount") and DAI shall pay $900,000.00 (Nine Hundred Thousand Dollars), with no contribution by DAI to Class Notice and Class Administration (the "DAI Settlement Amount"). In addition to funding the 3M Settlement Amount, 3M shall pay the Settlement Administrator one-half of the reasonable costs for Class Notice and Administration in accordance with Paragraph 11. DAI will have no responsibility for any such costs. The "Total Settlement Amount" is comprised of the 3M Settlement Amount, the DAI Settlement Amount, and 3M's one-half share of the reasonable costs of Class Notice and Class Administration. The respective obligations of 3M and DAI under this Paragraph are several and not joint, and neither Defendant shall be responsible for the payment of the other. In no event shall either Defendant be obligated to pay anything in excess of the respective amounts specified above, including but not limited to additional amounts for attorneys' fees, expenses, or interest. In accordance with the Parties' Proposed Final Approval Order to be submitted to the Court, the Total Settlement

Amount, less reasonable attorneys' fees and expenses as provided for in Paragraph 10 and less one-half of the cost of Class Notice and Class Administration as provided for in Paragraphs 10 and 11 is to be distributed to Participating Class Members. Defendants shall have no obligation as to, interest in, or responsibility with respect to the allocation, administration, or distribution of the Total Settlement Amount.

10. ATTORNEYS' FEES AND EXPENSES. Pursuant to Federal Rule of Civil Procedure 23(h), Class Counsel may apply for a fee consisting of some portion of the Total Settlement Amount. That application shall be filed no later than fourteen (14) days after entry of the Preliminary Approval Order, before objections are due pursuant to Paragraph 6. Subject to Class Counsel's application for attorneys' fees and expenses, and in accordance with the Final Approval Order, the Settlement Administrator shall distribute attorneys' fees and expenses approved by the Court (including but not limited to expert witness fees, consultants' fees, litigation expenses, and one-half the cost of Class Notice and Class Administration) from the Total Settlement Amount. Any attorneys' fees and expenses paid to Class Counsel from the Total Settlement Amount shall be paid only to the extent awarded by the Court and only after the Court has entered the Final Approval Order and dismissed the claims of Participating Class Members with prejudice.

11. EXPENSES OF CLASS NOTICE AND CLASS ADMINISTRATION. All reasonable expenses of providing Class Notice in

accordance with Paragraph 5(d) and Exhibit A to this Agreement and all reasonable expenses of Class Administration shall be divided and borne equally between the Participating Class Members and 3M.

12. RELEASE BY CLASS REPRESENTATIVES AND PARTICIPATING CLASS MEMBERS. Subject to the following sentences of this Paragraph, the Releasing Parties hereby release and forever discharge the Released Parties from any and all claims, losses, damages, attorneys' fees, costs, expenses and other remedies, whether asserted or not, accrued or not, known or unknown, that arise out of or relate in any way to the presence of or exposure to PFAS contained in water provided directly or indirectly by the Authority. This release includes all claims alleged in the Complaint, including without limitation claims for battery, property damage, and mental anguish damages, but is not intended to include, and specifically excludes, the release of any claims, losses, damages, attorneys' fees, costs, expenses, or other remedies related to (a) claims for manifest bodily injuries or illnesses and any mental anguish resulting from such manifest injuries or illnesses, or (b) property damage claims arising out of or related to the application of PFAS-containing biosolids on property owned by a Class Member. Subject to the limitations in the preceding sentence, the Parties intend the Released Claims to include all claims, including those for future harms, arising out of any contamination by PFAS of water provided by the Authority, provided,

however, that the Parties do not intend the Released Claims to include claims for future harms caused by PFAS amounts in drinking water provided to Class Members by the Authority that exceed applicable federal or Alabama regulatory limits that the Authority's reverse osmosis treatment system is not designed to remove to below those limits. The Released Parties agree to waive any defenses based on "claim splitting" or related doctrines that might otherwise apply if the Releasing Parties seek to assert claims excluded from the release.

13. EXCLUSIVE REMEDY AGAINST RELEASED PARTIES. The distribution described in Paragraph 9 of this Agreement is the exclusive consideration provided to the Releasing Parties for the Released Claims against the Released Parties. Each Participating Class Member shall look solely to the Total Settlement Amount (less reasonable attorneys' fees and expenses) for satisfaction of all claims released herein. Accordingly, the Released Parties shall not be subject to liability or expense of any kind to the Releasing Parties with respect to any Released Claims, other than as set forth in this Agreement.

14. COVENANT NOT TO SUE. The Releasing Parties shall not commence, prosecute, or seek benefits as a member of a certified plaintiff class in any action or other proceeding against, or with regard to the asserted conduct of, the Released Parties based upon the Released Claims. The Releasing Parties consent to this Court's entry of an injunction barring them from commencing or prosecuting

any action or other proceeding, or seeking benefits as a member of a certified plaintiff class, based upon the Released Claims.

15. MEDICARE OBLIGATIONS.

a. The Parties hereby acknowledge and agree to the following: (i) under the Medicare Secondary Payer ("MSP") statute, 42 U.S.C. §1395y(b), and its accompanying regulations ("the MSP Provisions"), the Centers for Medicare and Medicaid Services ("CMS") may be entitled to seek reimbursement of conditional payments made by the Medicare program (Title XVIII of the Social Security Act) (the "Medicare Program") on claims for items and/or services relating to injuries allegedly sustained by Participating Class Members; (ii) Participating Class Members are in the best position to, and shall have the responsibility to, determine whether any reimbursement obligation exists and, if there is a reimbursement obligation, ensure that the Medicare Program's interests are properly considered and discharged; and (iii) if there is a reimbursement obligation to the Medicare Program, or to a Medicare Advantage Organization (MAO), Participating Class Members are responsible under the MSP Provisions to verify, resolve, and satisfy such obligation.

b. If a Participating Class Member is now or in the past has been enrolled in the Medicare Program and that Participating Class Member is entitled to a payment of at least $750 under this Settlement, the Settlement Administrator will report the Settlement payment to the CMS pursuant to the MSP statute and

regulations (even if the Parties do not believe that there is any requirement to report the Settlement payment to CMS). In order to comply with this obligation, the Settlement Administrator shall gather names, social security numbers, dates of birth for all Participating Class Members entitled to a Settlement payment of at least $750 before making any such payments.

c. Participating Class Members have the right, based on the cost of procurement or hardship, to seek a waiver, compromise, or other reduction in the amount of the Conditional Payments sought by CMS.

d. The Parties do not intend to shift responsibility for medical benefits to the Federal Government as any part of this Settlement. Medicare may not accept the terms of this Settlement as to an allocation of funds if the Settlement does not adequately address Medicare's interests. If Medicare's interests are not reasonably considered and protected, Medicare may refuse to pay for services related to the alleged injury until such expenses have been paid or the amount of the entire settlement has been exhausted. Medicare may also assert a recovery claim, if appropriate, based on Conditional Payments made by Medicare within the meaning of 42 U.S.C. §1395y(b)(2). CMS has a direct priority right of recovery against any entity, including a beneficiary, provider, supplier, physician, attorney, state agency, or private insurer, that has received any portion of a third party payment directly or indirectly. Consequently, to comply with the applicable federal regulations and to

reasonably recognize Medicare's interests, Participating Class Members will satisfy any and all Medicare subrogation interests, claims and/or liens, as may be finally determined and/or compromised, from the proceeds of the settlement funds. Participating Class Members voluntarily accept the risk that Medicare may demand reimbursement in excess of the amount of the settlement or may refuse to pay for services related to the injury, and waive any and all claims of any nature and/or damages against the Parties or their counsel should Medicare, or a Medicare Advantage Organization (MAO) take such action, including, but not limited to, a Private Cause of Action against one or more Parties or their counsel under 42 U.S.C.§ 1395y(b)(3)(A).

e. No allocation for future medical expenses to protect Medicare's interest in the future is necessary, and Participating Class Members will not allocate any amount of the proceeds of this Settlement for future medical care at the time of payment, but may do so in the future if necessary and appropriate in a Participating Class Member's sole discretion.

16. PAYMENT OF 3M AND DAI SETTLEMENT AMOUNTS. Within ten (10) days following the Effective Date, 3M shall wire transfer the 3M Settlement Amount, and DAI shall wire transfer the DAI Settlement Amount, to an account held by the Settlement Administrator for ultimate distribution to Participating Class Members and others in accord with this Agreement. In no event shall either

Defendant have any liability whatsoever with respect to its respective Settlement Amount once it is paid to the Settlement Administrator as specified in this Paragraph.

17. QUALIFIED SETTLEMENT FUND. The fund into which Defendants pay the Total Settlement Amount (inclusive of 3M's payment of one-half of the costs of Class Notice and Class Administration) at all times is intended to be a "qualified settlement fund" within the meaning of United States Treasury Regulation § 1.468B-1. Neither the Parties nor the Settlement Administrator shall take a position in any filing or before any tax authority that is inconsistent with such treatment. Each of the Defendants shall be a "transferor" within the meaning of United States Treasury Regulation § 1.468B-1(d)(1) to the fund with respect to the amounts transferred by that Defendant. The Settlement Administrator shall be the "administrator" of the fund, within the meaning of United States Treasury Regulation § 1.468B-2(k)(3), and, as the administrator, the Settlement Administrator shall: (a) timely make or join in any and all filings or elections necessary to make the fund a qualified settlement fund at the earliest possible date (including, if requested by any of the Defendants, a relation-back election within the meaning of United States Treasury Regulation § 1.468B-1(j)); (b) timely file all necessary or advisable tax returns, reports, or other documentation required to be filed by or with respect to the fund; (c) timely pay any taxes (including any estimated taxes, any interest or penalties, or any taxes or tax detriments that may be imposed on any of

the Defendants) required to be paid by or with respect to the fund; and (d) comply with any applicable information reporting or tax withholding requirements imposed by applicable law, in accordance with United States Treasury Regulation § 1.468B-2(l). Any such taxes, as well as all other costs incurred by the Settlement Administrator in performing the obligations created by this section, shall be paid out of the fund unless otherwise provided for herein, and those payments shall be reserved for in the plan of distribution of Settlement proceeds and shall be made before the final distribution of those proceeds. The Defendants shall have no responsibility or liability for paying such taxes and no responsibility to file tax returns with respect to the fund or to comply with information reporting or tax withholding requirements with respect thereto. The fund shall be used to indemnify and hold the Defendants harmless for any such taxes (including any taxes payable by reason of any such indemnification) that Defendants pay or are required to pay. Each of the Defendants shall provide the Settlement Administrator with the required statement under United States Treasury Regulation § 1.468B-3(e).

18. REPRESENTATIONS AND WARRANTIES.

a. The Class Representatives represent and warrant that during the Class Period they owned, possessed, or resided in a Household that received water originating with the Authority;

b. The Parties represent and warrant they are voluntarily entering into this Agreement as a result of arm's length negotiations among their counsel; that in executing this Agreement, they are relying solely upon their own judgment, belief and knowledge, and the advice and recommendations of their own independently-selected counsel, concerning the nature, extent and duration of their rights and claims hereunder and regarding all matters which relate in any way to the subject matter hereof; and that this Agreement contains the entire agreement among the Parties as to the Released Claims. The Parties acknowledge that they have not been influenced to any extent whatsoever in executing this Agreement by any representations, statements, or omissions pertaining to any of the foregoing, except as specifically set forth in this Agreement. Each Party assumes the risk of mistakes as to facts or law;

c. The Parties represent and warrant that they have carefully read the contents of this Agreement; and that this Agreement is signed freely by each individual executing this Agreement on behalf of the Parties. The Parties further represent and warrant to each other that he, she, or it has made such investigation of the facts pertaining to the Settlement, this Agreement and all of the matters pertaining thereto, as he, she, or it deems necessary; and

d. Each individual executing this Agreement on behalf of any Party personally represents and warrants to the other Parties that he has the authority to

execute this Agreement on behalf of, and fully bind, each such Party he represents or purports to represent.

19. TERMINATION OF AGREEMENT. This Agreement shall terminate in the following circumstances:

a. If any one Defendant exercises its right to terminate this Settlement under Paragraph 7 due to the number of Class Members who opt out of the Settlement, this Agreement shall automatically terminate and become null and void, without prejudice to the ability of the Parties, at each of their respective sole option and discretion, to attempt to negotiate a settlement on different terms.

b. If the Court declines to approve this Agreement and Settlement without modification, this Agreement shall automatically terminate and become null and void, without prejudice to the ability of the Parties, at each of their respective sole option and discretion, to agree to any proposed modifications or attempt to negotiate a settlement on different terms. Notwithstanding the preceding sentence, the Court's entry of an order awarding Class Counsel an amount for attorneys' fees or expenses less than the amounts requested by Class Counsel shall not be grounds to void this Agreement. The only remedy in the event of a fee or expense award less than Class Counsel's request shall be a separate appeal by Class Counsel of the fee or expenses award provided by the Court.

c. If an appeal challenging the approval of this Settlement results in an order reversing or vacating the Final Approval Order as to the approval of the Settlement or the certification of the Settlement Class, any Party may undertake, at its sole option, discretion, and expense, to pursue further review (including panel rehearing, *en banc* rehearing, or a petition for *certiorari*) of that appellate order. If no Party timely pursues such further review, or if pursuit of such further review fails to secure reinstatement of the Final Approval Order without modification, the Agreement shall automatically terminate and become null and void, without prejudice to the ability of the Parties, at each of their respective sole option and discretion, to attempt to negotiate a settlement on different terms.

d. If a Party to this Agreement materially breaches the Agreement before the Effective Date, if the breaching Party fails to cure the breach within thirty (30) days after receiving written notice of the breach, and if a Party aggrieved by the breach exercises the right to terminate the Agreement based on the breach, this Agreement shall automatically terminate and become null and void, without prejudice to the ability of the Parties, at each of their respective sole option and discretion, to attempt to negotiate a settlement on different terms.

e. If Class Counsel do not provide the executed copies of the Agreements to Participate in accordance with Paragraph 5(b), this Agreement shall automatically terminate and become null and void, without prejudice to the ability of the Parties,

at each of their respective sole option and discretion, to attempt to negotiate a settlement on different terms

20. CONSEQUENCES OF TERMINATION OF THE AGREEMENT. If this Agreement is terminated and rendered null and void for any reason specified in Paragraph 19 above, the following shall occur:

a. The Action shall for all purposes revert to its status as of June 30, 2020, reserving to the Parties all claims and defenses, and counsel for the Parties agree to jointly seek postponement of all deadlines then existing for a period of at least one month from the date of the termination of this Agreement;

b. The Parties shall file a motion asking the Court to renew all motions pending as of June 30, 2020, including those motions identified in the Court's June 30, 2020 Order (Dkt. 253);

c. The Parties shall schedule depositions of all expert witnesses not already deposed and depositions of fact witnesses which had been noticed or scheduled prior to June 30, 2020 to take place within sixty (60) days of the termination of this Agreement;

d. All releases and orders delivered pursuant to the Agreement shall be null and void; none of the terms of this Agreement (except for Paragraphs 17-21) shall be effective or enforceable; and neither the fact nor the terms of this Agreement

shall be offered or received in evidence in the Action or in any other action or proceeding for any purpose; and

e. The Settlement and all proceedings had in connection therewith shall be without prejudice to the *status quo ante* rights of the Parties, and the Parties further agree to jointly move the Court to vacate all orders issued pursuant to the Settlement.

21. PUBLICITY AND CONFIDENTIALITY

a. Publicity Regarding Settlement. Except as shall be ordered by the Court and until after the Effective Date, the Parties shall issue no publicity, press release, or other public statement regarding this Settlement unless jointly agreed to in writing by all Parties. However, this is not intended to limit Defendants' ability to provide information about the Settlement to their employees, customers, shareholders or other stakeholders, insurers, accountants, or lawyers or in accordance with legal requirements or to limit Plaintiffs' or Class Counsel's ability to provide notice or information about the Settlement to Class Members or in accordance with legal requirements.

b. Confidentiality. The Parties, Class Counsel, and counsel for the Defendants shall keep strictly confidential and not disclose to any third party any non-public information exchanged during or otherwise regarding the negotiation of the Settlement.

c. Confidential Documents. No later than sixty (60) days after the Effective Date, Class Counsel, Plaintiffs, and the Settlement Administrator shall return or destroy (and certify in writing that they have destroyed) Defendants' confidential documents produced in connection with the Action, Settlement discussions, or the negotiation or performance of this Agreement.

22. MISCELLANEOUS

a. Entire Agreement. This Agreement constitutes the entire agreement among the Parties, and it supersedes all prior agreements or understandings between or among them relating to the Settlement of the Action.

b. Construction. The Parties acknowledge that this Agreement was jointly drafted, and agree that if any of its terms are ambiguous, then the rule of construction construing the ambiguity against the drafting party shall not be employed in the interpretation of this Agreement.

c. Governing Law. The Agreement shall be governed and construed by the substantive law of the State of Alabama, without application of Alabama's conflicts-of-law rules. Jurisdiction and venue for all proceedings in connection with the Agreement, or arising as a result of any matter relating to this Settlement, or addressed in the Agreement, shall be in the United States District Court for the Northern District of Alabama.

d. Reasonable Extensions. The Parties may agree in writing to reasonable extensions of time to carry out any of the provisions of the Agreement, subject to approval by the Court if required.

e. Amendment. This Agreement may be amended only by a writing executed by all signatories hereto, provided that after entry of the Preliminary Approval Order, this Agreement may be modified or amended only by written agreement signed on behalf of the Parties and approved by the Court.

f. Retention of Jurisdiction. The United States District Court for the Northern District of Alabama shall retain jurisdiction over the Parties to resolve any dispute which may arise regarding this Agreement.

g. Severability. The provisions of this Agreement are not severable.

h. Waiver. The provisions of this Agreement may be waived only by written agreement signed by the waiving party. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach.

i. Force Majeure. The failure of any Party to perform any of its obligations hereunder shall not subject any Party to any liability or remedy for damages, or otherwise, where such failure is occasioned in whole or in part by Acts of God, fires, accidents, pandemics, other natural disasters, interruptions or delays in communications or transportation, labor disputes or shortages, shortages of

material or supplies, governmental laws, rules or regulations of other governmental bodies or tribunals, acts or failures to act of any third parties, or any other similar or different circumstances or causes beyond the reasonable control of such Party.

j. Binding Nature. This Agreement shall be binding upon and inure to the benefit of the Parties, the Participating Class Members, and their respective agents, employees, representatives, heirs, executors, administrators, successors, and assigns.

k. Third-Party Beneficiaries. This Agreement does not create any third-party beneficiaries, except Participating Class Members and the Released Parties other than Defendants.

l. No Liability. No Person shall have any claim against any Plaintiffs, Class Members, Class Counsel, Released Parties, counsel for Defendants, or the Settlement Administrator based on actions that any Plaintiffs, Class Members, Class Counsel, Released Parties, counsel for Defendants, or the Settlement Administrator were required or permitted to take under this Agreement, the Preliminary Approval Order, or the Final Approval Order.

m. Execution. This Agreement may be executed in counterparts and shall be binding upon each Party and all Parties executing this or any counterpart.

n. Notices. Any notice, demand, or other communication required to be given to a Party under this Agreement shall be in writing and shall be deemed duly given upon receipt if it is addressed to the intended recipient as set forth below and

personally delivered, sent by registered or certified mail (postage prepaid), or delivered by reputable express overnight courier:

Settlement Notice Plan

Lindsey v. 3M Company

Case No. 5:15-cv-01750

United States District Court
Northern District of Alabama
Northeastern Division

Prepared: October 24, 2021

Program Overview

Class Definition

The Settlement Class (or Settlement Class Members) consists of:

1) Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works ("Ratepayer Class Members"); and

2) Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works ("Resident Class Members").

Strategies

Individual notice will be mailed directly to all Ratepayer Class Members and also be addressed to Resident Class Members. In addition, a schedule of paid notices will be published in newspapers, and distributed digitally on a variety of websites.

Individual/Direct Notice

Mailed Notice

- A Postcard Notice will be mailed to the addresses of all Ratepayer Class Members.
- The Postcard will be addressed to the Ratepayer, as well as household residents.
- Prior to mailing, the names and addresses will be:
  - Checked against the USPS National Change of Address (NCOA)[1] database;
  - Certified via the Coding Accuracy Support System (CASS);[2] and
  - Verified through Delivery Point Validation (DPV).[3]
- Notices returned as undeliverable will be re-mailed to any address available through postal service information.
  - For example, to the address provided by the USPS on returned pieces for which the automatic forwarding order has expired, but is still during the period that the USPS returns the piece with the new address indicated.
- Any returned mailing that does not contain an expired forwarding order with a new address indicated may be researched through a third party look-up service, if applicable.

[1] The NCOA database contains records of all permanent change of address submissions received by the USPS for the last four years. The USPS makes this data available to mailing firms and lists submitted to it are automatically updated with any reported move based on a comparison with the person's name and last known address.

[2] Coding Accurate Support System is a certification system used by the USPS to ensure the quality of ZIP+4 coding systems.

[3] Records that are ZIP+4 coded are then sent through Delivery Point Validation to verify the address and identify Commercial Mail Receiving Agencies. DPV verifies the accuracy of addresses and reports exactly what is wrong with incorrect addresses.

Daily Newspapers

- The Summary Notice will be published as an approximate eighth page ads unit once in each of the following newspapers:

City	Newspaper	Avg. Daily Circulation	Insertions
Atlana, GA	*Atlanta Journal Constitution*	90,325	1
Decatur, AL	*Decatur Daily*	12,200	1
Chattanooga, TN	*Chattanooga Times Free Press*	32,000	1
Nashville, TN	*The Tennessean*	65,000	1
Moulton, AL	*Moulton Advertiser*	12,623	1
Florence, AL	*Florence Times Daily*	11,800	1
Huntsville, AL	*Huntsville Times*	12,000	1
TOTAL		**235,948**	**7**

Digital Media

Approximately 3.75 million impressions will be distributed programmatically over a variety of websites, as well as the social media site Facebook. The impressions will appear on both mobile and desktop devices for a period of 30 days. The online ads will be geographically targeted to Adults in Alabama, Tennessee, and Georgia.. All digital ads will include an embedded link to the case website. The following counties will be targeted within each state.

State	County	State	County	State	County	State	County
AL	Blount	GA	Cobb	GA	Mitchell

Response Mechanisms

Case Website

- Allows Settlement Class Members the ability to obtain additional information and documents including the Detailed Notice, Opt Out Form, Class Settlement Agreement, and any other information that the parties may agree to provide or that the Court may require
- Allows Resident Class Members to file a Claim Online
- Prominently displayed in all printed notice materials and accessible through a hyperlink embedded in the digital notices

Toll-Free Telephone Support

- Provides a simple way for Settlement Class Members to obtain additional information about the Settlement
- Allows Settlement Class Members to request to have more information mailed directly to them

EXHIBIT

B

UNITED STATES DISTRICT COURT OF THE NORTHERN DISTRICT OF ALABAMA

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be eligible for a payment from a class action settlement.

A federal court authorized this Notice. It is not a solicitation from a lawyer.

- A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they contaminated the drinking water source for customers of West Morgan-East Lawrence Water and Sewer Authority ("WMEL"), Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, and Trinity Water Works.
- You may be included in this settlement if you were a residential-coded customer of WMEL, Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, or Trinity Water Works **or** you currently reside in Alabama, Georgia, or Tennessee, and you owned or resided in a residential housing unit that received water originating with WMEL or provided by WMEL, Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, or Trinity Water Works.
- Your rights are affected whether you act or don't act. Read this Notice carefully.

YOUR LEGAL RIGHTS AND OPTIONS IN THIS SETTLEMENT	
SUBMIT A CLAIM FORM DEADLINE: [DATE]	This is the only way you can receive a payment if you are a Resident Class Member as defined in Question 5 below. Ratepayer Subclass Members (also defined in Question 5) will automatically receive a payment.
ASK TO BE EXCLUDED DEADLINE: [DATE]	This is the only option that allows you to sue, continue to sue, or be part of another lawsuit against any of the Defendants related to the legal claims this settlement resolves. However, you will give up the right to get a payment from this settlement.
OBJECT TO THE SETTLEMENT DEADLINE: [DATE]	If you do not exclude yourself from the settlement, you may object to it by writing to the Court about why you don't like the settlement. If you object, you may also receive or file a claim for a payment.
GO TO A HEARING ON [DATE]	You may object to the settlement and ask the Court for permission to speak at the Fairness Hearing about your objection.
DO NOTHING	If you do nothing, you will give up the right to sue, continue to sue, or be part of another lawsuit against the Defendants about the legal claims resolved by this settlement. If you are a "Ratepayer Subclass Member" as defined in Question 5 below, you will automatically receive a payment if the settlement is approved and becomes final.

- These rights and options—**and the deadlines to exercise them**—are explained in this Notice.
- The Court in charge of this case still has to decide whether to approve the settlement.

WHAT THIS NOTICE CONTAINS

BASIC INFORMATION ..... **PAGE #**
1. Why was this Notice issued?
2. What is this lawsuit about?
3. What is a class action?
4. Why is there a settlement?

WHO IS INCLUDED IN THE SETTLEMENT ..... **PAGE #**
5. How do I know whether I am part of the settlement?
6. Are there exceptions to being included?

THE SETTLEMENT BENEFITS—WHAT YOU GET IF YOU QUALIFY ..... **PAGE #**
7. What does the settlement provide?

EXCLUDING YOURSELF FROM THE SETTLEMENT ..... **PAGE #**
16. How do I get out of the settlement?
17. If I exclude myself, can I still get a payment from this settlement?
18. If I do not exclude myself, can I sue the Defendants for the same legal claims later?

OBJECTING TO THE SETTLEMENT ..... **PAGE #**
19. How do I tell the Court that I do not like the settlement?
20. May I come to Court to speak about my objection?
21. What is the difference between objecting to the settlement and asking to be excluded from it?

THE COURT'S FAIRNESS HEARING ..... **PAGE #**
22. When and where will the Court decide whether to approve the settlement?
23. Do I have to come to the hearing?
24. May I speak at the hearing?

IF YOU DO NOTHING ..... **PAGE #**
25. What happens if I do nothing at all?

GETTING MORE INFORMATION ..... **PAGE #**
26. How do I get more information?

BASIC INFORMATION

1. Why was this Notice issued?

A court authorized this Notice because you have a right to know about the proposed settlement of this class action lawsuit and about all of your options before the Court decides whether to grant final approval to the settlement. This Notice explains the lawsuit, the settlement, your legal rights, what benefits are available, and who can get them.

The Honorable Abdul K. Kallon of the United States District Court for the Northern District of Alabama is overseeing this class action. The case is known as *Lindsey v. 3M Company*, Case No. 5:15-cv-01750 (the "Litigation"). The people that filed this lawsuit are called the "Plaintiffs" and the companies they sued, 3M Company, Dyneon, LLC, and Daikin America, Inc., are called the "Defendants."

2. What is this lawsuit about?

The Plaintiffs allege that the Defendants polluted their drinking water source by discharging certain per- and polyfluoroalkyl substances ("PFAS"), including perfluorooctanoic acid ("PFOA") and perfluorooctanesulfonate ("PFOS") into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

3. What is a class action?

In a class action, one or more people called Class Representatives (in this case, Tommy Lindsey, Lanette Lindsey, Larry Watkins, and Venetia Watkins) sue on behalf of other people with similar claims. Together, the people included in the class action are called a Class or Class Members. One court resolves the issues for all Class Members, except for those who exclude themselves from the Class.

4. Why is there a settlement?

The Court did not decide in favor of the Plaintiffs or Defendants. Instead, the Plaintiffs and Defendants agreed to a settlement. This way, they avoid the cost and burden of a trial and the people affected can get benefits. The Class Representatives and their attorneys think the settlement is best for all Class Members.

WHO IS INCLUDED IN THE SETTLEMENT

5. How do I know whether I am part of the settlement?

The settlement includes two "Subclasses" as defined below.

1. **Ratepayer Subclass Members:** everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and

2. **Resident Subclass Members:** everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers,

namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

1. Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members." Persons who are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the Settlement.

If you are not certain about your status, you can submit a claim and the claim administrator will make the correct decision on your subclass status.

6. Are there exceptions to being included?

Yes. The settlement does not include any employees of the Defendants, any entities in which the Defendants have a controlling interest, any of the legal representatives, heirs, successors, or assigns of Defendants, the Judge assigned to this case or any member of the Judge's immediate family, any other judicial officer assigned to this case, all persons or entities that properly execute and timely file a request for exclusion from the Class, and any attorneys representing the Class Representatives or Members of the proposed Class.

THE SETTLEMENT BENEFITS—WHAT YOU GET IF YOU QUALIFY

7. What does the settlement provide?

3M has agreed to pay $11,100,000, as well as half of the costs of settlement notice and administration to settle the Litigation. DAI has agreed to pay $900,000 to settle the Litigation. These monies will be used to create a $12,000,000 Total Settlement Amount. After deducting attorneys' fees and expenses, the Class Representatives' service awards, and half of the costs of notice and administration, approximately $6,415,000 of the fund will be used to make payments to Ratepayer Subclass Members, and approximately $1,000,000 of the fund will be used to make payments to Resident Subclass Members who submit valid Claim Forms.

8. I am a Ratepayer Subclass Member. How much will my payment be?

A total of $6,415,000 has been allocated to make payments to Ratepayer Subclass Members. The majority of Ratepayer Subclass Members will receive a *pro rata* (proportional) share of $6,375,000. Payments will be calculated as a percentage of total payments made for all Ratepayer Subclass Members accounts. This percentage will then be multiplied by the primary award amount to determine each account's share of the $6,375,000. The maximum payment a Ratepayer Subclass Member will receive is $745 (per account).

A small number of Ratepayer Subclass Members will receive a minimum payment of $50 because their accounts were short-lived or did not result in many charges. There are approximately 800 Ratepayer Subclass Members that fall within this category and will share from approximately $40,000 of the total award allocated to Ratepayer Subclass Members.

9. I am a Resident Subclass Member. How much will my payment be?

A total of $1,000,000 has been allocated to make payments to Resident Subclass Members. Resident Subclass Members are expected to receive a payment between $50 and $100. Actual payment amounts will be calculated and distributed *pro rata* (proportional) based on the total number of Resident Subclass Members who submit a valid Claim Form. If too few claims are made and money remains after making $100 payments to all Resident Subclass Members who submit a valid Claim Form, the excess will be re-allocated to the Ratepayer Subclass members whose payments from the Settlement are not capped and are not minimum payments.

HOW TO GET A SETTLEMENT PAYMENT—SUBMITTING A CLAIM FORM

10. How do I get a payment from the settlement?

If you are a Ratepayer Subclass Member, you do not need to do anything to receive a settlement payment. You will automatically be mailed a check if and when the settlement is approved and becomes final.

If you are a Resident Subclass Member, you must complete and submit a Claim Form by **[Date]**. Claim Forms may be submitted online at www.Website.com or printed from the website and mailed to the Settlement Administrator at the address on the form. Claim Forms are also available by calling 1-XXX-XXX-XXXX or by writing to the Settlement Administrator, *Lindsey v. 3M Company* Settlement Administrator, [address], [city], [state] [zip].

11. When would I get my settlement payment?

The Court will hold a hearing on [Fairness Hearing date] to decide whether to grant final approval to the settlement. If the Court approves the settlement, there may be appeals. It is always uncertain whether appeals will be filed and, if so, how long it will take to resolve them. Settlement payments will be distributed as soon as possible, if and when the Court grants final approval to the settlement and after any appeals are resolved.

12. What rights am I giving up to get a payment and stay in the Ratepayer and/or Resident Subclass?

Unless you exclude yourself, you are staying in the Ratepayer and/or Resident Subclass. If the settlement is approved and becomes final, all of the Court's orders will apply to you and legally bind you. You won't be able to sue, continue to sue, or be part of any other lawsuit against any of the Defendants or the Released Parties (*see* next question) about the legal issues resolved by this settlement. The rights you are giving up are called Released Claims.

13. What are the Released Claims?

If and when the settlement becomes final, Class Members will release and forever discharge 3M, DAI, the Authority, and, to the extent they supplied water originating with the Authority during the Class Period, the Authority's wholesale customers (namely, the V.A.W. Water System, the Trinity Water Works, the Town Creek Water System, and the West Lawrence Water Cooperative) and their respective current and former directors, officers, shareholders, agents, attorneys, representatives, employees, affiliates, subsidiaries, parents, insurers, trustees, and counsel, and their predecessors, successors, and assigns (the "Released Parties") from any and all claims, losses, damages, attorneys' fees, costs, expenses and other remedies, whether asserted or not, accrued or not, known or unknown, that arise out of or relate in any way to the presence of or exposure to PFAS contained in water provided directly or indirectly by the Authority. This release includes all claims alleged in the Complaint, including without limitation claims for battery, property damage, and mental anguish damages, but is not intended to include, and specifically excludes, the release of any claims, losses, damages, attorneys' fees, costs, expenses, or other remedies related to (a) claims for manifest bodily injuries or illnesses and any mental anguish resulting from such manifest injuries or illnesses, or (b) property damage claims arising out of or related to the application of PFAS-containing biosolids on property owned by a Class Member. Subject to the limitations in the preceding sentence, the Parties intend the Released Claims to include all claims, including those for future harms, arising out of any contamination by PFAS of water provided by the Authority, provided, however, that the Parties do not intend the Released Claims to include claims for future harms caused by PFAS amounts in drinking water provided to Class Members by the Authority that exceed applicable federal or Alabama regulatory limits that the Authority's reverse osmosis treatment system is not designed to remove to below those limits. Released Parties agree to waive any defenses based on "claim splitting" or related doctrines that might otherwise apply if the Releasing Parties seek to assert claims excluded from the release.

More details about the claims you will be releasing are described in Section 12 of the Class Settlement Agreement, available at www.Website.com.

THE LAWYERS REPRESENTING YOU

14. Do I have a lawyer in this case?

Yes. Judge Kallon appointed the law firms of Heninger Garrison Davis, LLC and The Hannon Law Firm, LLC to represent you and other Class Members as "Class Counsel." These law firms and their lawyers are experienced

in handling similar cases. You will not be charged for these lawyers. If you want to be represented by your own lawyer, you may hire one at your own expense.

15. How will the lawyers be paid?

Class Counsel will ask the Court for an award of attorneys' fees of $3,600,000 of the Common Fund, plus $900,000 in expenses. They will also ask the Court to approve a $5,000 service award to be paid to each of the four Class Representatives ($20,000 total). The Court may award less than these amounts. If approved, these fees, expenses, and award will be paid from the Total Settlement Amount before making payments to Class Members.

EXCLUDING YOURSELF FROM THE SETTLEMENT

If you want to keep the right to sue or continue to sue the Defendants or the Released Parties about the legal claims in this case, and you do not want to receive a payment from this settlement, you must take steps to get out of the settlement. This is called excluding yourself from or opting out of the settlement.

16. How do I get out of the settlement?

To exclude yourself from the settlement, you must submit an Opt Out Form or file a written request for exclusion. Opt Out Forms are available online at www.website.com. Your request for exclusion must include: (1) your name; (2) your address; (3) your telephone number; (4) a statement indicating whether you are a Ratepayer Subclass Member or a Resident Subclass Member, including the address where you received water and the period of time during which you received water at that address; (5) a statement indicating that you wish to be excluded from the settlement in *Lindsey v. 3M Company*, Case No. 5:15-cv-01750; and (6) your signature and the signature of a witness to your signature. Your Opt Out Form or request for exclusion must be mailed to the Settlement Administrator at the address below so it is postmarked no later than _____(the deadline date), which is ninety (90) days after entry of the Preliminary Approval Order.

Lindsey v. 3M Company Settlement Administrator
[address]
[city] [state] [zip]

17. If I exclude myself, can I still get a payment from this settlement?

No. If you exclude yourself, you are telling the Court that you don't want to be part of the settlement. You can only get a payment if you stay in the settlement and, if you are a Resident Subclass Member, submit a valid Claim Form.

18. If I do not exclude myself, can I sue the Defendants for the same legal claims later?

No. Unless you exclude yourself, you are giving up the right to sue the Defendants and the Released Parties for the claims that this settlement resolves. You must exclude yourself from *this* Litigation to start or continue with your own lawsuit or be part of any other lawsuit against the Defendants or any of the Released Parties.

OBJECTING TO THE SETTLEMENT

You can tell the Court if you don't agree with the settlement or any part of it.

19. How do I tell the Court that I do not like the settlement?

If you are a Class Member, you can object to the settlement if you do not like it or a portion of it. You can give reasons why you think the Court should not approve it. The Court will consider your views. Your objection must include: (1) your name, address, and telephone number; (2) a statement indicating whether you are a Ratepayer Class Member or a Resident Class Member, including the address where you received water and the period of time during which you received water at that address; (3) the reasons for your objection; (4) the factual basis for your objection and copies of any documents that support your objection; and (5) your signature and the signature of a witness to your signature.

Your written objection must be electronically filed with the Court no later than _____ (the deadline date), which is ninety (90) days after entry of the Preliminary Approval Order. Any notice of appearance

must be filed in the same manner and within the same amount of time. If such objections/notices are not electronically filed, they must be timely filed no later than _____ (the deadline date), which is ninety (90) days after entry of the Preliminary Approval Order, by mailing them to (first-class postage pre-paid, correctly addressed, postmarked by the deadline) the Clerk of the Court, Class Counsel, 3M's Counsel, and DAI's Counsel at the addresses below:

Court
Sharon Harris, Clerk of Court United States District Court for the Northern District of Alabama Hugo L. Black United States Courthouse 1729 5th Avenue North Birmingham, AL 35203

Class Counsel	3M's Counsel	DAI's Counsel
Timothy C. Davis Heninger Garrison Davis, L.L.C. 2224 1st Avenue North Birmingham, AL 35203	M. Christian King Lightfoot, Franklin & White L.L.C. The Clark Building 400 20th Street North Birmingham, AL 35203	Steven F. Casey Jones Walker LLP Suite 1100 420 20th Street North Birmingham, AL 35203

20. May I come to Court to speak about my objection?

Yes. You or your attorney may speak at the Fairness Hearing about your objection. To do so, you must include a statement in your objection indicating that you or your attorney intend to appear at the Fairness Hearing.

21. What is the difference between objecting to the settlement and asking to be excluded from it?

Objecting is simply telling the Court that you don't like something about the settlement. You can object only if you remain in the Ratepayer and/or Resident Class (that is, do not exclude yourself). Excluding yourself is telling the Court that you don't want to be part of the settlement. If you exclude yourself, you cannot object because the settlement no longer affects you.

THE COURT'S FAIRNESS HEARING

The Court will hold a hearing to decide whether to approve the settlement. You may attend and you may ask to speak, but you don't have to.

22. When and where will the Court decide whether to approve the settlement?

The Court will hold a Fairness Hearing at _:__ _.m. on [date] in Courtroom __ at the Seybourn H. Lynne U. S. Courthouse & Post Office, 400 Well Street, Decatur, AL 35601. At this hearing, the Court will consider whether the settlement is fair, reasonable, and adequate. It will also consider whether to approve Class Counsel's request for an award of attorneys' fees and costs, as well as the Class Representatives' incentive awards. If there are objections, the Court will consider them. Judge Kallon will listen to people who have asked to speak at the hearing (*see* Question 20 above). After the hearing, the Court will decide whether to approve the settlement.

23. Do I have to come to the hearing?

No. Class Counsel will answer any questions Judge Kallon may have. However, you are welcome to come to the hearing at your own expense. If you send an objection, you do not have to come to court to talk about it. As long as you mailed your written objection on time, the Court will consider it. You may also pay your own lawyer to attend, but it is not necessary.

24. May I speak at the hearing?

Yes. You may ask the Court for permission to speak at the Fairness Hearing (*see* Question 20 above).

IF YOU DO NOTHING

25. What happens if I do nothing at all?

If you are Class Member and you do nothing, you will give up the rights explained in Question 12, including your right to start a lawsuit, continue with a lawsuit, or be part of any other lawsuit against the Defendants and the Released Parties about the legal issues resolved by this settlement. If you are a Resident Subclass Member and do not submit a Claim, you will not receive a payment from the settlement.

GETTING MORE INFORMATION

26. How do I get more information?

This Notice summarizes the proposed settlement. Complete details are provided in the Class Settlement Agreement. The Class Settlement Agreement and other related documents are available at www.Website.com. Additional information is also available by calling 1-XXX-XXX-XXXX or by writing to *Lindsey v. 3M Company* Settlement Administrator, [address] [city] [state] [zip]. Publicly-filed documents can also be obtained by visiting the office of the Clerk of the United States District Court for the Northern District of Alabama or reviewing the Court's online docket.

TOMMY LINDSEY, LANETTE LINDSEY, and LARRY WATKINS, individually and on behalf of a Class of persons similarly situated, ***Plaintiffs*,** **v.** **3M COMPANY, DYNEON, L.L.C., and DAIKIN AMERICA, INC.,** ***Defendants*.**	**Case No. 5:15-cv-01750-AKK** **Judge Abdul K. Kallon**

[PROPOSED] PRELIMINARY APPROVAL ORDER

Before the Court is the Motion for Preliminary Approval of Class Action Settlement filed by the proposed Class Representatives, which is not opposed by Defendants 3M Company, Dyneon, L.L.C., and Daikin America, Inc. (Class Representatives and Defendants collectively referred to as "Parties"). The proposed Class Representatives have moved pursuant to Federal Rule of Civil Procedure 23 for an order preliminarily approving the proposed settlement of the Class Claims against 3M Company ("3M"), Dyneon, L.L.C. ("Dyneon"), and Daikin America, Inc. ("DAI") (collectively, the "Defendants") in the above-captioned action in accordance with the Parties' proposed Class Settlement Agreement dated _____, as filed

with the Court ("Settlement Agreement"), which sets forth the terms and conditions for the proposed settlement of the Class Claims. The proposed Class Representatives also seek conditional certification of the Settlement Class pursuant to Rule 23(b)(3) and approval of a Notice Plan and Class Notice consistent with Rule 23 and applicable law to provide notice of the proposed class action settlement to the Class Members.

WHEREAS, the Court has considered the Settlement Agreement and accompanying exhibits and other documents;

WHEREAS, all Parties have consented to the entry of this Preliminary Approval Order; and

WHEREAS, the Court held a Preliminary Approval Hearing on _____ with the Parties present through Counsel,

IT IS HEREBY ORDERED THAT:

1. Tommy Lindsey, Lanette Lindsey, Larry Watkins, and Venetia Watkins are designated as Class Representatives for purposes of this Settlement. Further, Tommy Lindsey and Larry Watkins are designated representatives of the Ratepayer Subclass, and Lanette Lindsey and Venetia Watkins are designated as representatives of the Resident Subclass.

2. The Court designates Timothy C. Davis, W. Lewis Garrison, Jr., and Christopher B. Hood of Heninger Garrison Davis LLC, and Kevin S. Hannon of The Hannon Law Firm, LLC, as Class Counsel for purposes of this Settlement.

3. The Court confirms the authority of Class Counsel to execute the Settlement Agreement on behalf of the Class Members.

4. The Court hereby finds, preliminarily, that certification of this action as a Rule 23(b)(3) class action is appropriate and finds that each of the elements of Rule 23(a) have been met: (1) the class is so numerous that joinder of all members is impracticable, (2) there are common questions of law or fact, (3) the claims of the class representative are typical of their class and subclass, and (4) each of the representatives fairly and adequately represent their class and subclass. This Court also preliminarily finds that, in this particular context, questions of law or fact common to the class predominate over any questions affecting individual members and that a class action is superior to other available methods to fairly and efficiently adjudicate this controversy. Further, the Court, pursuant to Rule 23(b)(3), preliminarily certifies a Settlement Class consisting of the following two subclasses for purposes of this Settlement only:

> (1) "Ratepayer Subclass": Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and

September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and

2) "Resident Subclass": Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members." Persons who are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the Settlement.

Excluded from the Settlement Class are employees of Defendants and any entities in which Defendants have a controlling interest; any of the legal representatives, heirs, successors, or assigns of Defendants; the Judge to whom this case is assigned and any member of the Judge's immediate family and any other judicial officer assigned to this case; and all

persons or entities that properly execute and timely file a request for exclusion from the Settlement Class; and any attorneys representing the Plaintiffs or Members of the proposed Settlement Class.

5. The Court has reviewed the Settlement Agreement and preliminarily approves its terms, subject to further consideration at a Fairness Hearing.

a. The Court preliminarily finds that the Settlement Agreement is the product of informed, arm's-length negotiation by counsel and is presumptively fair, just, reasonable, valid and adequate, subject to any objections that may be raised at the Fairness Hearing.

b. The Court preliminarily finds that the Settlement Amount of $12,000,000.00 (twelve million dollars) will be used to fund class benefits that will directly benefit the Class Members. Based on the Court's preliminary analysis, the class benefits represent a reasonable compromise of the relief sought by the Class Members through the Rule 23(b)(3) Class Claims against Defendants.

c. The Court preliminarily finds the Class Settlement, including the proposed plan of distribution of Settlement proceeds to Class Members, is fair, adequate and reasonable, based upon the Court's consideration of the Fed. R. Civ. P. 23(e) factors: "(A) the class representatives and class counsel have adequately represented the class; (B) the proposal was negotiated at arm's length; (C) the relief provided for the class is adequate, taking into account: (i) the costs, risks, and delay

of trial and appeal; (ii) the effectiveness of any proposed method of distributing relief to the class, including the method of processing class-member claims; (iii) the terms of any proposed award of attorney's fees, including timing of payment; and (iv) any agreement required to be identified under Rule 23(e)(3); and (D) the proposal treats class members equitably relative to each other." *See also Bennett v. Behring Corp.*, 737 F.2d 982, 986 (11th Cir.1984).

d. The Fairness Hearing shall be held before the Court on _____ at the United States District Court for the Northern District of Alabama at _____. The Fairness Hearing will enable the Court to: (i) determine whether the proposed Settlement is fair, reasonable and adequate and should be approved by the Court under Rule 23(e), and whether a Final Approval Order should be entered; and (ii) consider such other matters as may properly come before the Court in connection with the approval of the proposed Settlement Agreement, approval of Class Counsel's attorney fees and expenses, and other matters related to approval and implementation of the Settlement Agreement.

6. The Court finds that the proposed Notice Plan and Class Notice attached to the Settlement Agreement are appropriate under the circumstances and are reasonably calculated to inform Class Members of the proposed Settlement, afford Class Members an opportunity to opt out of or present their objections to the

Settlement, and complies in all respects with the requirements of Rule 23 and applicable due process requirements.

7. Class Counsel shall provide notice of the proposed Settlement Agreement to Class Members as required by Rule 23 of the Federal Rules of Civil Procedure and applicable law as set forth in the Notice Plan, including by publication notice in certain newspapers and on digital and social media and by causing a copy of the Class Notice to be mailed to Class Members beginning approximately 30 days after the entry of this Order and being completed no later than 60 days after entry of this Order.

8. Class Members may (1) file objections to the Settlement Agreement, (2) file objections to the Motion for Attorneys' Fees, Costs and Expenses, and/or (3) appear at the Fairness Hearing personally or by counsel (provided that an appearance is served and filed as provided herein). Unless the Court directs otherwise, procedures for lodging objections shall include the following:

(a) Each Class Member wishing to object to the Settlement Agreement shall submit a timely written notice of their objections, filed with the Court, no later than ninety (90) days after entry of this Preliminary Approval Order, or _____ . Any notice of appearance must be filed in the same manner and time. If such objections/notices are not electronically filed, they must be timely filed with (by mailing to, first-class postage pre-paid, correctly addressed):

Sharon Harris, Clerk of Court

Re: *Tommy Lindsey, Lanette Lindsey and Larry Watkins, individually, and on behalf of a Class of persons similarly situated v. 3M Co., Dyneon, LLC, and Daikin America, Inc.*, No. 5:15-cv-01750-AKK

Attorney for Daikin America, Inc.:
Steven F. Casey
JONES WALKER LLP
420 20th Street North, Suite 1100
Birmingham, AL 35203

(b) The notice of objections must include: (1) their name, address, and telephone number; (2) a statement indicating whether they are a Ratepayer Subclass Member or a Resident Subclass Member, including the address where they

received water and the period of time during they received water at that address; (3) the reasons for their objection; (4) the factual basis for their objection and copies of any documents that support their objection; (5) their signature and the signature of a witness to their signature, and (6) a statement indicating whether they wish to appear at the final hearing (personally or through counsel).

9. Class Members who object in the manner provided herein remain Class Members and will be bound by the Settlement Agreement and Final Approval Order if the Settlement Agreement is finally approved following the Fairness Hearing. Any person who fails to object in the manner provided herein shall be deemed to have waived his or her objections and shall forever be barred from making any such objections in this Action and any appeal or other action or proceeding.

10. Class Members may opt out of the class by submitting a timely written notice of their decision to opt out of the Class and sent to the Settlement Administrator as noted in the Class Notice and postmarked no later than ninety (90) days after entry of this Preliminary Approval Order, or _____ . Such request for exclusion must include: (1) their name; (2) their address; (3) their telephone number; (4) a statement indicating whether they are a Ratepayer Subclass Member or a Resident Subclass Member, including the address where they received water and the period of time during which they received water at that address; (5) a statement indicating that they wish to be excluded from the settlement in *Lindsey v.*

3M Company, Case No. 5:15-cv-01750; and (6) their signature and the signature of a witness to their signature. Class Members who opt out of the Class will not be bound by the Settlement Agreement or receive any payment under the Settlement Agreement. Any person who fails to opt out in the manner provided herein shall be deemed to have waived his or her ability to opt out and shall forever be barred from opting out of the Class in this Action or in any appeal or other action or proceeding.

10. Class Counsel shall file their motion for Attorneys' Fees, Costs and Expenses no later than fourteen (14) days after entry of this Preliminary Approval Order, or _____, and shall file their motion for final approval of the settlement no later than sixty (60) days after entry of this Preliminary Approval Order, or _____.

11. The Court reserves judgment whether service awards may be awarded to each of the four Class Representatives. After the *en banc* matter in *Johnson v. NPAS Sols.*, LLC, 975 F.3d 1244 (11th Cir. 2020) is decided, a request for the awards may be timely renewed, for a sum for each Class Representative no greater than $5,000, and the Court will decide the matter at that time. ~~Preliminary Approval of the~~ The Class Settlement is not contingent on consideration or approval of service awards.

12. The Court has considered the due process rights of absent Class Members and finds that such rights are adequately protected.

13. If it has not already done so, Defendants shall provide notice of this proposed Class Action Settlement to the appropriate federal and state officials pursuant to the requirements of the Class Action Fairness Act, providing a copy of each such notice to Class Counsel when such notice is sent.

14. The proceedings in this case as to 3M, Dyneon, and DAI are hereby stayed, pending the final determination of whether the Settlement Agreement should be approved, except for those proceedings necessary to carry out or enforce the terms of the Class Settlement Agreement.

DONE the ___ day of _____, 2021.

D

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF ALABAMA
NORTHEASTERN DIVISION

TOMMY LINDSEY, LANETTE LINDSEY, and LARRY WATKINS, individually and on behalf of a Class of persons similarly situated, ***Plaintiffs,*** **v.** **3M COMPANY, *et al.*,** ***Defendants*.**	**Case No. 5:15-cv-01750-AKK** **Judge Abdul K. Kallon**

[PROPOSED] FINAL APPROVAL ORDER

Before the Court is the Motion for Final Approval of Class Action Settlement filed by the Class Representatives, which has not been opposed by Defendants 3M Company ("3M"), Dyneon, L.L.C. ("Dyneon"), and Daikin America, Inc. ("DAI") (collectively, the "Parties"). The Class Representatives have moved the Court, pursuant to Federal Rule of Civil Procedure 23, for a final order (1) certifying the Settlement Class pursuant to Rule 23(a) and Rule 23(b)(3) and (2) granting final approval of the proposed Settlement Agreement as fair, reasonable, and adequate under Rule 23(e). In addition, Class Counsel have moved for approval of attorney fees and expenses. The Parties' Class Settlement Agreement, dated _____, 2021 ("Settlement Agreement"), which was previously filed with the Court (Doc. ___-__), sets forth the terms and conditions for the settlement of the Class Claims,

and was preliminarily approved by the Court on _____, 2021. (*See* Doc. __). The Court also, on _____, 2021, pursuant to Rule 23(b)(3), conditionally certified the Settlement Class.

WHEREAS, the Court has considered the Settlement Agreement, accompanying exhibits and other documents;

WHEREAS, the Court held a Fairness Hearing on _____, 202_, with the Parties present through Counsel, heard presentations by Counsel concerning the Settlement, certification of the Settlement Class, the implementation of the Notice Plan and Class Counsels' Motion for Attorney Fees and Expenses; and

WHEREAS, the Court considered objections filed with the Court and the arguments of objectors.

IT IS HEREBY ORDERED THAT:

1. The Court hereby finds that certification of this action as a Rule 23(b)(3) class action is appropriate and finds that each of the elements of Rule 23(a) have been met: (1) the class is so numerous that joinder of all members is impracticable, (2) there are common questions of law or fact, (3) the claims of the class representatives are typical of their class and subclass, and (4) each of the representatives fairly and adequately represent their class and subclass. This Court also finds that, in this particular context, questions of law or fact common to the class predominate over any questions affecting individual members and that a class action

is superior to other available methods to fairly and efficiently adjudicate this controversy. The Court, pursuant to Rule 23(b)(3), certifies a Settlement Class consisting of the following two subclasses for purposes of this Settlement only:

> (1) "Ratepayer Subclass": Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and
>
> 2) "Resident Subclass": Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.
>
> Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members." Persons who

> are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the Settlement.
>
> Excluded from the Settlement Class are employees of Defendants and any entities in which Defendants have a controlling interest; any of the legal representatives, heirs, successors, or assigns of Defendants; the Judge to whom this case is assigned and any member of the Judge's immediate family and any other judicial officer assigned to this case; all persons or entities that properly execute and timely file a request for exclusion from the Settlement Class; and any attorneys representing the Plaintiffs or Members of the proposed Settlement Class.

The Court designates as representatives of the Ratepayer Subclass Tommy Lindsey and Larry Watkins. The Court designates as representatives of the Resident Subclass Lanette Lindsey and Venetia Watkins.

2. The Court has reviewed the Settlement Agreement and approves its terms.

(a) The Court finds that the Settlement Agreement is the product of informed, arm's-length negotiation by counsel and is fair, just, reasonable, valid and adequate, notwithstanding the objections that were raised at the Fairness Hearing.

(b) The Court finds that the Settlement Amount of $12,000,000.00 (twelve million dollars) will be used to fund class benefits that will directly benefit the Class Members. Based on the Court's analysis, the class benefits represent a

reasonable compromise of the relief sought by the Class Members through the Rule 23(b)(3) Class Claims.

(c) The Court finds the Class Settlement, including the plan of distribution of Settlement proceeds to Class Members, is fair, adequate and reasonable, based upon the Court's consideration of the Fed. R. Civ. P. 23(e)(2) factors: "(A) the class representatives and class counsel have adequately represented the class; (B) the proposal was negotiated at arm's length; (C) the relief provided for the class is adequate, taking into account: (i) the costs, risks, and delay of trial and appeal; (ii) the effectiveness of any proposed method of distributing relief to the class, including the method of processing class-member claims; (iii) the terms of any proposed award of attorney's fees, including timing of payment; and (iv) any agreement required to be identified under Rule 23(e)(3); and (D) the proposal treats class members equitably relative to each other." *See also Bennett v. Behring Corp.*, 737 F.2d 982, 986 (11th Cir.1984).

3. The Court finds that the Class Notice and Notice Plan were appropriate under the circumstances and were reasonably calculated to inform Class Members of the proposed Settlement, afforded Class Members an opportunity to opt out or present their objections to the Settlement, and complied in all respects with the requirements of Rule 23 and applicable due process requirements.

4. The Court finds that Class Counsel implemented the Notice Plan in compliance with this Court's Preliminary Approval Order.

5. The Court finds that Defendants provided notice of the proposed Class Action Settlement to the appropriate federal and state officials pursuant to the requirements of the Class Action Fairness Act.

6. The Court has considered the due process rights of absent Class Members and finds that such rights are adequately protected.

7. Class Counsel's Motion for Final Approval of Attorney Fees and Expenses is hereby granted, and Class Counsel are awarded $_____ for fees and not more than $_____ for expenses, per the Settlement Agreement, as part of this Settlement.

8. Under the Settlement Agreement, each of the Releasing Parties has released, waived, compromised, settled, and discharged all Released Claims.

9. All further litigation by the Plaintiffs and Participating Class Members with respect to the Released Claims is hereby enjoined.

10. There is no just reason for delay and the Clerk of Court is directed to enter this Final Approval Order as a final judgment. The Court reserves exclusive and continuing jurisdiction over the interpretation, performance, implementation, enforcement, and administration of the Settlement Agreement, and the Court's orders in this Action.

11. This Action is DISMISSED WITH PREJUDICE.

DONE the ___ day of _____, 202_.

AGREEMENT TO PARTICIPATE IN PROPOSED CLASS ACTION SETTLEMENT

I, _____, hereby declare the following:

1. I am a Class Representative in the class action lawsuit listed above and have been an active participant in this litigation on behalf of the Class Members.

2. I am aware that my lawyers and counsel for 3M Company, Dyneon, L.L.C., and Daikin America, Inc. (collectively, the "Defendants") have agreed upon a proposed Class Settlement that would settle the Class Claims against the Defendants.

3. I understand that my lawyers and counsel for the Defendants have agreed upon the terms of this Class Settlement after arm's-length negotiations.

4. In my capacity as Class Representative, I have discussed the terms of the proposed Class Settlement with my lawyers. Based upon my own judgment, belief and knowledge, and taking into account the advice and recommendations of my lawyers, I believe that the terms of the proposed class settlement are fair, adequate, and reasonable, and provide substantial benefits to the Class Members.

5. In my capacity as Class Representative, I approve the terms of the proposed Class Settlement and agree to participate in the settlement of the Class Claims against the Defendants, if approved by the Court.

Dear Customer:

When we at the West Morgan – East Lawrence Water and Sewer Authority (WMEL) release our Water Quality Report every year, we inform you about our work to provide the nearly 12,000 connections we serve with top quality water at every tap. In each report, we detail how we treat your water to levels that meet or exceed existing state and federal drinking water standards.

Today, we would like to inform you about the completion of our latest effort to continue providing you with a safe and dependable water supply and how the water you currently receive will start being treated with an additional advanced treatment process starting on/or about May 1, 2021.

At that time, WMEL will began distributing drinking water produced through the new JD Sims – RM Hames Reverse Osmosis Water Treatment Facility. Construction and testing of the reverse osmosis equipment inside the facility has been completed, and WMEL has been approved by the Alabama Department of Environmental Management (ADEM) to begin using this additional treatment as part of our drinking water production process.

There is nothing you need to do during this improvement to your drinking water. Reverse Osmosis, also known as RO, is a process that pumps water under high pressure through membranes at our facility to remove impurities. As a result, the JD Sims – RM Hames Reverse Osmosis Water Treatment Facility is specifically designed to address the past health advisories, meet current water treatment challenges, and ensure compliance with drinking water regulations that are anticipated in the future.

Because of the project, The Alabama Rural Water Association recently honored WMEL with their 2021 Water and Wastewater Utility Vision Award. The award recognizes utilities who demonstrate "Vision" for growth, improvement and expansion of their system operation by applying and being approved for a State Revolving Fund loan. The facility's construction was funded by the SRF program.

On WMEL's website – www.wmel.org – we have created an information page to provide you with important details about the facility and reverse osmosis treatment process, including a video showing how it works. We have also provided answers to frequently asked questions.

We invite you to visit our website. You can also contact WMEL's Water Quality staff by emailing us at wmelwtp@hiwaay.net. Thank you for your patience and consideration.

Sincerely,

Jeaniece Slater
General Manager
West Morgan – East Lawrence Water and Sewer Authority

Dear Courtland Water System Customer:

The mission of the West Morgan – East Lawrence Water and Sewer Authority (WMEL) is to strive to provide quality water and customer service to all of our customers. Since WMEL acquired the Courtland Water System in 2010, we have done our best to improve the level of service. However, we have spent an inordinate amount of time repairing leaks, moving and replacing meters, replacing deteriorating water mains and addressing water quality issues.

In 2020, WMEL worked with Town of Courtland leaders to help them apply for a Community Development Block Grant from the State of Alabama Department of Economic and Community Affairs (ADECA) to address the aged infrastructure. Today, we are happy to detail that Courtland was awarded a $350,000 Community Development Block Grant by the ADECA. To help with the project, WMEL is contributing $142,000 to the effort.

This letter is to inform you that later this year WMEL will begin the first of four biennial (every two years) phases of construction work to replace the deteriorated water system in Courtland. When the work is completed, all of the residents of Courtland will be transferred onto the new system. We hope our partnership with Courtland establishes a working model for collaboration that can be repeated in other locations having similar issues with their water infrastructure.

During the four phases of the project work, WMEL will:

- Install several miles of new water mains;
- Transfer customer connections to the new mains;
- Relocate water meters to the public right-of-way;
- Install new water service lines from the meter to every customer's structure;
- Install new pressure regulators and backflow preventers at every customer's structure;
- Conduct driveway and roadway repairs related to the construction work; and
- Replace existing fire hydrants.

When work takes place on your phase of the project, your water service will likely be impacted for short periods of time. You will be notified before the disruptions take place. On WMEL's website – www.wmel.org – we have created a page to provide you with important details about the entire project, including maps showing you where each of the four phases of work will be conducted. We also have answers to frequently asked questions.

We invite you to visit our website. You can also contact WMEL with questions about the project at ccameron@wmel.org. Thank you for your patience and consideration.

Sincerely,

Jeaniece Slater

Affidavit of Ralph Q. Summerford, CPA, CFE, CIRA, ABV, CFF, CDBV

I, Ralph Q. Summerford, being first duly sworn, depose and say as follows:

1. I am Ralph Q. Summerford and I am President of Forensic Strategic Solutions. I have been a Certified Public Accountant since 1971 and a Certified Fraud Examiner since 1993. I specialize in forensic accounting, financial investigations, business valuation, litigated damages and fraud examination. I have extensive experience in reviewing accounting and financial records of large and small companies, and have reviewed accounting and financial records, billings and invoices, and other documents and correspondence produced to date in this case. **Exhibit 1** is my Curriculum Vitae, which demonstrates that I have expertise to express an opinion on the calculation of damages for the purposed Class in this case.
2. Based upon my skills, knowledge, training, experience and expertise in economic damages and forensic investigations, it is my professional opinion that class members suffered damages of $14,865,497 in the form of payments posted by 17,112 residential water customer accounts of West Morgan-East Lawrence and Sewer Authority ("WMEL") and the adjacent water utilities serviced by WMEL ("WMEL spokes"). See

Table 1 below for number of accounts and damages incurred by class members for WMEL and each WMEL spoke.

Table 1

WMEL Spoke	# of Accounts	Damages	Date Ranges		
			Water Service	Billing Scope	Payment Scope
Trinity[1]	1,001	$712,452.16	10/3/2013 – 5/31/2016	10/16/2013 – 5/31/2016	11/1/2013 – 6/30/2016
Town Creek	595	719,761.65	10/3/2013 – 9/30/2016	10/16/2013 – 9/30/2016	11/1/2013 – 10/31/2016
VAW	3,512	2,590,850.68	10/3/2013 – 5/31/2016	10/16/2013 – 5/31/2016	11/1/2013 – 6/30/2016
West Lawrence	270	285,082.06	10/3/2013 – 9/30/2016	10/16/2013 – 9/29/2016	11/1/2013 – 10/31/2016
WMEL	11,734	10,557,350.65	10/3/2013 – 9/30/2016	10/16/2013 – 9/30/2016	11/1/2013 – 10/31/2016
Total	**17,112**	**$14,865,497.20**			

3. Class members include individuals who were named owners of residential water service accounts and paid bills to WMEL or WMEL spokes for the date range listed under "Water Service" on **Table 1**.
4. Damages have been calculated for water service dated October 3, 2013 through September 30, 2016 for Town Creek, West Lawrence, and WMEL, and October 3, 2013 through May 31, 2016 for Trinity and VAW. The billing dates and payment posted dates associated with the water service dates for WMEL and each WMEL spoke are listed in **Table 1** above. Damages have been calculated as the lesser of total payment or total bill amount for each residential customer water account identified within WMEL and WMEL spokes' data.

[1] Trinity is unable to produce records from January 2014 through October 2014. If an account had water charges for at least one month before January 2014 and one month after October 2014, an estimated payment amount for that account is assumed to have been paid by the customer. This assumed estimated payment amount for each account in the Trinity class is calculated as the average payment amount between October 1, 2013 and the last payment made on the account in the scope period.

5. The payout awarded to the class is $6,415,000 (six million, four-hundred and fifteen thousand dollars). The amount awarded to each account has been calculated as a pro-rated share of the award value. The dollar value of payments made on behalf of each account is calculated as a percent of total payments made for all accounts. This percent is then multiplied by the total award amount to determine each account's share of the award proceeds. Accounts for which the pro rata share of the award is less than $50.00 are rounded up to $50.00 to create a minimum total award of $50.00 for any account.[2] Accounts for which the pro rata share of the award is greater than $745.00 are rounded down to create a maximum total award of $745.00 for any account.[3]
6. **Exhibit 2** displays each class member's residential water service account number, related name and billing address for the account, and the reward allocated to each class member. I understand that for any public filing of this affidavit and the accompany **Exhibit 2**, class member names may be redacted.
7. The award allocations in **Exhibit 2** utilize billing and payment data furnished by the Town Creek, West Lawrence, WMEL, Trinity, and VAW water utilities, together with those utilities' data coding for residential water customers. Those utilities cooperatively provided explanation of their coding as needed.
8. The data utilized for the award allocations in **Exhibit 2** have been reviewed for completeness and accuracy.

I certify that the statements contained herein are true and accurate to the best of my ability.

This _____ day of October, 2021.

Ralph Summerford

Ralph Q. Summerford, CPA, ABV, CFE, CFF, CIRA, CDBV

[2] The number of accounts to receive this minimum is 1,774. The total added amount required to provide the minimum is $53,977.

[3] The number of accounts to receive the maximum amount of $745.00 is 2,221.

Settlement Notice Plan

Lindsey v. 3M Company

Case No. 5:15-cv-01750

United States District Court
Northern District of Alabama
Northeastern Division

Prepared: October 24, 2021

Program Overview

Class Definition

The Settlement Class (or Settlement Class Members) consists of:

1) Every Person who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works ("Ratepayer Class Members"); and

2) Every Person who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works ("Resident Class Members").

Strategies

Individual notice will be mailed directly to all Ratepayer Class Members and also be addressed to Resident Class Members. In addition, a schedule of paid notices will be published in newspapers, and distributed digitally on a variety of websites.

Individual/Direct Notice

Mailed Notice

- A Postcard Notice will be mailed to the addresses of all Ratepayer Class Members.
- The Postcard will be addressed to the Ratepayer, as well as household residents.
- Prior to mailing, the names and addresses will be:
  - Checked against the USPS National Change of Address (NCOA)[1] database;
  - Certified via the Coding Accuracy Support System (CASS);[2] and
  - Verified through Delivery Point Validation (DPV).[3]
- Notices returned as undeliverable will be re-mailed to any address available through postal service information.
  - For example, to the address provided by the USPS on returned pieces for which the automatic forwarding order has expired, but is still during the period that the USPS returns the piece with the new address indicated.
- Any returned mailing that does not contain an expired forwarding order with a new address indicated may be researched through a third party look-up service, if applicable.

[1] The NCOA database contains records of all permanent change of address submissions received by the USPS for the last four years. The USPS makes this data available to mailing firms and lists submitted to it are automatically updated with any reported move based on a comparison with the person's name and last known address.

[2] Coding Accurate Support System is a certification system used by the USPS to ensure the quality of ZIP+4 coding systems.

[3] Records that are ZIP+4 coded are then sent through Delivery Point Validation to verify the address and identify Commercial Mail Receiving Agencies. DPV verifies the accuracy of addresses and reports exactly what is wrong with incorrect addresses.

Daily Newspapers

- The Summary Notice will be published as an approximate eighth page ads unit once in each of the following newspapers:

City	Newspaper	Avg. Daily Circulation	Insertions
Atlana, GA	*Atlanta Journal Constitution*	90,325	1
Decatur, AL	*Decatur Daily*	12,200	1
Chattanooga, TN	*Chattanooga Times Free Press*	32,000	1
Nashville, TN	*The Tennessean*	65,000	1
Moulton, AL	*Moulton Advertiser*	12,623	1
Florence, AL	*Florence Times Daily*	11,800	1
Huntsville, AL	*Huntsville Times*	12,000	1
TOTAL		**235,948**	**7**

Digital Media

Approximately 3.75 million impressions will be distributed programmatically over a variety of websites, as well as the social media site Facebook. The impressions will appear on both mobile and desktop devices for a period of 30 days. The online ads will be geographically targeted to Adults in Alabama, Tennessee, and Georgia.. All digital ads will include an embedded link to the case website. The following counties will be targeted within each state.

State	County	State	County	State	County	State	County
AL	Blount	GA	Cobb	GA	Mitchell		
AL	Calhoun	GA	Colquitt	GA	Monroe

U.S. DISTRICT COURT
N.D. OF ALABAMA

EXHIBIT

5

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHER DISTRICT OF ALABAMA NORTHEASTERN DIVISION

TOMMY LINDSEY, LANETTE LINDSEY, and LARRY WATKINS, individually and on behalf of a Class of persons similarly situated Plaintiffs, vs. 3M COMPANY, DYNEON, L.L.C., and DAIKIN AMERICA, INC., Defendants.	Case No. 5:15-cv-01750-AKK CLASS ACTION **DECLARATION OF JANETH ANTONIO RE: NOTICE PROCEDURES**

I, Janeth Antonio, declare and state as follows:

1. I am a Senior Project Manager with KCC Class Action Services, LLC ("KCC"), located at 1 McInnis Parkway, Suite 250, San Rafael, CA 94903. Pursuant to the Preliminary Approval Order (the "Preliminary Approval Order") dated November 10, 2021, the Court appointed KCC as the Claims Administrator in connection with the proposed Settlement of the above-captioned Action.[1] I have personal knowledge of the matters stated herein and, if called upon, could and would testify thereto.

CLASS LIST

2. On November 15, 2021, KCC received from Forensic Strategic Solutions five separate lists, Town Creek 211115.xlsx; Trinity 211115.xlsx; VAW 211115.xlsx; West Lawrence 211115.xlsx; WMEL 211115.xlsx; and one comprehensive list; ALL Utilities combined Exhibit 2 - Unredacted 211103.xlsx, of 17,112 persons identified as the Class List. The Class List included names, service addresses, account numbers, billing addresses, award amounts, and names of the Utility companies. KCC formatted the list for mailing purposes and processed the names and addresses through the National Change of Address Database ("NCOA") to update any addresses on file with the United States Postal Service ("USPS"). A total of 1,077 addresses were found and updated via NCOA. KCC updated its proprietary database with the Class List.

MAILING OF THE NOTICE PACKET

3. On December 10, 2021, KCC caused the Postcard Notice to be printed and mailed to the 17,112 names and mailing addresses in the Class List. A true and correct copy of the Notice Packet is attached hereto as Exhibit A.

4. Since mailing the Postcard Notice to the Class Members, KCC has received 36 Postcard Notices returned by the USPS with forwarding addresses. KCC immediately caused the

[1] All capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Class Settlement Agreement, dated October 26, 2021 (the "Stipulation") and/or the Preliminary Approval Order.

Postcard Notice to be re-mailed to the forwarding addresses supplied by the USPS.

5. Since mailing the Postcard Notices to the Class Members, KCC has received 1,186 Postcard Notices returned by the USPS with undeliverable addresses. Through credit bureau and/or other public source databases, KCC performed address searches for these undeliverable Postcard Notices and was able to find updated addresses for 249 Class Members. KCC promptly re-mailed Postcard Notices to the found new addresses.

PUBLICATION OF THE SUMMARY NOTICE

6. KCC caused the Summary Notice to be published in the December 15, 2021 editions of the *Atlanta Journal-Constitution, Chattanooga Times Free Press, Decatur Daily, Florence Times Daily, Huntsville Times,* and *The Tennessean*, and the December 16, 2021 edition of the *Moulton Advertiser*. A true and correct copy of the Summary Notice as it appeared in each newspaper on each date is attached hereto as Exhibit B.

7. In addition, KCC purchased approximately 3,750,000 impressions to be distributed programmatically on various websites and on Facebook from December 10, 2021 through January 9, 2022. The impressions were geographically targeted to adults 18 years of age and older in: Blount, Calhoun, Cherokee, Cleburne, Colbert, Cullman, DeKalb, Etowah, Fayette, Franklin, Jackson, Jefferson, Lamar, Lauderdale, Lawrence, Limestone, Madison, Marion, Marshall, Morgan, St Clair, Walker, and Winston counties in Alabama; and Baker, Bartow, Butts, Chattooga, Calhoun, Carroll, Catoosa, Chattahoochee, Cherokee, Clay, Clayton, Cobb, Colquitt, Coweta, Crawford, Crisp, Dade, Dawson, Decatur, DeKalb, Dooly, Dougherty, Douglas, Early, Fannin, Fayette, Floyd, Forsyth, Fulton, Gilmer, Gordon, Grady, Gwinnett, Haralson, Harris, Heard, Henry, Houston, Lamar, Lee, Lumpkin, Macon, Marion, Meriwether, Miller, Mitchell, Monroe, Murray, Muscogee, Paulding, Peach, Pickens, Pike, Polk, Quitman, Randolph, Schley, Seminole, Spalding, Stewart, Sumter, Talbot, Taylor, Terrell, Thomas, Troup, Union, Upson, Walker, Webster, Whitfield, and Worth counties in Georgia. As of January 5, 2022, KCC has caused to be delivered approximately 3,788,823 impressions. The digital media campaign will continue to deliver until January 9, 2022. Confirmation of the digital notices as they appeared on

a variety of websites is attached hereto as Exhibit C.

SETTLEMENT WEBSITE

8. On or about November 16, 2021, KCC established a website www.WMELDrinkingWaterSettlement.com dedicated to this matter to provide information to the Class Members and to answer frequently asked questions. The website URL was set forth in the Postcard Notice, Long Form Notice, Opt-Out Form, and Summary Notice. Visitors of the website can download copies of the Notice, Claim Form, and other case-related documents. Visitors can also submit claims online or opt-out. True and correct copies of the Long Form Notice, Claim Form, and Opt-Out Form are attached hereto as Exhibits D, E, and F. As of January 5, 2022, there have been 3,451 users, 4,090 sessions/hits (active visits to the website), and 9392 page views of the website.

TELEPHONE HOTLINE

9. KCC established and continues to maintain a toll-free telephone number 1-888-890-6713 for potential Class Members to call and obtain information about the Settlement, request a Notice Packet, and/or seek assistance from a live operator during regular business hours. The telephone hotline became operational on December 10, 2021. As of the date of this declaration, KCC has received a total of 646 calls to the telephone hotline. KCC has received 227 telephone requests for long-form Notices to be mailed.

CLAIM FORMS

10. The postmark deadline for Class Members to file claims in this matter is April 15, 2022. To date, KCC has received 890 timely-filed claim forms. KCC expects additional timely-filed claim forms to arrive up through the postmark deadline of April 15, 2022.

REPORT ON EXCLUSION REQUESTS RECEIVED TO DATE

11. The Notice informs Class Members that requests for exclusion from the Class

must be postmarked no later than February 10, 2022. As of the date of this declaration, KCC has received three requests for exclusion. A list of the Class Members requesting to be excluded is attached hereto as Exhibit G.

OBJECTIONS TO THE SETTLEMENT

12. The postmark deadline for Class Members to object to the settlement is February 10, 2022. As of the date of this declaration, KCC has received zero objections to the settlement.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed on January 10, 2021 at San Rafael, California.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? If this Notice was addressed to you, you have been identified as a Ratepayer Class Member who is included in the settlement. In addition, residents of your home may also be included in the settlement as Resident Class Members. Resident Class Members include everyone who currently resides in AL, GA, or TN and, for at least six months (a) between 10/5/13 and 9/29/16, for customers of WMEL, Town Creek Water System, and West Lawrence Water Cooperative (Route 20 only), or (b) between 10/5/13 and 5/31/16, for customers of V.A.W. Water System (Routes 08-19 only) and Trinity Water Works, owned or resided in a residential unit that received water originating with WMEL, directly or through the Town Creek Water System, West Lawrence Water Cooperative (Route 20 only), V.A.W. Water System (Routes 08-19 only), or Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,600,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representatives' service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

Class Member options. If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by February 10, 2022. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by February 10, 2022. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

Fireball from overturned tanker kills dozens in Haiti

By Pierre-Richard Luxama and Evens Sanon
Associated Press

A firefighter stands next to the remains of a truck that was carrying gasoline and overturned in Cap-Hatien, Haiti, on Tuesday. The truck exploded, engulfing cars and homes in flames, killing more than 50 people and injuring dozens of others. [AP PHOTO/JOSEPH ODELYN]

CAP-HAITIEN, Haiti — A gasoline tanker overturned and exploded in northern Haiti, unleashing a fireball that swept through homes and businesses on its way to killing at least 60 people in the latest disaster to befall the Caribbean nation.

The blast occurred shortly after midnight in Cap-Haitien, Haiti's second largest city, along the northern coast. Hours later, at dawn Tuesday, buildings and overturned vehicles were still smoldering as firefighters covered the burned bodies of the young victims in white sheets and loaded them onto the back of a construction truck.

Hundreds of Haitians — who aren't easily shocked amid so much of their country's misfortune — looked on from rooftops in disbelief at the loss of so much life.

"It's horrible what happened," said Patrick Almonor, deputy mayor of Cap-Haitien, adding that he expects the death toll to rise as first responders comb through buildings gutted by the fire. "We lost so many lives."

Early reports indicate that the tanker was trying to avoid an oncoming motorcycle when it flipped. Onlookers then rushed to the scene with buckets to scoop up what they could of the tanker's valuable cargo, likely for resale on the black market, as the fuel spilled toward a nearby pile of simmering trash, Dave Larose, a civil engineer who works in Cap-Haitien, told The Associated Press.

In recent months, Haiti has been battered by severe fuel shortages that have shuttered gas stations, sent gas prices on the black market spiraling and forced hospitals and businesses to close as the U.S. and Canadian governments have urged their citizens to leave while they still can.

The shortages are the latest manifestation of a society on the brink ever since the July 7 assassination of President Jovenel Moise and a 7.2 magnitude earthquake a few weeks later that killed more than 2,200 people and destroyed tens of thousands of homes.

The country of more than 11 million people also has been hit by a spike in gang-related kidnappings, including 17 missionaries with a U.S. religious organization who were abducted in mid-October. Five of them have been released but another 12 are still being held.

"It's terrible what our country has to go through," Larose said.

Hospitals in Haiti's second largest city seemed ill equipped to deal with the disaster. One facility overwhelmed with burn victims pleaded for basic supplies and more medical staff.

Prime Minister Ariel Henry, himself a physician, announced that he would deploy field hospitals and travel to the area in the company of a large contingent of medical professionals. He also declared three days of national mourning.

"The entire Haitian nation is grieving," he tweeted.

Poll: Women say they do most chores, child care

By Barbara Ortutay
Associated Press

When it comes to household duties such as changing diapers, handling chores and meals and managing family schedules and activities, many couples who don't have children expect that they will more or less share the work equally should they have kids one day.

The reality is not quite so rosy — at least for mothers.

A new poll from the University of Chicago Harris School of Public Policy and The Associated Press-NORC Center for Public Affairs Research found that although women generally expect to do more in their household, Americans without children are still more optimistic that they would share responsibilities equally with a partner compared with what parents report actually happens. That's true even when factors such as the age of respondents are taken into account.

The poll asked about eight specified household responsibilities and found that 35% of mothers report doing more than their partner for all eight, compared with just 3% of fathers who report the same. For instance, about half of mothers said they are completely or mostly responsible for providing transportation to their kids, while only about a quarter of fathers said they are responsible for all or most of it.

By contrast, majorities of both men and women who are not parents said that if they did have kids they'd share equally in things like providing transportation, changing diapers and attending to children waking up at night.

A new poll from the University of Chicago Harris School of Public Policy and The Associated Press-NORC Center for Public Affairs Research found that although women generally expect to do more in their household, Americans without children are still more optimistic that they would share responsibilities equally with a partner compared to what parents report actually happens. [AP PHOTO/NAM Y. HUH, FILE]

Mothers and fathers had different ideas about who does the bulk of household chores. For instance, 21% of mothers said they and their partner both equally attend to children if they wake up at night, while 49% of fathers said the same thing. So who is right?

"When you look at time use data, women are more correct than men," said Yana Gallen, assistant professor at the University of Chicago Harris School of Public Policy, who worked on the poll.

Life can also complicate the best-laid plans. Liana Price, 35, who has a 4-month-old baby who came as a "very much wanted surprise" during the height of the coronavirus pandemic when Price was undergoing chemotherapy treatments on her hands and had a pregnancy complication, said she stopped working in January as a result of everything going on.

"Things just kind of changed very drastically. And suddenly for us, we didn't really have like a plan," Price said. While Price and her husband had planned to both work full time, with her taking maternity leave offered by her job as a registered nurse, instead she quit her job and they began to run through savings.

Still, she says she and her husband divide child care equally — including attending to night wakings.

"When I was breastfeeding, there was no point in him getting up in the middle of the night. But now that I'm formula feeding, we alternate nights," she said. "However, during the day my husband does work from home. He travels, too.

NY ethics board tells Cuomo to return money for book

By The Associated Press

ALBANY, N.Y. — Former Gov. Andrew Cuomo was ordered by New York's ethics commission Tuesday to give up millions of dollars a publisher paid him to write a book about his response to the coronavirus pandemic.

An attorney for Cuomo immediately called the action unconstitutional and promised a fight.

Cuomo was directed to turn over proceeds earned from "American Crisis: Leadership Lessons from the COVID-19 Pandemic" within 30 days under a resolution approved 12-1 by the Joint Commission on Public Ethics, according to multiple media reports.

The order came a month after the commission voted to rescind the ethics approval it had given Cuomo before he entered into the $5.1 million book deal.

"American Crisis" was published in October 2020, months before Cuomo resigned amid findings he sexually harassed 11 women. It was published by Crown Publishing Group, a division of Penguin Random House.

The staff of the commission granted approval of the deal in July 2020, when his counsel told the commission that Cuomo agreed to not use any state personnel or resources to produce his book and that he would write it "entirely on his own time." But complaints later surfaced that state property, resources and personnel were used to prepare, write, edit and publish the book.

Cuomo has acknowledged that state employees helped with tasks including editing the manuscript. But he's claimed that those employees were volunteering.

"JCOPE's actions today are unconstitutional, exceed its own authority and appear to be driven by political interests rather than the facts and the law," Cuomo attorney Jim McGuire said in a prepared statement.

Legal Notice 450415-1

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works. Resident Class Members are defined as everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,600,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representative service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

What are my options? If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by **February 10, 2022**. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by **February 10, 2022**. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Fairness Hearing. The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

21 ALABAMIANS WHO MADE A DIFFERENCE IN 2021

A tornado hit his house, he stayed on the air.

Howard Koplowitz *hkoplowitz@al.com*

You're at work. Your house is in a tornado polygon. You learn your house just got hit, and your wife is inside. What do you do?

For James Spann, on March 26, that scenario wasn't a hypothetical.

While on the air, Spann's home was in the path of an EF3 tornado with his wife inside.

"I texted my wife while on the air, I said, 'Shelter now,' with eight exclamation points," ABC 3¾0 chief meteorologist recalled in an interview with AL.com. "She immediately texted back, 'I'm there.' "

Spann's wife, Karen Spann, had already been in the shelter the couple built for their Shelby County home that is able to withstand an EF5 tornado when her husband urged her to get to safety.

"Our home was in a polygon 20 to 25 minutes before the tornado got there. We joke about it all the time, but she respects the polygon," Spann said, referring to his catchphrase.

But the tornado uprooted trees in the Spanns' backyard and their home sustained shingle damage.

Once he learned his wife was not harmed, James Spann said there was virtually no debate about what he would do. He kept working, informing ABC 3¾0 viewers on the tornado's path and urging them to stay safe.

"If I stop (covering the tornado), what good does it do?" Spann said, believing that his public service that day trumped how the tornado personally affected him.

"I've been doing this a long time and when you're working a tornado event like that, it's almost like being on a battlefield," he said. "You are in the middle of an intense job that can often directly impact the safety of people and their lives."

About 15 minutes after Spann learned what happened to his home, station general manager Eric Land waved a cell phone and gave a timeout signal to the meteorologist so Spann could speak to his wife while colleague Taylor Sarallo led the tornado coverage.

Spann said during that conversation, his wife told him the roof was intact, for which he was grateful because "so many houses lost their roofs" from the tornado.

Spann said he feared that if he went off the air, viewers would lose vital photos and videos that Spann gets sent to him on social media and then shares on air.

"People respond to video, they don't normally respond to radar," Spann said.

"You can't just stop doing tornado coverage," he said. "My concern wasn't for us, it was for all these precious people that lost their homes."

Meanwhile, Spann said he was grateful for Ginger Zee, chief meteorologist for ABC News in New York City, who was in Birmingham covering tornadoes and "walked a mile through debris just to go check on" his wife.

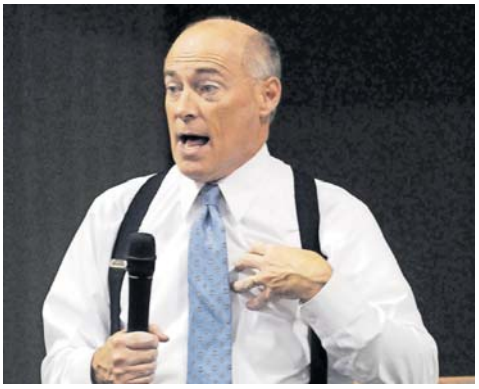
Spann said there was sheetrock dust all over his home, but he didn't need to be displaced from the tornado while others in Shelby County lost their houses. He later said he will remain forever grateful for a prayer group that helped him and his wife start getting their lives back to normal, and the group who helped clean the debris in his neighborhood.

"What they did, I can never, ever repay them," he added. "I told them, 'Look, next time y'all go out on a mission, I'm in.' I'm not the best chainsaw guy, and I can't work some of this heavy equipment, but man, I can pick stuff up and carry stuff. I just want to pay somebody back for what they did for me."

Spann said, "It's just another reminder ... tornadoes don't always happen in Pleasant Grove and Oak Grove and Pratt City ... they can happen anywhere and it doesn't matter, we just got to get people ready."

The silver lining of the tornado, according to Spann, is what was left after his trees were uprooted.

"Now we got an incredible view of the sunset, so you have to look at it positively," he said.



James Spann said continuing coverage was a no brainder once his family was safe. *File*

About this series

This story is part of AL.com's series "21 Alabamians who made a difference in 2021," highlighting people who have made our state a better place to live this year. Stories in this series will publish each day on AL.com through Dec. 31. Find them at al.com/topic/21Alabamians.

ALABAMA POLITICS

Survey shows close race between Brooks and Britt

A survey conducted over four days last week by the polling firm McLaughlin & Associates shows a close race between Congressman Mo Brooks and first-time candidate Katie Britt for the Republican nomination in Alabama's U.S. Senate race.

Asked which candidate they would vote for if the primary was held that day, 31.4% of respondents picked Brooks and 26.2% picked Britt.

Former U.S. Army aviator and businessman Mike Durant was the choice of 16.6% of respondents, while 4% picked Prattville businesswoman Jessica Taylor. The remaining 21.8% of respondents were undecided.

"I think what this tells you is the race is pretty much wide open at this point in time," said Jim McLaughlin, president and partner of the polling firm, which is not working for any of the candidates in the race. "It tells you the race is still fluid."

The survey of 500 likely voters in the Republican primary was conducted by live phone interviews and text messages from Dec. 6-9. The margin of error was 4.5%.

The primary is May 24. The race is for the seat Sen. Richard Shelby will leave when he retires in 2023.

The Britt campaign said the poll shows Britt, former chief of staff for Shelby, has the momentum over Brooks, who is serving his sixth term in Congress representing Alabama's 5th District.

"It is clear the Alabamians want fresh blood in the Senate, not a do-nothing, 40-year career politician," Sean Ross, spokesman for the Britt campaign, said in an email. Brooks sent a statement in response to the poll results, and noted the endorsement of former President Trump, who was viewed favorably by 86% of the respondents in the poll.

"I am very pleased to be leading in this Senate race," Brooks said. "The lead is, in large part, because President Trump's endorsement confirms that there is only one proven MAGA conservative in this race and that proven MAGA conservative is Mo Brooks."

When the respondents were asked to pick between Britt or Brooks, 38.8% chose Britt, 36.6% chose Brooks, and 24.6% were undecided. *Mike Cason*

Legal Notice

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works. Resident Class Members are defined as everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,660,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representative service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

What are my options? If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by **February 10, 2022**. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by **February 10, 2022**. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Fairness Hearing. The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

Want more information? For more information, go to www.WMELDrinkingWaterSettlement.com, or call 1-888-890-6713.

Jesse Owens Museum awarded $50,000 to continue educational outreach

By Chelsea Retherford
Staff Writer

The legacy of Olympian Jesse Owens continues to reach children from Lawrence County and statewide thanks to educational programs offered at the Jesse Owens Park and Museum.

The Jesse Owens Museum was recently awarded a $50,000 grant from state legislators to continue its work in educational programs, according to Museum Director Nancy Pinion.

"I want to thank Rep. Proncey (Robertson), because he worked really hard to get that money," Pinion said. "If it hadn't been for (Robertson) and Sen. (Garlan) Gudger, we probably would not have made it through COVID. They were down there taking care of us in Montgomery, and that's made a tremendous difference. They really are great assets to Lawrence County, and we appreciate the both of them."

Although the COVID-19 pandemic has stifled attendance at the museum, Pinion said school field trips and programs for children are picking back up.

"I think people are feeling more comfortable about getting out. We're having out-of-state tourists again, so we're excited about that…We've got quite a few field trips booked for the spring," she said.

Rep. Robertson, R-Mt. Hope, said he hopes the grant will draw even more attention and visitors to the park and museum in Oakville.

"I encourage more people to learn about Jesse, the positive impact he had, especially in his day and time and the challenges he faced. There are so many lessons to be learned from his life," Robertson said. "Hopefully, we're going to be working together to do some other things to promote Jesse and his memory and legacy here in Lawrence County."

Owens, who was one of 10 children born to a pair of Oakville sharecroppers, won four track-and-field gold medals at the Berlin Olympics. The feat gained him international fame because it refuted German leader Adolf Hitler's theory of Aryan supremacy.

Owens became the first Black Olympian to win four gold medals in a single Olympic Game, according to the U.S. Olympic Committee. He set Olympic records winning the 100-meter dash (10.3 seconds), 200-meter run (20.7 seconds), long jump (26 feet, 5.25 inches) and the 4x100 relay (39.8 seconds).

Pinion said students and even adult visitors have much to take away from learning of the world-renowned athlete's life.

"Jesse was very interested in school children and their futures," she said. "He came from poverty and faced racism, which was pervasive at that time, yet he became what he did and achieved so much. When we have school groups come, that's the message we try to convey to them: 'Jesse's message to you is that you can become anything you want to be as long as you work hard, set your goals, and keep working at it."

Robertson agreed.

"He absolutely is a role model," he said. "It's really easy in a rural community like ours to forget what an asset the park and museum are. We have our share of poverty here as well, but we have this tremendous resource for families and kids to be reminded that it really doesn't matter where you come from. If you work hard, you can accomplish anything in this country."

He said the Jesse Owens Museum is not only an educational resource for local students, but also a great tourism asset for the state, drawing many visitors from around the world to North Alabama.

Though state funding for tourism and economic development has dwindled over the last few years, Robertson said he hopes to continue to be a part of the growing efforts at the Jesse Owens Museum.

"We were thankful to be able to get at least this one-time appropriation for this year, and we're hoping that we can continue that and get a more sustained financial income for these folks here and make sure that this facility stays open," he said. "We're very proud to have the museum here in Lawrence County as a local asset and a tourist attraction, and we want to do everything we can to support that."

Rep. Proncey Robertson, R-Mt. Hope, presented a $50,000 grant to the Jesse Owens Park and Museum last Thursday. Pictured from the left are Museum Administrative Assistant Karen Hood, Museum Director Nancy Pinion and Rep. Robertson.

Pinion estimated that attendance at the Jesse Owens Museum fell 95% over the past year, even during an Olympic year when the museum typically sees attendance quadruple. Despite the COVID-19 pandemic, she said the museum has been able to employ Administrative Assistant Karen Hood part-time to assist with marketing and outreach projects.

The Jesse Owens Park and Museum was awarded $15,000 from the Alabama Humanities Alliance in the fall, which provided additional relief amid the pandemic. Pinion said the Jesse Owens family has helped fundraise for the museum, resulting in another $10,000 to $15,000, to assist with operational expenses as well.

The Jesse Owens Museum is located at 7019 County Road 203 in Danville and is open from 10 a.m. to 4 p.m. Monday through Saturday, 1 p.m. to 4 p.m. on Sundays, and by appointment.

For more information, contact 256-974-3636 or visit the Jesse Owens Memorial Park website.

Commission

Continued from front page

ees under the $70,260 salary limit. She said elected officials do not qualify for the premium pay.

Pankey said the four employees above the limit will be paid the bonus from the county's general fund.

"All of our employees are essential. If they weren't, they wouldn't be on the payroll," Pankey said. "A company, a county, a state—any organization is only as good as their employees. We have a dependable workforce, and this is just one way we can show our appreciation."

The one-time bonus will be paid to employees during the next two paid periods. Pankey said guidelines for the federal spending prevented commissioners from paying the employees' premium in one lump sum.

In the commission's work session last Tuesday, Pool said he would like for employees to get a portion of the money before Christmas. He said county paychecks are issued twice a month.

"It's a good opportunity for us to give something to our employees," Pankey added. "Up until last year, it was a long time before they even got a pay raise."

He said a large portion of the ARPA money not used for employee premiums will go towards county projects such as renovation of the historic courthouse in downtown Moulton.

Kelly Howard, construction manager on the courthouse project for Martin & Cobey Construction Inc. of Athens, told commissioners Tuesday he feels some ARPA money could be used for heating and cooling, plumbing and possible design of offices in the old courthouse.

"HVAC is where most of the money is spent," Howard said. "It's important to keep the air fresh so you don't get stagnant air that could allow COVID in the room."

Pankey said the commission expects about 30% of the cost on the overall renovation to go towards heating and cooling.

"We still don't have any final numbers," he said. "The courthouse is environmentally clean, which means we've removed asbestos and mold. We still have some water issues and have to reroute some plumbing. It could be six months before we get the architectural plan."

The County Commission undertook the project of restoring the 1936 structure in August and announced a demolition phase was completed by the end of September.

Howard estimated the project to take at least three years to complete once designs are finished and said the project could cost $6 million to $7 million, taking into account "volatile material costs" due to the pandemic.

COTS

Continued from front page

members said.

The annual COTS event began in 2019, with a trail of 100 Christmas trees, sponsored and decorated by local businesses, organizations, and individuals.

Last year, in spite of the COVID-19 pandemic, the trail featured 135 trees and other holiday displays, but has grown to include around 170 trees this year, as well as other holiday displays and "Instagramable/selfie" opportunities for visitors.

"We are so excited for this year, and we are anticipating it being our best year yet," the COTS Committee said on social media. "We can't thank the community enough for the continued support we receive in order to make Christmas on the Square happen."

The Christmas on the Square tree trail will be open to the public nightly in December until the trail closes on Jan. 1. Visitors and locals are invited to stroll the trail at their leisure, night or day, as long as the trees and decorations are up.

To keep up with other happenings and events coinciding with 2021 COTS, visit the Lawrence County Christmas on the Square Facebook and Instagram pages. Visitors to the trail are also encouraged to share their photos of the events and decorations by including the hashtag #COTS42 when posting to social media.

Teresa Woodruff / Moulton Advertiser

The 2021 Christmas on the Square trail features 170 Christmas trees and other holiday decorations.

Legal Notice

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. DEADLY TORNADO OUTBREAK

Couple was helping others when tornado struck their home

Joseph Gerth
Louisville Courier Journal
USA TODAY NETWORK

MAYFIELD, Ky. — Billy Patterson was already in his pajamas Friday night watching the weather reports on Channel 6 when it became clear that a huge tornado, one that had already been on the ground far too long and destroyed far too much, was bearing down on Mayfield.

His wife, Barbara Patterson, 68, was on the other side of town — a little over an hour into a 12-hour shift taking care of an elderly couple for whom she works giving them their medicine, cooking their meals and keeping their house neat.

"Well, she can't handle two people herself if it hits," Billy Patterson thought, as he climbed out of his recliner, got dressed, jumped in his pickup truck and headed about 14 blocks away to where his wife's employers live.

"He said something told him to go," said Billy and Barbara Patterson's son, Keith, who lives in the tiny community of Cuba, about 11 miles south of Mayfield. "We know what that was — the grace of God."

While Billy Patterson was on the southwest side of town helping his wife protect her patients, the tornado cut a scar through his northeast Mayfield neighborhood.

Some houses were almost completely flattened.

The home that the Patterson's paid $25,000 for in 1985 and had lived in for 36 years, creating memories with their children, grandchildren and great grandchildren, was left standing but likely beyond repair.

The floor in the front room was tilted at an unnatural angle.

The entire roof was missing, and on Monday as family members moved out furniture, food and other possessions, they could look up and see the clear blue sky in a couple of rooms where the drop ceilings and plasterboard had been blown away.

The old home on North 6th Street not far from East Lee Street, sits in an area of Mayfield that could best be described as organized chaos on Monday, which was an upgrade to what it was a day or two earlier.

By Monday, cleanup crews were using bobcats and even heavier equipment to scrape away the debris that used to be lives and deposit it on the edge of the street so crews with dump trucks could haul it away.

Billy Patterson didn't even know his house was destroyed until about 2 a.m. Saturday morning after he had helped his brother-in-law shore up his home and then heeded a call for volunteers to help move people out of a nursing home on the edge of his neighborhood.

"When I saw it, I said, 'Lord, you gave it (the house) to me. You're going to have to give me another one,'" Patterson recalled.

Barbara Patterson talks to her sister on the phone as she stands outside her house, which was destroyed in the weekend tornado that struck Mayfield.
JOSEPH GERTH/THE COURIER JOURNAL

Barbara Patterson didn't see the house until daybreak that morning.

"I broke down," she said.

What's heart-wrenching for the Patterson's is they don't have home-owners insurance. Billy said the insurance cancelled his policy a few years ago and he couldn't pay the $4,000 annual premiums charged by another insurance agency.

Retired and 69, he said he often couldn't pay for his insulin and other drugs to treat his diabetes and other infirmities people his age get if it wasn't for someone in town who throws odd jobs to him from time to time.

Keith Patterson had taken time off from the Hobby Lobby in Paducah Monday to help his folks. He'd probably take off Tuesday, too. "But I'm in retail. It's hard to take off this time of year."

One of his bosses had already brought him supplies and hugged him. "They've been great," he said. Nevertheless, he's worried about taking off too much time before Christmas.

But that's the least of his worries.

They need to find a home for his parents and preferably one in Graves County so they're near the rest of the family.

And he's making plans to strip the electrical wiring from the old home his parents bought when he was 12, and sell it to help his parents survive.

"There's a lot of copper in this house," he said.

Meanwhile, Billy Patterson is putting his trust in God and the federal government to get him and his wife through this.

"They said (the Federal Emergency Management Administration) was going to be here in the neighborhoods, walking around and helping," he said. "I'm praying I see them soon."

Joseph Gerth can be reached at 502-582-4702 or by email at jgerth@courierjournal.com.

Small town of Mayfield, Ky., left in ruins by tornadoes.

Associated Press

WINGO, KY. — She arrived at the shelter sobbing. Her house was gone, along with everything in it. On the phone, Victoria Byerly-Zuck begged her neighbors to search the wreckage for the one thing she could not bear to lose.

It was a plexiglass box, about the size of a medicine cabinet, and inside was all she has left of her infant son who died four years ago: his cremated ashes, his photos, the first and only outfit he ever wore.

The 35-year-old was surrounded at this makeshift shelter by others who lost everything when a deadly tornado tore apart their small town of Mayfield. Their downtown was demolished. Hundreds of houses were reduced to rubble. They lost cars, wallets, clothes, Christmas presents, all their furniture, photos and priceless family heirlooms.

More than 100 survivors are here, at a church in the nearby town of Wingo, population 600, that opened its doors in the hours after the tornado touched down and now no one knows how long it will have to remain open. One 82-year-old widow with no home to go to asked volunteers how long she could stay, and they told her as long as she needed to.

Byerly-Zuck's 3-year-old son spent a day trying to climb into any car that came and went from this shelter.

"He wants to go home," she said. He has autism and is nonverbal. She doesn't know how to make him understand they don't have one anymore.

They'd been alone at their rented house in downtown Mayfield when the storm roared in. She piled pillows in the bathtub and laid him on top of them. As the windows burst, she grabbed the essentials for her son: a bag of diapers, some wipes, a few changes of clothes, a gallon of milk. It did not occur to her that those hastily selected items would be all they'd have left.

She got back to the bathroom and closed the door just as a tree uprooted and fell into the house, feet from where they cowered. She climbed onto the edge of the tub, trying to balance her body to shield her son without crushing him beneath her.

She prayed to God to save him: "Please let us make it through this. I don't care about anything else. Everything else is replaceable, but he is not replaceable."

She'd buried a baby before, and all she could think was that she could not do it again. In 2017, she was pregnant, learned she was carrying a boy and picked a name. The very next day, her water broke and the doctors couldn't save him. He was born premature at 22 weeks, and his lungs weren't developed. He gasped for breath once and died moments later. She lives in that moment every day in her mind.

"I can't live through it again. I really can't. I just got my one son now," she said.

As he lay in the bathtub while the storm passed, she realized they were trapped. The fallen tree and debris had blocked the bathroom door. Crying and choking, she couldn't scream for help. She smashed a hole through the drywall, and turned the flashlight on and off to signal that someone was inside. The National Guard came and dug them out.

That very morning, she'd wrapped her son's last Christmas present – $300 worth of gifts she'd bought for him. As they fled their ruined home, the only things standing were the bathroom where they'd been and one other room – all those presents were under the rubble.

A neighbor called her later that night to tell her the rest of the house crumbled, and she begged them to search for the box with her baby's ashes.

Now they're surrounded by rows of cots and people who had been strangers. They play together on the pool table in the corner that the church set up for now-homeless kids. There are people here in their 80s and 90s, babies, dogs, including a little one named Jingles.

On Monday afternoon, volunteers scrambled to set up more cots because they expected to absorb 40 more people from other shelters that sprung up in the hours after the storm, never intending or equipped for people to stay but unwilling to turn anyone away.

A health care company pulled a trailer into the lot. They are trying to find an outdoor shower facility and a laundry truck, because they're fearful this might be the only long-term solution for many of the displaced. Volunteers scramble around. "I've got two that need undergarments," one said. "Do we have socks?"

Byerly-Zuck's son is used to having a routine: bed at 8 p.m., a nap in the afternoon. But he's having trouble sleeping. She can't get him to go down for a nap, and she couldn't get him to sleep on the cot they share until after midnight Sunday. She is worried about what all this uncertainty is doing to him.

He's close to his grandfather, who is at a Nashville hospital recovering after his home collapsed onto him. Their neighbor died. Other people they know in nearby apartments are missing.

"I will need therapy after this; we will all need therapy," she said, because here they exchange stories of the horrors they survived, and the people they know who didn't.

She answers many questions about their future the same way: "I don't know." She's desperate and sad – she doesn't even have a driver's license anymore – but she tries to pretend she isn't scared so her son won't get scared, too.

"He's all I've got," she said. "We lost everything."

She guesses they'll spend Christmas in the shelter.

All she can think to do is pray.

There was one blessing, she said: On Sunday night, a neighbor called and said they'd found the box with her baby's ashes, unbroken, amid the rubble.

Volunteers, mostly from the Mayfield Consumer Products factory, help salvage possessions from a destroyed home in Mayfield, Ky., in the aftermath of tornadoes that tore through the region Monday. GERALD HERBERT/ASSOCIATED PRESS

BY THE NUMBERS

A look at unprecedented devastation left behind

Washington Post

As rescue teams and volunteers combed through debris across nine states this weekend looking for survivors, the unprecedented scale of devastation left behind by the storm began to come into focus.

Homes and businesses had been torn from their foundations. Two warehouses had collapsed, trapping and killing employees. Hundreds of thousands of Americans were left without power in mid-December, forcing Kentucky and Tennessee to open shelters where people could warm themselves.

In hardest-hit Kentucky, where multiple tornadoes touched down Friday night and into Saturday morning, Gov. Andy Beshear said Monday that 74 deaths had been confirmed. Both the human and economic costs of this 200-mile-long extreme weather event are still being tabulated. Here is a look at the devastation, by the numbers.

9
States impacted by the outbreak of tornadoes
The National Weather Service received tornado reports from nine states, but most destruction was concentrated in northeast Arkansas, southeast Missouri, northwest Tennessee and western Kentucky. The largest tornado, which also could have been a series of tornadoes, trekked 250 miles across the four states and caused numerous deaths and major damage.

1
The deadliest tornado event in December in modern U.S. history
Before this year, the highest number of tornado-related fatalities during the month of December was 49 deaths in 1953.

250
The potential track length in miles, making it a contender for the longest path ever
Carving a 250-mile course from Arkansas to Kentucky, the quad-state tornado could be the longest tornado path in U.S. history if confirmed by the National Weather Service.

11 hours
The life span of the storm
The rotating thunderstorm that tore through four states began around 3:30 p.m. on Dec. 10 and continued through 2:40 a.m. the following day, according to one analysis. A typical supercell lasts about two hours. A long-lived supercell may last for four hours or more.

128 miles per hour
The speed of rotation
How fast a supercell is spinning or its rotational velocity can be measured by radar. The rotational speed peaked at 128 mph after the supercell passed through Mayfield on Friday, indicative of an exceptionally intense tornado. The storm rotated at an average of 94 mph for four hours. Only 1.5% of all tornadoes spin so fast, according to Evan Bentley, a meteorologist at the National Weather Service Storm Prediction Center.

A framed photo of Martha Thomas lies among the debris of her destroyed home in the aftermath of tornadoes Monday in Mayfield, Ky. The state was the hardest hit by the storms. GERALD HERBERT/ASSOCIATED PRESS

70 to 80
Degrees marking record warm temperatures in the zone ravaged by tornadoes
On Friday, scores of record high temperatures were set from Texas to Pennsylvania, including in the nine-state region where tornadoes erupted. Temperatures in many areas were 20 to 30 degrees above normal. Memphis soared to 79 degrees, breaking its previous record for Dec. 10 by four degrees.

69
Tornado reports received by the National Weather Service from Friday night to Saturday morning
The unusually powerful storm slammed into parts of the Midwest and Tennessee Valley on Friday and Saturday, with the National Weather Service receiving 69 tornado reports.

149
Tornado warnings issued over the course of 12 hours
The disaster spurred the most tornado warnings on record from noon to midnight for December. The event also ranks third for the most tornado warnings in winter, trailing major outbreaks in January 1999 and February 2008.

30,000 feet
The altitude that debris hurled by the storm reached in the air
The strongest of the tornadoes caved in roofs, crumbled walls and pulled up trees. All that debris had to go somewhere and, by some estimates, may have traveled more than 30,000 feet, or more than five and a half miles, into the air.

750,000
From Arkansas to New York, the total number of customers without power in the aftermath Saturday

500,000 gallons
The storage capacity of a water tower in Mayfield, Ky., destroyed by the tornado

Legal Notice

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works. Resident Class Members are defined as everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,600,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representative service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

What are my options? If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by **February 10, 2022**. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by **February 10, 2022**. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Fairness Hearing. The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

COVID toll nears 800K, closing death-filled year

BY HEATHER HOLLINGSWORTH
THE ASSOCIATED PRESS

MISSION, Kan. — Carolyn Burnett is bracing for her first Christmas without her son Chris, a beloved high school football coach whose outdoor memorial service drew a crowd of hundreds.

The unvaccinated 34-year-old father of four died in September as a result of COVID-19 after nearly two weeks on a ventilator, and his loss has left a gaping hole for his mother, widow and family as the holidays approach.

How, she thought, could they take a holiday photo without Chris? What would Christmas Day football be like without him offering up commentary? How could they play trivia games on Christmas Eve without him beating everyone with his movie expertise?

The U.S. is on the verge of yet another depressing pandemic milestone — 800,000 deaths. It's a sad coda to a year that held so much promise with the arrival of vaccines but is ending in heartbreak for the many grieving families trying to navigate the holiday season.

For its Christmas card photo, the Burnett family ultimately opted to hold up a football presented as a memorial by the Kansas City Chiefs to represent Chris. Carolyn Burnett also set up a special shelf for the holidays, filling it with a drawing of her son, his bronzed baby shoe, a candle, a poem and an ornament of Chiefs quarterback Patrick Mahomes.

But nothing feels quite right this year.

"These emotions come and go so quickly," she said. "You see something. You hear something. His favorite food. You hear the song. There's just all these little things. And then, bam."

The year began with the COVID-19 death toll at about 350,000 in the U.S., at a time when the country was in the throes of a winter surge so bad that patients were lined up in emergency room hallways waiting for beds.

But vaccines were just getting rolled out, and sports stadiums and fairgrounds were quickly transformed into mass vaccination sites. Case numbers began falling. By spring, nearly all schools had reopened and communities were shedding mask orders. TV newscasters began talking cheerfully about a post-pandemic world. President Joe Biden proclaimed the Fourth of July holiday as a celebration of the nation's freedom from the virus.

It didn't last long. Delta struck just as vaccination rates were stalling amid a wave of misinformation, devastating poorly immunized portions of the Midwest and South. Hospitals brought back mobile morgues and opened up their pocket books in a desperate bid to attract enough nurses to care for the sick.

"People have no idea," said Debbie Eaves, a lab worker, who grew weary of the wave of death as she collected swabs from patients at Oakdale Community Hospital in Louisiana amid the surge. "Oh, no. They have no idea what it is to look and see, to see it."

In Kansas, Carolyn Burnett begged her son, who went by the nickname Coach Cheese because of his love of cheeseburgers, to get vaccinated.

"He was a part of the group that ... just didn't trust it," she said, pausing and sighing. "They didn't want to be a guinea pig. They didn't want to be experimented on."

She thought maybe he was softening. When his dad got his first COVID-19 shot in August, Chris, a diabetic, told his mother he would discuss it with his doctor. But then one of Chris' children got infected at a family sleepover and soon everyone was sick.

She texted him, "Honey, God's got you." His last text to her said: "Mama, I feel him." He died Sept. 11.

Data: Omicron is milder, better at evading vaccines

BY ANDREW MELDRUM
THE ASSOCIATED PRESS

JOHANNESBURG — The omicron variant is offering more hints about what it may have in store as it spreads around the globe: A highly transmissible virus that may cause less severe disease, and one that can be slowed — but not stopped — by today's vaccines.

An analysis Tuesday of data from South Africa, where the new variant is driving a surge in infections, suggests the Pfizer vaccine offers less defense against infection from omicron and reduced, but still good, protection from hospitalization.

The findings are preliminary and have not been peer-reviewed — the gold standard in scientific research — but they line up with other early data about omicron's behavior, including that it seems to be more easily spread from person to person.

Still, some experts cautioned that it's too soon to draw conclusions since the variant is still quite new and hospitalizations can lag weeks behind infections.

When omicron reaches broader populations more useful information will emerge, said Dr. David Dowdy, an infectious disease epidemiologist at Johns Hopkins Bloomberg School of Public Health.

"To date, omicron has disproportionately infected young adults — people who probably have more social contacts and are more likely to attend large gatherings," Dowdy said. Young adults may be more likely to be sick without knowing it, have more intense exposures and experience milder disease, he said.

"At the end of the day, our society needs to learn how to wait, rather than either panicking or dismissing early findings," Dowdy said.

U.S. health officials estimate that a small, but growing proportion of new COVID-19 infections are due to omicron, and that the rise is particularly dramatic in some places.

Two weeks ago, omicron accounted for less than 0.5% of the coronaviruses that were genetically sequenced in the U.S. That rose to about 3% last week, the Centers for Disease Control and Prevention reported Tuesday.

But it varies from place to place, and is as high as 13% in the New York/New Jersey area, according to the agency.

The CDC is tracking how fast the percentage doubles, and as more cases come in, may be better able to predict whether — or when — the omicron variant becomes the dominant version of the coronavirus in the U.S, health officials say.

In Britain, omicron cases are doubling every two to three days. Health officials say the variant will replace delta as the dominant coronavirus strain within days.

In the new South Africa findings, people who received two doses of the Pfizer-BioNTech vaccine appeared to have just 33% protection against infection, compared to those who were unvaccinated, during the country's current omicron-fueled surge.

Legal Notice
229804

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works. Resident Class Members are defined as everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,600,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representative service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

What are my options? If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by **February 10, 2022**. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by **February 10, 2022**. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Fairness Hearing. The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

Want more information? For more information, go to www.WMELDrinkingWaterSettlement.com, or call 1-888-890-6713.

WASTE

From Page A1

Management.

"The long history of this litigation underscores the vigor with which counsel have represented the class members in all respects — including for settlement purposes," according to Ashford's motion. "Counsel for plaintiffs invested large amounts of their time and money and litigated this case skillfully against well-funded, large corporations that were represented by elite defense counsel, who presented sustained and spirited defenses on their clients' behalf."

The class-action settlement is separate from a $98.4 million settlement recently approved by the city of Decatur, Morgan County and Decatur Utilities.

The class that Ashford is seeking to certify is broad. It includes everyone who owned or leased property, owned a business, or participated in recreational activities since 2003 in Morgan, Lawrence, Limestone, Lauderdale, Franklin and Colbert counties, which have a combined population of about 440,000.

Except for a subclass of about 100 farmers who received contaminated DU sludge as fertilizer on their fields until 2009 and would share in $5 million, no class members would receive any money.

If Thompson approves the class certification and settlement, class members can take steps to opt out of the class. If they don't opt out, they lose any PFAS-related property claims they have against the defendants: 3M, Daikin America, Dyneon, Tonay Fluorofibers, Synquest, BFI, the city of Decatur and Morgan County.

That's a potential concern, as PFAS waste has been found in numerous spots over the last decade, some of it in the last year. A Lawrence County landowner in 2016, for example, discovered 3M waste on his residential property only because TVA uncovered the deteriorating barrels when replacing a tower on the property. That landowner filed suit and settled with 3M, which paid a premium to buy the land. A similar result would not be possible for landowners who discover PFAS on their property if they fail to opt out of the class settlement.

Ashford acknowledges that anyone who fails to opt out of the class action and then discovers 3M waste on their property would have no legal remedy against the company.

"Suppose that John Doe sometime in the future finds barrels of waste that some contractor carried off of the plant site and buried, which is conceivable. That claim is essentially barred by the settlement," Ashford said last month.

He said he wants anyone who has reason to believe their property might contain PFAS waste to opt out of the class settlement.

"I think the short answer is that we are hoping — and hope is not a strategy — but we are hoping that to the extent we have gotten word out, that we are encouraging anybody who believes that they have contamination to get a lawyer and to opt out if that is what they choose to do," Ashford said. "We're going to put a notice out to every single landowner. So I think that notice will essentially, if you thought it was a valid claim, let's address it. That's what we want. We are not trying to trap or trick anybody."

Claims for bodily injury related to PFAS exposure are not barred by the settlement.

Defending settlement

Ashford's proposed settlement — and the $51 million fee — has some obstacles.

He has to demonstrate that his settlement proposal, even though it provides cash to him but not most class members, is "fair, reasonable and adequate." In making the case that his settlement produces significant results, however, his 89-page motion combines the remedies included in his proposed agreement with three other settlements.

• The first is 3M's settlement with ADEM last year. Many of the requirements in the proposed St. John settlement track those already imposed on 3M in 2020. Ashford, who in an affidavit advised the court that his firm has paid about $1 million in fees for PFAS experts during the course of the litigation, said those experts were instrumental in the ADEM consent order.

"Much of 3M's consent order with ADEM contains suggestions created by the St. John plaintiffs' retained experts," according to Ashford's motion.

Ashford, who grew up in Athens, said that over the last 19 years his firm has discovered numerous PFAS-contaminated dumps, and that 3M has taken steps to evaluate and remediate all of them. The company's voluntary actions to remediate the sites became mandatory under the ADEM consent order.

• The second settlement cited by the motion involves the $98.4 million agreement reached with the defendants last month by Decatur, Morgan County and Decatur Utilities. It includes money for community development, recreation, remediation and sludge disposal.

• The third proposed settlement linked to the St. John agreement is between the defendants and Tennessee Riverkeeper. Unlike the ADEM consent order and the $98.4 million agreement with the governmental entities, however, neither the St. John nor Riverkeeper settlement can be finalized unless both are.

David Whiteside, founder and executive director of Tennessee Riverkeeper, said the defendants insisted on this.

"From the outset of the mediation, the defendants made it clear that they would only settle with Tennessee Riverkeeper if they could also settle the St. John case, since both lawsuits had the same aim of eliminating the environmental harm that PFAS causes to the Tennessee River," Whiteside said. "Accordingly, our settlement will only be effective if the St. John settlement is approved."

While the St. John and Riverkeeper settlements overlap with the ADEM consent order, they also provide some additional remedies. This is in part because the ADEM order applies only to 3M, while the St. John and Riverkeeper settlements also apply to the other defendants.

Daikin, for example, agrees in the settlement to pay up to $4 million to clean up Moulton's wastewater treatment plant, which was contaminated by PFAS contained in leachate it received. BFI agrees in the settlement to take various steps to evaluate and remediate its Morris Farm landfill in Hillsboro, which received PFAS-contaminated waste.

The St. John and Riverkeeper settlements also would require the defendants to contribute money in the future toward the hiring of independent experts to evaluate and monitor the defendants' remediation efforts.

Pay for cleanup or attorneys?

While the proposed class-action agreement specifies that Ashford's Birmingham-based firm would receive $51 million in fees from the defendants, the court will not address whether the firm is entitled to that amount in deciding whether to grant preliminary approval of the settlement. If preliminary approval is granted, a fairness hearing will be scheduled at a later date to more carefully evaluate the fairness of the settlement to the class members, including the reasonableness of the attorney fees requested.

Assuming their case settles, Riverkeeper's lawyers will be paid under a federal environmental law based on the hours put into the case. Whiteside said he's frustrated that so much money in contingency fees is going to the St. John lawyers and the lawyers for Decatur, Morgan County and Decatur Utilities, who are receiving $7 million. That's money, he said, that could be invested in more extensive remediation efforts.

"It's unfortunate that some of the attorneys involved in the 3M lawsuit are going to be collecting such enormous amounts of money in contingency fees," Whiteside said. "Tennessee Riverkeeper's sole objective in this lawsuit is to force 3M and the other polluters to thoroughly clean up their PFAS pollution."

One of Ashford's arguments in favor of the proposed settlement is that Alabama law provides the class with few remedies even if the case goes to trial and is resolved in favor of the plaintiffs.

Under state law, a person whose property has been contaminated can only claim damages equal to the drop in the property's value caused by the pollution, but Ashford said in the motion that "extensive investigations failed to turn up any evidence of widespread diminution of real-property values in the six counties. ... The proposed settlement agreement gives the class almost everything that the class could have hoped to win, even if time-consuming and expensive litigation had ended in its favor."

The settlement, according to the motion, benefits the hundreds of thousands of class members.

"The settlement agreement is a win for the citizens of Morgan, Limestone, Franklin, Lawrence, Colbert and Lauderdale counties — and for the northern Alabama environment," according to Ashford's motion.

OFFENDER

From Page A1

Ross previously was charged in April 2020 with violating SORNA requirements by failing to register with Decatur police the previous month, failing to register a new telephone number and gaining "employment at Hands Home (for boys) on March 26, 2020," according to court records.

Fuller said Tuesday that she didn't think Ross' two arrests for alleged SORNA violations resulted from misunderstandings.

"I think he knows what the rules and regulations are and what the laws are," Fuller said.

She declined to identify the school where the basketball games were played but said the investigation is continuing into how long Ross had been serving as a referee.

Decatur attorney Paul Holland, who was appointed to represent Ross in the alleged 2020 SORNA violations, said Tuesday afternoon he was unaware of Ross' arrest this week and doesn't discuss pending litigation.

The 2020 case is scheduled for settlement July 28 or trial Aug. 15.

Morgan Commission Chairman Ray Long said the Morgan County Recreation Department performs background checks on its coaches but uses a contractor to supply basketball officials.

"We'll definitely be sure in the future that whoever we contract with knows who they're hiring," Long said.

Decatur police said no adult sex offender in the state can "accept or maintain employment or a volunteer position at any school or any business or organization that provides services primarily to children. Adult sex offenders are also not allowed to accept or maintain employment or a volunteer position within 2,000 feet of the property on which a school is located."

COVID-19

From Page A1

and is as high as 13% in the New York/New Jersey area, according to the agency.

The CDC is tracking how fast the percentage doubles, and as more cases come in, may be better able to predict whether — or when — the omicron variant becomes the dominant version of the coronavirus in the U.S, health officials say.

In Britain, omicron cases are doubling every two to three days. Health officials say the variant will replace delta as the dominant coronavirus strain within days.

In the new South Africa findings, people who received two doses of the Pfizer-BioNTech vaccine appeared to have just 33% protection against infection, compared to those who were unvaccinated, during the country's current omicron-fueled surge, but 70% protection against hospitalization. The analysis was conducted by Discovery Health, South Africa's largest private health insurer, and the South African Medical Research Council.

The study did not look at booster shots, which are not yet prevalent in South Africa but which data from elsewhere has indicated improves protection.

The Pfizer vaccine's 70% protection against hospital admission during the omicron surge compares to a 93% protection level seen in South Africa's delta-driven wave, according to the new analysis.

That's a big drop in vaccine protection from severe illness requiring hospitalization, said Dr. Eric Topol, head of the Scripps Research Translational Institute.

"What we don't know yet is whether the booster will restore that back to greater than 90% and for how long," Topol said.

The analysis in South Africa was based on examining more than 211,000 COVID-19 test results that date from Sept. 1 to Dec. 7 — 41% of which were for adults who had received two doses of the Pfizer vaccine, which is the most commonly used one in South Africa.

AFGHANISTAN

From Page A1

an Islamic State group suicide bomber killed 13 U.S. troops and 169 Afghans at a Kabul airport gate. U.S. forces believed that the car they were following was an imminent threat and decided to strike.

Since the strike, the Ahmadis had demanded that those responsible be punished and that they be relocated to the United States or a third country deemed safe for them.

On Monday, the Pentagon said that Defense Secretary Lloyd Austin had approved recommendations for improvements in strike operations from the generals who lead U.S. Central Command and Special Operations Command, based on the findings of an independent Pentagon review released last month.

But there were no recommendations for discipline made by the generals, according to John Kirby, chief Pentagon spokesman.

Kirby said the U.S. was still ready to pay financial compensation to the Ahmadis and potentially get them out of Afghanistan. Asked why it was taking so long, Kirby said the U.S. wanted it done as safely as possible.

For the Ahmadis, every day they remain in Kabul puts them at risk. Rumor on the street has it that the U.S. has already paid them and criminals are eager to get their hands on the money, said Emal Ahmadi. His 3-year-old daughter Malika was killed in the strike.

They are also getting phone threats, added Emal, the youngest of the brothers. The callers threaten to kill them if they don't give them money.

"People are always asking us how much money we got," Emal added. As for the U.S. promises to evacuate the family, "we are waiting. We have heard nothing. ... The longer it takes, the more dangerous it is for us."

For Romal Ahmadi, whose three children aged 2-7 years were killed in the strike, the days are a blur of depression and pain. "I feel only pain," he said. He wants the U.S. troops behind the strike punished.

"But America is a superpower," Romal said. "We are powerless to do anything, so we leave it to God to punish them."

At the time of the strike, the U.S. was working to evacuate thousands of Americans, Afghans and other allies in the wake of the Afghan government's collapse.

For weeks after and despite mounting evidence that the U.S. had wrongly killed the 10 Ahmadis, the Pentagon maintained it had taken out a potential Islamic State operative. It wasn't until mid-September that U.S. Marine Gen. Frank McKenzie, head of U.S. Central Command, called the strike a "tragic mistake" and said that innocent civilians were indeed killed in the attack.

The Pentagon review subsequently found there were breakdowns in communication in the process of identifying and confirming the target of the bombing.

"My children are all gone. No one can bring them back," Romal said.

Legal Notice 450410-1

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be part of a class action settlement.

A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants") in a class action lawsuit about whether they polluted drinking water by discharging certain per- and polyfluoroalkyl substances into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

Who is included? The settlement includes two groups of people referred to as Ratepayer and Resident Class Members. Ratepayer Class Members are defined as everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013, and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013, and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works. Resident Class Members are defined as everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

What does the settlement provide? Defendants will create a $12,000,000 settlement fund. $7,415,000 of the fund will be paid to Class Members, as follows: $6,415,000 of the fund will be used to make payments to Ratepayer Class Members, and $1,000,000 of the fund will be used to make payments to Resident Class Members. Additionally, these amounts will be deducted from the $12,000,000 settlement fund: attorneys' fees ($3,600,000) and expenses ($900,000), and half of the costs of notice and administration. Class Representative service awards in a total amount of $20,000 potentially may be deducted, provided the Court approves such awards.

How do I get a payment? Ratepayer Class Members will automatically receive a payment of up to $745 per account. Resident Class Members must file a Claim Form by **April 15, 2022** to receive a $50-$100 payment. Claim Forms may be filed online or printed from www.WMELDrinkingWaterSettlement.com.

What are my options? If you are included in the settlement and do nothing, your rights will be affected and, if you are a Resident Class Member, you won't get a payment. If you don't want to be legally bound by the settlement, you must exclude yourself from it by **February 10, 2022**. Unless you exclude yourself, you won't be able to sue or continue to sue the Defendants for any claim made in this lawsuit or released by the Class Settlement Agreement. If you don't exclude yourself, you may object to the settlement or ask for permission for you or your lawyer to speak at the hearing at your own cost. Objections and requests to appear are due by **February 10, 2022**. Complete information is available at www.WMELDrinkingWaterSettlement.com.

The Fairness Hearing. The Court will hold a Fairness Hearing in this case (*Lindsey v. 3M Company*, No. 5:15-cv-01750) on March 15, 2022 to decide whether to approve the settlement, attorneys' fees and expenses, and service awards.

Want more information? For more information, go to www.WMELDrinkingWaterSettlement.com, or call 1-888-890-6713.

Exhibit D

UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ALABAMA

If you paid for or received drinking water that originated from West Morgan-East Lawrence Water and Sewer Authority, you may be eligible for a payment from a class action settlement.

A federal court authorized this Notice. It is not a solicitation from a lawyer.

- A settlement has been reached with 3M Company, Dyneon, LLC, and Daikin America, Inc. ("Defendants" or "3M" or "DAI") in a class action lawsuit about whether they contaminated the drinking water source for customers of West Morgan-East Lawrence Water and Sewer Authority ("WMEL" or "the Authority"), Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, and Trinity Water Works.
- You may be included in this settlement if you were a residential-coded customer of WMEL, Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, or Trinity Water Works **or** you currently reside in Alabama, Georgia, or Tennessee, and you owned or resided in a residential housing unit that received water originating with WMEL or provided by WMEL, Town Creek Water System, West Lawrence Water Cooperative, V.A.W. Water System, or Trinity Water Works.
- Your rights are affected whether you act or don't act. Read this Notice carefully.

YOUR LEGAL RIGHTS AND OPTIONS IN THIS SETTLEMENT	
SUBMIT A CLAIM FORM **DEADLINE: APRIL 15, 2022**	This is the only way you can receive a payment if you are a Resident Subclass Member as defined in Question 5 below. Ratepayer Subclass Members (also defined in Question 5) will automatically receive a payment.
ASK TO BE EXCLUDED **DEADLINE: FEBRUARY 10, 2022**	This is the only option that allows you to sue, continue to sue, or be part of another lawsuit against any of the Defendants related to the legal claims this settlement resolves. However, you will give up the right to get a payment from this settlement.
OBJECT TO THE SETTLEMENT **DEADLINE: FEBRUARY 10, 2022**	If you do not exclude yourself from the settlement, you may object to it by writing to the Court about why you don't like the settlement. If you object, you may also receive or file a claim for a payment.
GO TO A HEARING ON MARCH 15, 2022	You may object to the settlement and ask the Court for permission to speak at the Fairness Hearing about your objection.
DO NOTHING	If you do nothing, you will give up the right to sue, continue to sue, or be part of another lawsuit against the Defendants about the legal claims resolved by this settlement. If you are a "Ratepayer Subclass Member" as defined in Question 5 below, you will automatically receive a payment if the settlement is approved and becomes final.

- These rights and options—**and the deadlines to exercise them**—are explained in this Notice.
- The Court in charge of this case still has to decide whether to approve the settlement.

GETTING MORE INFORMATION ..... PAGE 8
26. How do I get more information?

BASIC INFORMATION

1. Why was this Notice issued?

A court authorized this Notice because you have a right to know about the proposed settlement of this class action lawsuit and about all of your options before the Court decides whether to grant final approval to the settlement. This Notice explains the lawsuit, the settlement, your legal rights, what benefits are available, and who can get them.

The Honorable Abdul K. Kallon of the United States District Court for the Northern District of Alabama is overseeing this class action. The case is known as *Lindsey v. 3M Company*, Case No. 5:15-cv-01750 (the "Litigation"). The people that filed this lawsuit are called the "Plaintiffs" and the companies they sued, 3M Company, Dyneon, LLC, and Daikin America, Inc., are called the "Defendants."

2. What is this lawsuit about?

The Plaintiffs allege that the Defendants polluted their drinking water source by discharging certain per- and polyfluoroalkyl substances ("PFAS"), including perfluorooctanoic acid ("PFOA") and perfluorooctanesulfonate ("PFOS") into the Tennessee River. The Defendants deny all of the claims made in the lawsuit.

3. What is a class action?

In a class action, one or more people called "Class Representatives" (in this case, Tommy Lindsey, Lanette Lindsey, Larry Watkins, and Venetia Watkins) sue on behalf of other people with similar claims. Together, the people included in the class action are called a "Class" or "Class Members." One court resolves the issues for all Class Members, except for those who exclude themselves from the Class.

4. Why is there a settlement?

The Court did not decide in favor of the Plaintiffs or Defendants. Instead, the Plaintiffs and Defendants agreed to a settlement. This way, they avoid the cost and burden of a trial, and the people affected can get benefits. The Class Representatives and their attorneys think the settlement is best for all Class Members.

WHO IS INCLUDED IN THE SETTLEMENT

5. How do I know whether I am part of the settlement?

The settlement includes two "Subclasses" as defined below.

1. **Ratepayer Subclass Members:** everyone who (a) was a residential-coded customer of the Authority or of the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works at any time between October 5, 2013 and September 29, 2016, and (b) made any payment for water originating with the Authority—whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Work—on or between (i) November 1, 2013 and October 31, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (ii) November 1, 2013 and June 30, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works; and

2. **Resident Subclass Members:** everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months (a) between October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013 and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's

wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

Persons defined by (1) above are "Ratepayer Subclass Members," and Persons defined by (2) above are "Resident Subclass Members." Persons who are Ratepayer Subclass Members are excluded as Resident Subclass Members, except that when two persons are named as the ratepayer for the same account, one of those two persons (but not both) is eligible to be a Resident Subclass Member, provided he or she satisfies the Resident Subclass Member definition. Members of the Resident Subclass shall not be paid for more than one claim in the settlement.

If you are not certain about your status, you can submit a claim and the Settlement Administrator will make the correct decision on your subclass status.

6. Are there exceptions to being included?

Yes. The settlement does not include any employees of the Defendants, any entities in which the Defendants have a controlling interest, any of the legal representatives, heirs, successors, or assigns of Defendants, the Judge assigned to this case or any member of the Judge's immediate family, any other judicial officer assigned to this case, all persons or entities that properly execute and timely file a request for exclusion from the Class, and any attorneys representing the Class Representatives or Members of the proposed Class.

THE SETTLEMENT BENEFITS—WHAT YOU GET IF YOU QUALIFY

7. What does the settlement provide?

3M has agreed to pay $11,100,000, as well as half of the costs of settlement notice and administration to settle the Litigation. DAI has agreed to pay $900,000 to settle the Litigation. These monies will be used to create a $12,000,000 Total Settlement Amount. After deducting attorneys' fees and expenses, the Class Representatives' service awards, and half of the costs of notice and administration, approximately $6,415,000 of the fund will be used to make payments to Ratepayer Subclass Members, and approximately $1,000,000 of the fund will be used to make payments to Resident Subclass Members who submit valid Claim Forms.

8. I am a Ratepayer Subclass Member. How much will my payment be?

A total of $6,415,000 has been allocated to make payments to Ratepayer Subclass Members. The majority of Ratepayer Subclass Members will receive a *pro rata* (proportional) share of $6,375,000. Payments will be calculated as a percentage of total payments made for all Ratepayer Subclass Members accounts. This percentage will then be multiplied by the primary award amount to determine each account's share of the $6,375,000. The maximum payment a Ratepayer Subclass Member will receive is $745 (per account).

A small number of Ratepayer Subclass Members will receive a minimum payment of $50 because their accounts were short-lived or did not result in many charges. There are approximately 800 Ratepayer Subclass Members that fall within this category and will share from approximately $40,000 of the total award allocated to Ratepayer Subclass Members.

9. I am a Resident Subclass Member. How much will my payment be?

A total of $1,000,000 has been allocated to make payments to Resident Subclass Members. Resident Subclass Members are expected to receive a payment between $50 and $100. Actual payment amounts will be calculated and distributed *pro rata* (proportional) based on the total number of Resident Subclass Members who submit a valid Claim Form. If too few claims are made and money remains after making $100 payments to all Resident Subclass Members who submit a valid Claim Form, the excess will be re-allocated to the Ratepayer Subclass Members whose payments from the settlement are not capped and are not minimum payments.

HOW TO GET A SETTLEMENT PAYMENT—SUBMITTING A CLAIM FORM

10. How do I get a payment from the settlement?

If you are a Ratepayer Subclass Member, you do not need to do anything to receive a settlement payment. You will automatically be mailed a check if and when the settlement is approved and becomes final.

If you are a Resident Subclass Member, you must complete and submit a Claim Form by **April 15, 2022**. Claim Forms may be submitted online at www.WMELDrinkingWaterSettlement.com or printed from the website and mailed to the Settlement Administrator at the address on the form. Claim Forms are also available by calling 1-888-890-6713 or by writing to the Settlement Administrator, *Lindsey v. 3M Company* Settlement Administrator, P.O. Box 43502, Providence, RI 02940-3502.

11. When would I get my settlement payment?

The Court will hold a hearing on March 15, 2022 to decide whether to grant final approval to the settlement. If the Court approves the settlement, there may be appeals. It is always uncertain whether appeals will be filed and, if so, how long it will take to resolve them. Settlement payments will be distributed as soon as possible, if and when the Court grants final approval to the settlement and after any appeals are resolved.

12. What rights am I giving up to get a payment and stay in the Ratepayer and/or Resident Subclass?

Unless you exclude yourself, you are staying in the Ratepayer and/or Resident Subclass. If the settlement is approved and becomes final, all of the Court's orders will apply to you and legally bind you. You won't be able to sue, continue to sue, or be part of any other lawsuit against any of the Defendants or the Released Parties (*see* next question) about the legal issues resolved by this settlement. The rights you are giving up are called "Released Claims."

13. What are the Released Claims?

If and when the settlement becomes final, Class Members will release and forever discharge 3M, DAI, the Authority, and, to the extent they supplied water originating with the Authority during the Class Period, the Authority's wholesale customers (namely, the V.A.W. Water System, the Trinity Water Works, the Town Creek Water System, and the West Lawrence Water Cooperative) and their respective current and former directors, officers, shareholders, agents, attorneys, representatives, employees, affiliates, subsidiaries, parents, insurers, trustees, and counsel, and their predecessors, successors, and assigns (the "Released Parties") from any and all claims, losses, damages, attorneys' fees, costs, expenses and other remedies, whether asserted or not, accrued or not, known or unknown, that arise out of or relate in any way to the presence of or exposure to PFAS contained in water provided directly or indirectly by the Authority. This release includes all claims alleged in the Complaint, including without limitation claims for battery, property damage, and mental anguish damages, but is not intended to include, and specifically excludes, the release of any claims, losses, damages, attorneys' fees, costs, expenses, or other remedies related to (a) claims for manifest bodily injuries or illnesses and any mental anguish resulting from such manifest injuries or illnesses, or (b) property damage claims arising out of or related to the application of PFAS-containing biosolids on property owned by a Class Member. Subject to the limitations in the preceding sentence, the Parties intend the Released Claims to include all claims, including those for future harms, arising out of any contamination by PFAS of water provided by the Authority, provided, however, that the Parties do not intend the Released Claims to include claims for future harms caused by PFAS amounts in drinking water provided to Class Members by the Authority that exceed applicable federal or Alabama regulatory limits that the Authority's reverse osmosis treatment system is not designed to remove to below those limits. Released Parties agree to waive any defenses based on "claim splitting" or related doctrines that might otherwise apply if the Releasing Parties seek to assert claims excluded from the release.

More details about the claims you will be releasing are described in Section 12 of the Class Settlement Agreement, available at www.WMELDrinkingWaterSettlement.com.

THE LAWYERS REPRESENTING YOU

14. Do I have a lawyer in this case?

Yes. Judge Kallon appointed the law firms of Heninger Garrison Davis, LLC and The Hannon Law Firm, LLC to represent you and other Class Members as "Class Counsel." These law firms and their lawyers are experienced in handling similar cases. You will not be charged for these lawyers. If you want to be represented by your own lawyer, you may hire one at your own expense.

15. How will the lawyers be paid?

Class Counsel will ask the Court for an award of attorneys' fees of $3,600,000 of the Common Fund, plus $900,000 in expenses. They will also ask the Court to approve a $5,000 service award to be paid to each of the four Class Representatives ($20,000 total). The Court may award less than these amounts. If approved, these fees, expenses, and awards will be paid from the Total Settlement Amount before making payments to Class Members.

EXCLUDING YOURSELF FROM THE SETTLEMENT

If you want to keep the right to sue or continue to sue the Defendants or the Released Parties about the legal claims in this case, and you do not want to receive a payment from this settlement, you must take steps to get out of the settlement. This is called excluding yourself from or opting out of the settlement.

16. How do I get out of the settlement?

To exclude yourself from the settlement, you must submit an Opt-Out Form or file a written request for exclusion. Opt-Out Forms are available online at www.WMELDrinkingWaterSettlement.com. Your request for exclusion must include: (1) your name; (2) your address; (3) your telephone number; (4) a statement indicating whether you are a Ratepayer Subclass Member or a Resident Subclass Member, including the address where you received water and the period of time during which you received water at that address; (5) a statement indicating that you wish to be excluded from the settlement in *Lindsey v. 3M Company*, Case No. 5:15-cv-01750; and (6) your signature and the signature of a witness to your signature. Your Opt-Out Form or request for exclusion must be mailed to the Settlement Administrator at the address below so it is postmarked no later than February 10, 2022, which is ninety (90) days after entry of the Preliminary Approval Order.

Lindsey v. 3M Company Settlement Administrator
P.O. Box 43502
Providence, RI 02940-3502

17. If I exclude myself, can I still get a payment from this settlement?

No. If you exclude yourself, you are telling the Court that you don't want to be part of the settlement. You can get a payment only if you stay in the settlement and, if you are a Resident Subclass Member, submit a valid Claim Form.

18. If I do not exclude myself, can I sue the Defendants for the same legal claims later?

No. Unless you exclude yourself, you are giving up the right to sue the Defendants and the Released Parties for the claims that this settlement resolves. You must exclude yourself from *this* Litigation to start or continue with your own lawsuit or be part of any other lawsuit against the Defendants or any of the Released Parties.

OBJECTING TO THE SETTLEMENT

You can tell the Court if you don't agree with the settlement or any part of it.

19. How do I tell the Court that I do not like the settlement?

If you are a Class Member, you can object to the settlement if you do not like it or a portion of it. You can give reasons why you think the Court should not approve it. The Court will consider your views. Your objection must include: (1) your name, address, and telephone number; (2) a statement indicating whether you are a Ratepayer Subclass Member or a Resident Subclass Member, including the address where you received water and the period of time during which you received water at that address; (3) the reasons for your objection; (4) the factual basis for your objection and copies of any documents that support your objection; and (5) your signature and the signature of a witness to your signature.

Your written objection must be electronically filed with the Court no later than February 10, 2022, which is ninety (90) days after entry of the Preliminary Approval Order. Any notice of appearance must be filed in the same manner and within the same amount of time. If such objections/notices are not electronically filed, they must be timely filed no later than February 10, 2022, which is ninety (90) days after entry of the Preliminary Approval Order, by mailing them (first-class postage pre-paid, correctly addressed, postmarked by the deadline) to the Clerk of the Court, Class Counsel, 3M's Counsel, and DAI's Counsel at the addresses below:

Court
Sharon Harris, Clerk of the Court United States District Court for the Northern District of Alabama Hugo L. Black United States Courthouse 1729 5th Avenue North Birmingham, AL 35203

Class Counsel	3M's Counsel	DAI's Counsel
Timothy C. Davis Heninger Garrison Davis, LLC 2224 1st Avenue North Birmingham, AL 35203	M. Christian King Lightfoot, Franklin & White L.L.C. The Clark Building 400 20th Street North Birmingham, AL 35203	Steven F. Casey Jones Walker LLP Suite 1100 420 20th Street North Birmingham, AL 35203

20. May I come to Court to speak about my objection?

Yes. You or your attorney may speak at the Fairness Hearing about your objection. To do so, you must include a statement in your objection indicating that you or your attorney intend to appear at the Fairness Hearing.

21. What is the difference between objecting to the settlement and asking to be excluded from it?

Objecting is simply telling the Court that you don't like something about the settlement. You can object only if you remain in the Ratepayer and/or Resident Subclass (that is, do not exclude yourself). Excluding yourself is telling the Court that you don't want to be part of the settlement. If you exclude yourself, you cannot object because the settlement no longer affects you.

THE COURT'S FAIRNESS HEARING

The Court will hold a hearing to decide whether to approve the settlement. You may attend and you may ask to speak, but you don't have to.

22. When and where will the Court decide whether to approve the settlement?

The Court will hold a Fairness Hearing at 9:00 a.m. on March 15, 2022 at the Seybourn H. Lynne U.S. Courthouse & Post Office, 400 Well Street, Decatur, AL 35601. At this hearing, the Court will consider whether the settlement is fair, reasonable, and adequate. It will also consider whether to approve Class Counsel's request for an award of attorneys' fees and costs, as well as the Class Representatives' service awards. If there are objections, the Court will consider them. Judge Kallon will listen to people who have asked to speak at the hearing (*see* Question 20 above). After the hearing, the Court will decide whether to approve the settlement.

23. Do I have to come to the hearing?

No. Class Counsel will answer any questions Judge Kallon may have. However, you are welcome to come to the hearing at your own expense. If you send an objection, you do not have to come to court to talk about it. As long as you mailed your written objection on time, the Court will consider it. You may also pay your own lawyer to attend, but it is not necessary.

24. May I speak at the hearing?

Yes. You may ask the Court for permission to speak at the Fairness Hearing (*see* Question 20 above).

IF YOU DO NOTHING

25. What happens if I do nothing at all?

If you are a Class Member and you do nothing, you will give up the rights explained in Question 12, including your right to start a lawsuit, continue with a lawsuit, or be part of any other lawsuit against the Defendants and the Released Parties about the legal issues resolved by this settlement. If you are a Resident Subclass Member and do not submit a Claim, you will not receive a payment from the settlement.

GETTING MORE INFORMATION

26. How do I get more information?

This Notice summarizes the proposed settlement. Complete details are provided in the Class Settlement Agreement. The Class Settlement Agreement and other related documents are available at www.WMELDrinkingWaterSettlement.com. Additional information is also available by calling 1-888-890-6713 or by writing to *Lindsey v. 3M Company* Settlement Administrator, P.O. Box 43502, Providence, RI 02940-3502. Publicly-filed documents can also be obtained by visiting the office of the Clerk of the United States District Court for the Northern District of Alabama or reviewing the Court's online docket.

3. Name of Ratepayer Class Member you and/or minor child(ren) resided with during the Class Period.

First Name M.I. Last Name

FOR CLAIMS PROCESSING ONLY	OB	CB	DOC LC REV	RED A B

4. Minor Child(ren) Information: Complete this section only if you are claiming a payment on behalf of one or more minor children and you are that child's parent/legal guardian.

Child 1 First Name | M.I. | Last Name

DOB (MM/DD/YYYY) / / | Date Child1 resided with you at this address (MM/YY - MM/YY) / / - / /

Child 2 First Name | M.I. | Last Name

DOB (MM/DD/YYYY) / / | Date Child2 resided with you at this address (MM/YY - MM/YY) / / - / /

Child 3 First Name | M.I. | Last Name

DOB (MM/DD/YYYY) / / | Date Child3 resided with you at this address (MM/YY - MM/YY) / / - / /

Child 4 First Name | M.I. | Last Name

DOB (MM/DD/YYYY) / / | Date Child4 resided with you at this address (MM/YY - MM/YY) / / - / /

5. Name of Utility Company that you received water from during that time period.

- ○ Authority (WMEL aka West Morgan-East Lawrence Water and Sewer Authority)
- ○ Town Creek Water System
- ○ Trinity Water Works
- ○ V.A.W. Water System
- ○ West Lawrence Water Cooperative

6. Confirmation (fill in the appropriate circle or circles)

○ By filling in this circle, I confirm that I am a Resident Subclass Member (defined as: everyone who currently resides in Alabama, Georgia, or Tennessee, and for at least six months between (a) October 5, 2013 and September 29, 2016, in the cases of the residential-coded customers of the Authority, the Town Creek Water System, and the West Lawrence Water Cooperative (Route 20 only), or (b) between October 5, 2013, and May 31, 2016, in the cases of residential-coded customers of the V.A.W. Water System (Routes 08 through 19 only) and the Trinity Water Works, owned or resided in a residential housing unit that received water originating with the Authority, whether such water was provided directly by the Authority or through one of the Authority's wholesale customers, namely, the Town Creek Water System, the West Lawrence Water Cooperative (Route 20 residential customers only), the V.A.W. Water System (residential customers on Routes 08 through 19 only), or the Trinity Water Works.

○ By filling in this circle, I confirm that I am a parent/legal guardian of the Resident Subclass Member(s) listed in Section 4.

7. Signature. I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct to the best of my knowledge. I understand that the punishment for perjury varies by state, but perjury is a felony and carries a possible prison sentence of at least one year, plus fines and probation.

Case No. 5:15-cv-01750

Must Be Postmarked
By February 10, 2022

Opt-Out Form

Complete and mail this form if you want to be excluded from the settlement in *Lindsey v. 3M Company*, Case No. 5:15-cv-01750, and thereby keep your right to sue or continue to sue the Defendants or the Released Parties about the legal claims made in this case and released by the Class Settlement Agreement. By completing and mailing this form, you will be excluded from this settlement and will give up your right to receive a payment from the settlement.

1. Class Member Information:

First Name M.I. Last Name

Primary Address

Primary Address Continued

City State ZIP Code

- -
Telephone Number

2. Fill in the appropriate circle below (fill in only one circle):

- ○ I am a Ratepayer Subclass Member.
- ○ I am a Resident Subclass Member.

FOR CLAIMS PROCESSING ONLY	OB	CB	○ DOC ○ LC ○ REV	○ RED ○ A ○ B

3. Indicate below the address where you received water subject to the settlement, if different from the address you have given above (under 1. Class Member Information):

Primary Address

Primary Address Continued

City State ZIP Code

4. Indicate the period of time you received water at the address above.

MM / YYYY - MM / YYYY

5. Acknowledgment & Signature

○ I acknowledge that I wish to be excluded from the settlement in *Lindsey v. 3M Company*, Case No. 5:15-cv-01750.

Signature: _____ Date (mm/dd/yyyy): _____

Print Name: _____

Witness Signature: _____ Date (mm/dd/yyyy): _____

Print Name: _____

6. Mail this Opt-Out Form postmarked by **February 10, 2022** to *Lindsey v. 3M Company* Settlement Administrator, P.O. Box 43502, Providence, RI 02940-3502.

DECLARATION OF DONNA GOSSETT

1. My name is Donna Gossett. I have worked for VAW Water System ("VAW") for about 10 years and have been office manager most of that time. I am over twenty-one years of age and make this declaration based both on my own personal knowledge and a review of business records kept by VAW.

2. VAW has approximately 5,500 ratepaying water customers. VAW currently obtains water from two sources, the City of Cullman and West Morgan East Lawrence Water & Sewer Authority ("WMEL"). VAW's water system is a split system so that the water it obtains from WMEL is not blended with water it obtains from Cullman. Approximately 55-60% of VAW's customers generally receive water obtained from WMEL, and the rest receive water obtained from the City of Cullman. The VAW customers that typically received water from WMEL are located on Routes 08 through 19.

3. After WMEL said to not drink its water in May 2016, VAW switched to obtaining 100% of its water from the City of Cullman for a period of time.

4. There are times when customers on Routes 08 through 19 received water from the City of Cullman instead of from WMEL. This is rare and only occurs when there is a leak in the system or another problem that results in low pressure. Such problems occur maybe 1-2 times per year and are very short in duration. For that reason, I am confident the customers on Routes 08 through 19 received 100%

WMEL water with very brief exceptions for the time period between October 2013 and May 2016.

I declare under penalty of the perjury laws of the United States of America that the foregoing is true and correct pursuant to 28 U.S.C. § 1746.

Date: February 5, 2021

DECLARATION OF VAUGHN GOODWIN

1. My name is Vaughn Goodwin. I am the mayor of Trinity, Alabama and have been for 20 years. I am over twenty-one years of age and make this declaration based both on my own personal knowledge and a review of business records kept by Trinity.

2. Trinity has approximately 900 ratepaying water customers. Trinity currently obtains water from two sources, Decatur Utilities and West Morgan East Lawrence Water & Sewer Authority ("WMEL"). The majority of Trinity's customers presently receive water that Trinity obtains from Decatur Utilities. Trinity's water system is a split system so that the water it obtains from Decatur Utilities is not blended with water it obtains from WMEL. Approximately two-thirds of Trinity's customers receive water obtained from Decatur Utilities, and the rest receive water obtained from WMEL.

3. Before May 2016, Trinity obtained 100% of its water from WMEL. After WMEL said to not drink its water in May 2016, Trinity worked to switch to obtaining water from Decatur Utilities. The work necessary to switch to Decatur Utilities took 2-3 months. Trinity continued to obtain 100% of its water from WMEL from May 2016 until July or August 2016. In July or August 2016, Trinity switched to obtaining 100% of its water from Decatur Utilities. A few months after that, Trinity resumed obtaining some water from WMEL.

I declare under penalty of the perjury laws of the United States of America that the foregoing is true and correct pursuant to 28 U.S.C. § 1746.

Date: December 17, 2019

Vaughn Goodwin

AFFIDAVIT OF KEVIN MARTIN

Before me, the undersigned Notary Public in and for said county in said state, personally appeared Kevin Martin, who by me being first duly sworn, deposes and says as follows:

1. My name is Kevin Martin and I am a resident of Lawrence County, Alabama. I am over the age of nineteen years and voluntarily give this Affidavit. I swear and affirm that the testimony given in this Affidavit is true and correct to the best of my knowledge.

2. I am employed as General Manager of the West Lawrence Water Cooperative (WLW). I have been employed by WLW since 1986.

3. The co-op members we provide water to are identified in our records by route number. WLW's Route 20 co-op members are located in the north of our system, entirely separated from other parts of our system. We purchase the water we distribute to our Route 20 co-op members from the West Morgan-East Lawrence Water and Sewer Authority (WMELWSA). That has been true since at least 2009. WLW lacks pipes to connect the Route 20 co-members to any other part of our system. That has been true since at least 2009.

Further affiant sayeth not.

Kevin Martin
General Manager
West Lawrence Water Cooperative

STATE OF ALABAMA)
)
COUNTY OF LAWRENCE)

Subscribed and sworn to me by Kevin Martin on this 7th day of May, 2020.

Attorney General of the United States
and State Officials Identified in Appendix A

Re: Notice of Proposed Class Action Settlement: *Lindsey v. 3M Company*, No. 5:15-cv-01750 (N.D. Ala.)

Dear Sir/Madam:

We represent Defendants 3M Company (including its unincorporated unit Dyneon, f/k/a Dyneon L.L.C.), and Daikin America, Inc. in a putative class action lawsuit entitled *Lindsey, et al. v. 3M Company, et al.*, No. 5:15-cv-01750 (N.D. Ala.), pending in the U.S. District Court for the Northern District of Alabama. Pursuant to the settlement-notification provisions of the Class Action Fairness Act, codified at 28 U.S.C.§ 1715, Defendants hereby provide notice that a proposed class action settlement in the *Lindsey* case was filed with the Court on October 26, 2021. Defendants deny any liability, but have decided to settle the case to avoid the expense, inconvenience, and uncertainty of continued litigation. In accordance with their obligations under 28 U.S.C. § 1715(b), Defendants advise as follows and provide a thumbdrive containing the documents identified below.

1. **Section 1715(b)(1) — Complaint and Related Materials:** The complaint and amended complaints in *Lindsey* can be obtained on the Internet from the electronic docket sheet for *Lindsey* that can be accessed at https://ecf.alnd.uscourts.gov by navigating to the link for docket sheets and entering the case number for *Lindsey*. The complaint and amended complaints are located at docket numbers 1, 39, and 175.

2. **Section 1715(b)(2) — Notice of Any Scheduled Judicial Hearing:** The Court has scheduled a hearing to consider the motion for preliminary approval for 8:45 a.m. on November 10, 2021 by Zoom video conference call. Please note that other hearings might be scheduled but you will not receive any further notice, other than this document, regarding the scheduling of any of the hearings referenced in this paragraph.

3. **Section 1715(b)(3) — Notification to Class Members:** The enclosed thumbdrive contains (a) the proposed class notice plan; (b) the proposed long-form notice; (c) the proposed postcard notice; and (d) the publication notice, which are Exhibits 4, 5, 6, and 7 to Plaintiffs' Memorandum in Support of Motion for Preliminary Approval of Class Action Settlement (which is also enclosed with the related Plaintiffs' Motion for Preliminary Approval of Class Action Settlement).

4. **Section 1715(b)(4) — Class Action Settlement Agreement:** The enclosed thumbdrive contains the Class Settlement Agreement, which is Exhibit 1 to Plaintiffs'

Memorandum in Support of Motion for Preliminary Approval of Class Action Settlement.

5. **Section 1715(b)(5) — Contemporaneous Settlement or Other Agreements:** There are no contemporaneous settlement or other agreements between class counsel and counsel for Defendants.

6. **Section 1715(b)(6) — Final Judgment or Notice of Dismissal:** Final judgment has not yet been entered, and no notices of dismissal have been filed.

7. **Section 1715(b)(7) — Class Member Residences and Estimated Share of Claims:** The enclosed thumbdrive contains a spreadsheet listing the names and addresses of the 17,112 members of the Ratepayer Subclass. All Subclass members have service addresses in Alabama, and only 2% of Subclass members have mailing addresses outside Alabama. Based on that information and the fact that Defendants have no records indicating that any non-Alabama billing address is the exclusive residence of any Subclass member, Defendants estimate that all members of the Ratepayer Subclass are Alabama residents.

   At this time, it is not feasible to provide the names of members of the Resident Subclass, as Defendants have no records related to them, other than discovery regarding the two subclass representatives. The Resident Subclass is limited to current residents of Alabama, Georgia, and Tennessee, and Plaintiffs have estimated, based on available information, that there are approximately 26,000 members of the Resident Subclass. But Defendants have no records that allow a confident estimate of the proportion of Resident Subclass members who reside in each state. Still, it is fair to assume that the large majority of Resident Subclass members probably reside in Alabama because the Subclass definition requires that members resided in a relevant Alabama community for at least six months during a relevant period between 2013 and 2015.

8. **Section 1715(b)(8) — Judicial Opinions Related to Settlement:** The text-only order setting the hearing on the preliminary approval motion is available only by viewing the electronic docket sheet for *Lindsey* and is located at docket number 260. There are no other written judicial opinions related to the materials described in paragraphs 3 through 6.

If you have any questions about this notice, the lawsuit, or the enclosed materials, or, for any reason, believe that the notice does not fully comply with 28 U.S.C. § 1715, please contact counsel listed below
